I. INFORMATION ABOUT VOTING

Solicitation of Proxies. The Board of Directors ("Board") of Crown Castle International Corp. is soliciting proxies for use at our 2010 Annual Meeting of Stockholders ("Annual Meeting") and any adjournments or postponements of the Annual Meeting. The Annual Meeting will be held on May 18, 2010 at 9:00 a.m. Central Time at our principal executive offices located at 1220 Augusta Drive, Suite 500, Houston, Texas 77057. This proxy statement ("Proxy Statement"), the form of proxy and our Annual Report on Form 10-K for the year ended December 31, 2009 ("2009 Form 10-K") are being distributed or made available via the Internet to our stockholders on or about April 8, 2010.

Notice of Internet Availability of Proxy Materials. The Securities and Exchange Commission ("SEC") has adopted rules for the electronic distribution of proxy materials. We have elected to provide access to our proxy materials and 2009 Form 10-K on the Internet, instead of mailing the full set of printed proxy materials, which allows us to reduce costs associated with the Annual Meeting. On or about April 8, 2010, we mailed to most of our stockholders a Notice of Internet Availability of Proxy Materials ("Proxy Materials Notice") containing instructions on how to access our Proxy Statement and 2009 Form 10-K and how to submit a proxy online. If you received a Proxy Materials Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. Instead, the Proxy Materials Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and 2009 Form 10-K. The Proxy Materials Notice also instructs you on how you may submit your proxy over the Internet. If you received a Proxy Materials Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Proxy Materials Notice.

Agenda Items. The agenda for the Annual Meeting is to:

- elect three class III directors for a term of three years;
- ratify the appointment of KPMG LLP ("KPMG") as our independent registered public accountants for fiscal year 2010; and
- transact such other business as may properly come before the Annual Meeting.

Who can Vote. You can vote at the Annual Meeting if you are, on the Record Date, a holder of record of our common stock, par value of \$0.01 per share ("Common Stock"). The record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting is the close of business on March 19, 2010 ("Record Date"). Holders of Common Stock will have one vote for each share of Common Stock. As of the close of business on the Record Date, there were 291,927,899 shares of Common Stock outstanding.

A complete list of the stockholders entitled to vote at the meeting will be available for examination by any stockholder of record at our offices at 1220 Augusta Drive, Suite 500, Houston, Texas 77057 for a period of 10 days prior to the Annual Meeting. The list will also be available for examination by any stockholder of record present at the Annual Meeting.

How to Vote. You may vote your shares in any of the following ways:

- if you received a printed proxy card, mark, sign, date and return the proxy card (see instructions on the Proxy Materials Notice on how to request a printed proxy card);
- call the toll-free telephone number shown at the website address listed on your Proxy Materials Notice or on your proxy card;
- visit the website shown on your Proxy Materials Notice or the proxy card to submit a proxy via the Internet; or

[Table of Contents](#)

- in person at the Annual Meeting (if you are a beneficial owner whose shares are held in the name of a bank, broker or other nominee, you must obtain a legal proxy, executed in your favor, from the stockholder of record (that is, your bank, broker or nominee) to be able to vote at the Annual Meeting).

Have your Proxy Materials Notice or proxy card in front of you when submitting a proxy by telephone or the Internet; it contains important information that is required to access the system.

Use of Proxies. All proxies that have been properly submitted – whether by Internet, telephone or mail – and not revoked will be voted at the Annual Meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board. The Board recommends a vote **FOR** the election of the three director nominees named in this Proxy Statement (Proposal 1) and **FOR** the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for fiscal year 2010 (Proposal 2).

If any other matters are properly presented at the Annual Meeting for consideration and if you have submitted a proxy for your shares by Internet, telephone or mail, the persons named as proxies in the proxy card will have the discretion to vote on those matters for you. At the date we filed this Proxy Statement with the SEC, we do not know of any other matters to be raised at the Annual Meeting.

Revoking a Proxy. You may revoke your proxy at any time before it is exercised. You can revoke a proxy by:

- delivering a timely written notice of revocation to our Corporate Secretary, Crown Castle International Corp., 1220 Augusta Drive, Suite 500, Houston, Texas 77057;
- submitting a timely, later-dated proxy by Internet, telephone or mail (see instructions on your Proxy Materials Notice or proxy card); or
- attending the Annual Meeting and voting in person (see “—How to Vote” above and “—Annual Meeting Admission” below in this “I. Information About Voting” regarding voting at the meeting if your shares are held in the name of a bank, broker or other nominee).

The Quorum Requirement. A quorum of stockholders is needed to hold a valid Annual Meeting. A quorum will exist to hold a valid Annual Meeting if the holders of at least a majority in voting power of the outstanding shares of Common Stock entitled to vote at the Annual Meeting attend the Annual Meeting in person or are represented by proxy. Abstentions and broker non-votes are counted as present for the purpose of establishing a quorum.

Vote Required for Action. Directors are elected (Proposal 1) by a plurality vote of the holders of shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. The ratification of KPMG LLP as our independent registered public accountants for fiscal year 2010 (Proposal 2) requires the affirmative vote of the holders of a majority of the voting power represented by the shares of Common Stock present in person or represented by proxy at the annual meeting and entitled to vote on such matter. Generally, all other actions which may come before the Annual Meeting require the affirmative vote of the holders of a majority of the voting power represented by shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such matters.

With respect to Proposal 1, abstentions and broker non-votes have no effect on determinations of plurality. Abstentions have the same effect as votes against with respect to all proposals other than the election of directors.

You may attend the meeting if you are (1) a stockholder of record, (2) a legal proxy for a stockholder of record, or (3) a beneficial owner with evidence of ownership as of the Record Date (such as a letter from the bank, broker or other nominee through which you hold your shares confirming your ownership or a bank or brokerage firm account statement). If you are a stockholder of record who plans to attend the Annual Meeting, please mark the appropriate box on your proxy card (or note your intention to attend when prompted via Internet or telephone proxy submission). For all attendees, a valid picture identification must be presented in order to attend the meeting.

As noted above in “—How to Vote” of this section “I. Information About Voting,” if you are a beneficial owner and wish to vote at the Annual Meeting, you must obtain a legal proxy, executed in your favor, from the bank, broker or other nominee through which you hold your shares and present it at the Annual Meeting. II. PROPOSALS

1. The Election of Directors

We have three classes of directors of as nearly equal size as possible. The term for each class is three years. Class terms expire on a rolling basis, so that one class of directors is elected each year. The term for current class III directors (Edward C. Hutcheson, Jr., J. Landis Martin and W. Benjamin Moreland) expires at the Annual Meeting.

The nominees for class III directors this year are: Edward C. Hutcheson, Jr., J. Landis Martin and W. Benjamin Moreland.

Each nominee has consented to be nominated and has expressed his intention to serve if elected. The Board expects that each of the nominees for class III directors will be able and willing to serve as a director. If any nominee is not available, the proxies may be voted for another person nominated by the current Board to fill the vacancy, or the size of the Board may be reduced. Information about the nominees, the continuing directors and the Board is contained in the next section of this Proxy Statement (see "III. Board of Directors").

The Board of Directors recommends a vote FOR the election of Edward C. Hutcheson, Jr., J. Landis Martin and W. Benjamin Moreland as class III directors.

2. Ratification of Appointment of Independent Registered Public Accountants

The Audit Committee of the Board has appointed KPMG to continue to serve as our independent registered public accountants for fiscal year 2010. KPMG has served as our independent registered public accountants since 1995. In the event the stockholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee. Approval of the resolution will in no way limit the Audit Committee's authority to terminate or otherwise change the engagement of KPMG for fiscal year 2010.

We expect a representative of KPMG to attend the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires and also will be available to respond to appropriate questions.

In connection with the audit of our 2009 financial statements and internal control over financial reporting, we entered into an agreement with KPMG which sets forth the terms by which KPMG would perform audit services for us. That agreement is subject to alternative dispute resolution procedures, an exclusion of punitive damages and various other provisions.

We were billed for professional services provided with respect to fiscal years 2008 and 2009 by KPMG in the amounts set forth in the following table.

<u>Services Provided</u>	<u>2008</u>	<u>2009</u>
Audit Fees (a)	\$ 2,579,000	\$ 2,555,000
Audit-Related Fees (b)	58,000	45,000
Tax Fees (c)	8,500	—
All Other Fees (d)	—	—
Total	\$ 2,645,500	\$ 2,600,000

(a) Represents the aggregate fees billed for professional services rendered by KPMG for the audit of our annual financial statements, review of financial statements included in our quarterly reports on Form 10-Q, services related to the audit of internal control over financial reporting, and other services normally provided by KPMG in connection with statutory and regulatory filings or engagements.

(b) Represents the aggregate fees billed for assurance and related services by KPMG that are reasonably related to the performance of the audit or review of our financial statements not reported as "Audit Fees." Audit-related fees for 2008 and 2009 primarily relate to services in connection with audits of employee benefit plans.

(c) Represents the aggregate fees billed for professional services rendered by KPMG for tax compliance, tax advice and tax planning. Tax fees for 2008 consist of tax compliance, planning and preparation services of \$8,500. No professional services related to tax were rendered by KPMG in 2009.

(d) No products or services were provided to us by KPMG other than those reported as audit, audit-related or tax fees.

The Board of Directors recommends a vote FOR ratification of the appointment of KPMG as our independent registered public accountants for fiscal year 2010.

IV. INFORMATION ABOUT THE BOARD OF DIRECTORS

Board Leadership Structure

Since our initial public offering in 1998, the roles of Chairman of our Board and CEO have been served by two different persons at all times. Notwithstanding the foregoing, our Corporate Governance Guidelines provide that the Board does not maintain a firm policy with respect to the separation of the offices of Chairman and CEO. The Board believes that it is in the best interests of our stockholders for the Board to make a determination regarding the separation or combination of these roles each time it elects a new Chairman or CEO based on the relevant facts and circumstances applicable at such time.

Meetings

During 2009, the Board held eight meetings (five regularly scheduled and three special). Each incumbent director attended at least 75% of the aggregate of (1) the total number of meetings of the Board during the period which he or she was a director and (2) the total number of meetings of all Board committees ("Committees") on which he or she served during the period which he or she was a director.

Our Corporate Governance Guidelines provide that, while the Board understands that scheduling conflicts may arise resulting in absences, the Board strongly encourages each director to attend our annual meeting of stockholders. All 11 of the directors serving on the Board at the time of our 2009 annual meeting of stockholders held May 21, 2009 ("2009 Annual Meeting") attended the 2009 Annual Meeting.

The non-management members of the Board generally meet in executive session at each regularly scheduled meeting of the Board (typically five times per year). Our Corporate Governance Guidelines provide that if the Chairman of the Board is a non-management director, the Chairman of the Board shall preside at such executive sessions, and if the Chairman of the Board is a member of management, the non-management directors may elect a chairman to preside at such executive sessions.

Board Oversight of Risk

Management is responsible for assessing and managing our various exposures to risk on a day-to-day basis. Our Internal Audit department serves as the primary monitoring and testing function for company-wide policies and procedures, including policies and procedures regarding our risk management strategy. Such strategy includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, compliance and reporting levels. The Board is responsible for overseeing and assessing our risk management strategy. The Board exercises these responsibilities periodically as part of its meetings and also through the Board's four standing Committees, each of which examines various components of risk in connection with its responsibilities. In particular, our Vice President—Internal Audit reports to the Audit Committee, and provides periodic updates (generally quarterly) to the Audit Committee with respect to the Internal Audit department's activities, including with respect to risk management matters and the audit agenda. In addition, an overall review of risk is inherent in the Board's consideration of our long-term strategies and in the transactions and other matters presented to the Board, including capital expenditures, acquisitions and divestitures, and financial matters. The Board's role in risk oversight is consistent with the Board's current leadership structure, with the CEO and other members of senior management having responsibility for assessing and managing our risk exposure, and the Board and its Committees providing oversight in connection with those efforts.

Board Committees

The Board has four standing Committees: Audit Committee, Compensation Committee, Nominating & Corporate Governance Committee (“NCG Committee”) and Strategy Committee. Copies of the Committee charters of each of the Audit Committee, Compensation Committee and the NCG Committee can be found under the Investor Relations section of our website at <http://www.crowncastle.com/investor/corpgovernance.asp>, and such information is also available in print to any stockholder who requests it through our Corporate Secretary. A summary of each Committee’s function is set forth below.

Executive Compensation Process and Procedures: Over the course of several meetings throughout the year, the Compensation Committee annually reviews executive compensation, including base salary, short-term incentive compensation, long-term incentive compensation and other benefits. In performing its duties, the Compensation Committee obtains input, as it deems necessary, from Towers Watson (formerly Towers Perrin), an independent compensation consultant (“Compensation Consultant”) engaged directly by the Compensation Committee (while the Compensation Consultant is engaged by the Compensation Committee it works with management, including members of our human resources department and our CEO, in developing compensation studies as directed by the Compensation Committee). In addition, in the case of compensation decisions relating to executives other than the CEO and EVC¹, the Compensation Committee seeks and obtains input from the CEO. The Compensation Committee regularly holds executive sessions at its meetings during which management, including the CEO and EVC¹, is not in attendance. Additional information regarding the Compensation Committee’s processes and procedures for consideration and determination of executive compensation is provided below at “VII. Executive Compensation—Compensation Discussion and Analysis.”

Nominating & Corporate Governance Committee

Members: Ms. Christy (Chair), Mr. Hatfield and Mr. Martin—all independent directors, as defined under NYSE listing standards.

Number of Meetings in 2009: 4

Functions and Authority: The functions and authority of the NCG Committee include:

- assist the Board by identifying individuals qualified to become Board members and recommend director nominees for election by the stockholders or for appointment to fill vacancies;
- recommend to the Board director nominees for each Committee of the Board;
- review and determine the compensation of the directors of the Board;
- advise the Board about appropriate composition of the Board and its Committees;
- advise the Board about and recommend to the Board appropriate corporate governance practices and assist the Board in implementing those practices; and
- oversee the periodic evaluation of the Board and its Committees.

Board Compensation Process and Procedures: The NCG Committee reviews the compensation arrangement for the non-employee directors of the Board on a periodic basis. In the fourth quarter of

¹ John Kelly resigned as our EVC effective December 31, 2009. Mr. Kelly remains a director of the Company. The executive position of EVC remains unfilled following Mr. Kelly’s resignation.

[Table of Contents](#)

2008, the NCG Committee, with the assistance of the Compensation Consultant, reviewed the Board's non-employee director compensation arrangement. The NCG Committee reviewed a competitive market analysis prepared by the Compensation Consultant comparing the Board's compensation arrangement to those of the companies comprising our Peer Group (as defined in "VII. Executive Compensation—Compensation Discussion and Analysis" below) and a sample of public general industry companies (derived from third-party proprietary compensation surveys). Based on the results of the competitive market analysis review, the NCG Committee determined not to recommend any changes for 2009 to the Board's existing compensation arrangement. The components of the Board compensation arrangement for non-employee directors for 2009 are described below at "—Board Compensation" in this "IV. Information About the Board of Directors."

Common Stock Ownership Guidelines. The Board has approved Common Stock ownership guidelines for non-employee directors providing that each of our non-employee directors should hold, by the later of (1) October 16, 2013 or (2) the fifth anniversary of the date such director is appointed to the Board, 11,200 shares of Common Stock (adjusted for splits, stock dividends, spin offs or other relevant changes to the Company's capital structure). As of the Record Date, each of the non-employee directors met these Common Stock ownership guidelines.

Consideration of Director Nominees: The NCG Committee has the authority to recommend nominees for election as directors to the Board. In considering candidates for the Board, the NCG Committee takes into account the entirety of each candidate's credentials and currently does not maintain any specific minimum qualifications that must be met by an NCG Committee recommended nominee.

While the NCG Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, the NCG Committee will generally consider, among other factors, whether prospective nominees are able to read and understand basic financial statements, have relevant business experience, have industry or other specialized expertise and have high moral character. In addition, the NCG Committee considers issues of diversity, including with respect to experience, expertise, viewpoints, skills, race, ethnicity and gender, in connection with the director selection process. The NCG Committee may attribute greater or lesser significance to different factors at particular times depending upon the needs of the Board, its composition, or the NCG Committee's perception about future issues and needs.

The NCG Committee may consider candidates for the Board from any reasonable source, including from a third party search firm engaged by the NCG Committee or through stockholder recommendations (provided the procedures set forth below in "IX. Other Matters—Stockholder Recommendation of Director Candidates" are followed). The NCG Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a stockholder or not. However, in evaluating a candidate's relevant experience, the NCG Committee may consider previous experience as a member of the Board.

• **Strategy Committee**

Members: Mr. Hatfield (Chair), Ms. Christy, Mr. Fitzgerald, Mr. Hogan, Mr. Hutcheson, Mr. Kelly and Mr. McKenzie—all independent directors, except Mr. Kelly.

Number of Meetings in 2009: 5

Functions and Authority: The functions and authority of the Strategy Committee include:

- support our executive management in developing and overseeing our strategic initiatives;
- provide management with guidance and oversight on strategy development and execution; and
- act as an advisor to the Board and management on strategy-related issues and direction.

Board Independence

The Board has affirmatively determined, that each member of the Board, except Mr. Kelly (our former President and CEO and EVC) and Mr. Moreland (our current President and CEO), has no material relationship with us and is an independent director, as defined under NYSE listing standards.

To assist in its determination of director independence, the Board has adopted certain categorical standards, as set forth on Appendix A hereto. The Board determined the independence of the aforementioned independent directors taking into account such standards, with additional considerations with respect to Mr. Abrams as noted below.

David Abrams controls the managing member, general partner or investment advisor of certain investment funds affiliated with Abrams Capital which collectively previously held (including during most of 2008) a greater than 10% ownership interest in USA Mobility, which is currently one of our customers. The funds affiliated with Abrams Capital sold all of their holdings in USA Mobility in November 2008. Mr. Abrams also previously served as a director of USA Mobility from November 2004 to January 2008. The revenues we derived from USA Mobility in 2009 were approximately 0.23% of our 2009 consolidated revenues (approximately \$3.9 million, which amount is approximately 1.34% of USA Mobility's 2009 revenues); such revenues related primarily to the leasing of space on our towers. The Board (other than Mr. Abrams) determined that the relationship between USA Mobility and us does not constitute a material part of either company's business, that the relationship should not impair Mr. Abrams' ability to make independent judgments as a director of ours (particularly in light of the fact that the investment in, and directorship with, USA Mobility ceased in 2008), and that the prior relationship does not constitute a material relationship between Mr. Abrams and us. Also, as described below (see "—Certain Relationships and Related Transactions—Stockholders Agreement" in this "IV. Information About the Board of Directors"), Abrams Capital retains certain rights pursuant to a Stockholders Agreement with us that relate only to the ability of Abrams Capital to have certain shares of Common Stock registered with the SEC. The Board (other than Mr. Abrams) determined that the remaining rights under the Stockholders Agreement do not constitute a material relationship with us.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal 2009 or as of the date of this Proxy Statement is or has been one of our officers or employees. In addition, during 2009, none of our executive officers served on the compensation committee (or board, in the absence of a compensation committee) of any company that employed any member of our Compensation Committee or Board.

Certain Relationships and Related Transactions

Review of Transactions with Related Persons. From time to time we may engage in transactions with companies whose officers, directors or principals are executive officers or directors of ours or are family members of directors or executive officers of ours. The Board is primarily responsible for reviewing such transactions. In the course of its review and approval or ratification of such a transaction, the Board considers various aspects of the transaction it deems appropriate, which may include:

- The nature of the related person's interest in the transaction;
- The material terms of the transaction;
- Whether such transaction might affect the independent status of a director under NYSE independence standards;

[Table of Contents](#)

- The importance of the transaction to the related person and to us; and
- Whether the transaction could impair the judgment of a director or executive officer to act in the best interest of the Company.

Any member of the Board who is a related person with respect to a transaction under review does not participate in the vote relating to approval or ratification of the transaction.

We have various processes for identifying and reporting conflicts of interests, including related person transactions. Our Business Practices and Ethics Policy ("Ethics Policy") provides that each employee is expected to avoid engaging in business or conduct, or entering into agreements or arrangements, which would give rise to actual, potential or the appearance of conflicts of interest; the Ethics Policy also provides procedures for reporting any actual or potential conflicts of interest. In addition, we annually distribute and review a questionnaire to each of our executive officers and directors requesting certain information regarding, among other things, certain transactions with us in which he, she or any family member has an interest.

Stockholders Agreement. On October 5, 2006, concurrently with the execution of the merger agreement pursuant to which Global Signal was merged into a subsidiary of ours ("Global Signal Merger"), we entered into a Stockholders Agreement with Abrams Capital and certain other former significant stockholders of Global Signal ("Stockholders Agreement"). Pursuant to the Stockholders Agreement, we filed an automatic shelf registration statement with the SEC which currently registers certain shares of Common Stock held by Abrams Capital acquired in the Global Signal Merger ("Merger Shares"). In addition, pursuant to the Stockholders Agreement, Abrams Capital (1) has a limited number of demands for us to register the Merger Shares and (2) will be able to have the Merger Shares registered whenever we propose to register our equity securities.

Board Compensation

General. The Board maintains a compensation arrangement for the non-employee directors of the Board. A director who is also an employee of ours receives no additional compensation for services as a director. For 2009, the Board compensation arrangement was comprised of the following types and levels of compensation:

- **Initial Equity Grant.** Each newly appointed non-employee director is permitted to receive a grant, pursuant to our 2004 Stock Incentive Plan, as amended ("2004 Plan"), of a number of unrestricted shares of Common Stock having a valuation equal to approximately \$90,000, priced at the per share closing price of the Common Stock as of the effective date of the director's appointment or election ("Initial Equity Grant"). There were no initial equity grants in 2009.
- **Annual Equity Grant.** At the Board's first regularly scheduled meeting of each year, each non-employee director is typically granted shares of Common Stock. For 2009, the valuation of the Common Stock grant was equal to approximately \$125,000, priced at \$20.00 per share; consistent with prior years, an equity grant in excess of the award granted to the other non-employee directors was considered by the Board for its Chairman (collectively, "Annual Equity Grant").

On February 19, 2009, each non-employee director of the Board, other than J. Landis Martin, was granted, pursuant to the 2004 Plan, 6,250 shares of Common Stock. Mr. Martin received a grant of 9,500 shares of Common Stock for service as non-employee chairman of the Board. Due to the volatility of the price of our Common Stock around the time of the 2009 equity grants, in making its annual equity award to non-employee directors for 2009, the Board utilized a Common Stock price of \$20.00 per share, instead of the grant date closing Common Stock price per share of \$15.99 (as had been the practice for several years), resulting in approximately 20% fewer shares granted than if the grant date price had been used (a similar practice was used with respect to the Annual

Retainer and Fees Paid in Cash. Each non-employee director received an annual retainer of \$45,000 for 2009 paid quarterly (“Board Retainer”). The Audit Committee Chair received an additional Committee chair retainer of \$10,000, and each other Committee chair received an additional Committee chair retainer of \$5,000, paid quarterly (“Committee Chair Retainer”). Each non-employee director also received \$1,500 for attendance “in-person” at each Board meeting held and \$1,000 for attendance by conference call at each Board meeting held; in addition, each non-employee director received \$1,500 for each Committee meeting attended (plus, in the case of a Committee chair, an additional \$1,000 for each Committee meeting attended after the fourth such meeting in any given year) (collectively, “Meeting Fees”).

Non-employee directors are also reimbursed for reasonable incidental expenses.

Other Compensation. Each non-employee director is eligible to participate, at such director’s election, in our medical and dental plans.

As noted in “—Board Compensation—Annual Equity Grant” of this “IV. Information About the Board of Directors”, the valuation of the annual equity grant was \$125,000 for non-employee directors other than Mr. Martin; however, in determining the number of shares to be granted to each non-employee director, the Board utilized a Common Stock price of \$20.00 per share, instead of the grant date closing Common Stock price per share of \$15.99, resulting in approximately 20% fewer shares granted than if the grant date price had been used.

VII. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis ("CD&A") is a summary of our compensation arrangements for our NEOs (defined below) and contains certain statements regarding future individual and company performance targets and goals. These targets and goals are disclosed in the limited context of the CD&A and should not be construed to be statements of management's expectations or estimates of results or other guidance. We caution investors not to apply these statements to other contexts.

Executive Compensation Program Overview

Our executive compensation program is established as a component of our total rewards program. Our total rewards program includes:

- Compensation:
 - base salary
 - short-term incentives
 - long-term incentives
- Health and welfare benefits:
 - 401(k) plan
 - medical, dental and vision benefits
 - life insurance benefits
 - vacation
- Learning and development:
 - training
 - succession planning
 - performance management
 - career development

Our executive total rewards strategy is to provide a competitive mix of total rewards that enables us to effectively recruit, motivate and retain high-performing executives. With respect to the portion of total rewards for our executives that takes the form of compensation, it has been our strategy that a majority of such compensation should be variable, at risk and paid based on our results of operations and the growth in the value of our Common Stock, in order to align our executives' interests with those of our stockholders.

The Compensation Committee (for purposes of this CD&A, "Committee") is primarily responsible for evaluating and determining the compensation levels of our senior officers (namely, (1) our CEO, (2) the officers who report directly to our CEO and (3) commencing July 2008, our EVC²) and administers our equity-based and other compensatory plans. The Board further reviews the actions of the Committee relating to the compensation of the CEO, the EVC and certain senior officers. Where this CD&A contains language indicating that the Committee has approved or taken action with respect to a matter, such language is also intended to indicate that the Board has approved or taken any action required of it with respect to such matter.

In performing its duties, the Committee obtains input, as it deems necessary, from the Compensation Consultant, which is engaged directly by the Committee (while the Compensation Consultant is engaged by the Committee, it works with management, including members of our human resources

² John Kelly resigned as our EVC effective December 31, 2009. Mr. Kelly remains a director of the Company. The executive position of EVC remains unfilled following Mr. Kelly's resignation.

department and our CEO, in developing compensation studies as directed by the Committee). In addition, in the case of compensation decisions relating to executives other than the CEO and EVC, the Committee seeks and obtains input from the CEO. The Committee regularly holds executive sessions at its meetings during which management, including the CEO and EVC, is not in attendance. Management, including members of our human resources department and our CEO, assists with the coordination, preparation and review of Committee meeting materials.

Throughout this Proxy Statement, the individuals who served as our CEO and CFO during 2009, as well as the other named executive officers included in the table below at “—Summary Compensation Table” in this “VII. Executive Compensation” are referred to as “NEOs.”

Executive Compensation Program Objectives

General

The principal objectives of our executive compensation program are to:

- provide a fair and competitive mix of compensation opportunities to attract, motivate and retain qualified, skilled and high-performing executives necessary for our long-term success;
- reward our executives by utilizing a pay-for-performance approach to compensation—an approach that creates meaningful links between financial and operational performance, individual performance and the level of the executive's compensation;
- motivate executives to make sound business decisions that improve stockholder value and reward such decisions;
- balance the components of compensation so that the accomplishment of short-term and long-term operating and strategic objectives is encouraged and recognized;
- encourage achievement of objectives by our executives within a team environment; and
- foster an equity ownership culture that aligns our executives' interests with those of our stockholders.

The Committee has established a number of processes to assist it in ensuring that our executive compensation program is achieving these objectives as detailed below.

Competitive Market Analysis

The Committee determines the levels for base salary, short-term incentives and long-term incentives by engaging in a competitive market analysis with respect to each of these compensation elements for each executive position against the competitive market gauges described below on an annual basis (“Competitive Market Analysis”). The Committee usually begins this Competitive Market Analysis in the third quarter of the year prior to the year in which the compensation decisions are made, which typically occurs at the first regularly scheduled Committee meeting of each year (usually held in February) (“First Regular Committee Meeting”). Market data used in the Committee's Competitive Market Analysis includes the following:

- *Peer Group Data.* Each year the Committee considers public companies in the wireless infrastructure and telecommunications industries and selects 10 to 20 of such companies to comprise a peer group (“Peer Group”) with respect to which compensation data is obtained and reviewed by the Committee. While the Peer Group may change from year to year, for consistency, the same Peer Group is used in our Competitive Market Analysis for all elements

[Table of Contents](#)

of compensation in a given year. The Peer Group companies used in the Competitive Market Analysis for gauging the executives' 2009 compensation were:

- ADC Telecommunications, Inc.
 - American Tower Corporation
 - Centurytel, Inc.
 - Ciena Corporation
 - Cincinnati Bell Inc.
 - Frontier Communications Corporation
 - General Communication, Inc.
 - Juniper Networks, Inc.
 - Leap Wireless International, Inc.
 - MetroPCS Communications, Inc.
 - NII Holdings, Inc.
 - NTELOS Holdings Corp.
 - Polycom, Inc.
 - Premiere Global Services, Inc.
 - Rural Cellular Corporation³
 - Savvis, Inc.
 - SBA Communications Corporation
 - Tellabs, Inc.
 - tw telecom inc.
 - United States Cellular Corporation
- *Telecom Industry Market Data.* In 2008 and 2007, a sample of telecommunications industry market data from third-party proprietary compensation surveys, which included surveys from companies such as the Compensation Consultant, Mercer Human Resource Consulting ("Mercer") and Watson Wyatt⁴, as analyzed by the Compensation Consultant (including regression analysis to adjust the data for the varied revenue size of the companies), was obtained and reviewed by the Committee. This market data was comprised of data regarding elements and levels of executive compensation relating to telecommunications industry companies that participated in the surveys. The sampling of companies included a broader population of telecommunications companies than the Peer Group. The Committee utilized this data to determine whether the broader telecommunications industry was compensating at different levels than other industries or the Peer Group. In addition, because telecommunications experience is often required or preferred for many of our executive positions, we often recruit from other telecommunications industry companies. A statistically valid group of telecommunications industry market data was not available and not used as a market gauge in determining 2009 compensation.
 - *General Industry Market Data.* A sample of general industry market data from third-party proprietary compensation surveys, which may include surveys by the Compensation Consultant, Mercer, and Watson Wyatt, as analyzed by the Compensation Consultant (including regression analysis), is obtained and reviewed by the Committee. This market data is comprised of data regarding elements and levels of executive compensation relating to general industry companies that have participated in the surveys. The Committee utilizes this data since we do not recruit executives exclusively from the telecommunications industry (e.g., a financial executive with cross-industry skills may be recruited from another industry).

In addition to the foregoing data, the Compensation Consultant may analyze and provide additional market data regarding best practices and compensation plan design from other sources as requested by the Committee. The market data described above is used by the Committee in the Competitive Market Analysis to make decisions regarding executive compensation. No single group, survey or set of market data is used by the Committee as the sole gauge for determining executive compensation; rather, the information is used collectively, and no formulaic quantitative methodology is used by the Committee when using such data to determine executive compensation.

Assessment of Individual and Company Performance

In addition to market data, the Committee considers other factors in connection with its decision-making process relating to the various components of compensation. These other factors may include

³ Now part of Verizon Wireless.

⁴ Now part of Towers Watson, the Compensation Consultant.

[Table of Contents](#)

the level of our financial performance, the applicable executive's individual performance, the executive's level of experience, the size of year-over-year changes in compensation and the duties and level of a particular executive position. These measures are discussed in more detail below.

Total Compensation Review

Through the Competitive Market Analysis and in its deliberations regarding executive compensation decisions, the Committee reviews and compares the individual components of compensation and the total compensation for each NEO against the market data. In addition, the Committee reviews a year-over-year change in compensation analysis for each NEO against the market data for year-over-year changes. These analyses are an important aspect of the Committee's annual executive compensation decision-making process.

Elements of Executive Compensation and Benefits

General

The principal elements of compensation and benefits provided to our executives, each of which is discussed in more detail below, include the following:

- base salary;
- short-term incentive compensation;
- long-term incentive compensation;
- severance benefits; and
- other benefits, including retirement benefits and health and welfare benefits.

The distribution of compensation among the various components is driven by our belief that the majority of executive compensation should be paid in the form of performance-based, variable compensation, with a greater emphasis on variable components for the more senior executives who have greater responsibility for the business. The practice of emphasizing variable compensation suits our objectives of linking pay to performance and aligning executives' interests with those of our stockholders and is generally consistent with the practices of the companies reviewed in the Competitive Market Analysis. The following table shows the allocation of actual base salary, annual incentives ("AIs") and restricted stock awards ("RSAs") for 2009, 2008 and 2007 (as shown in "—Summary Compensation Table" in this "VII. Executive Compensation") among fixed, short-term variable and long-term variable compensation for our NEOs:

[Table of Contents](#)

The distribution of compensation among the fixed element of base salary (paid in cash) and the variable elements of AIs (paid in cash) and RSAs (paid in equity) is primarily influenced by (1) our objective to utilize a pay-for-performance approach to compensation, which places a majority of each executive's variable compensation at risk based on the achievement of certain performance objectives, (2) the Competitive Market Analysis and (3) the Committee's desire to balance short-term and long-term goals.

We generally target our executives' base salary at the 50th percentile of market, while short-term incentives and long-term incentives have generally been targeted at the 75th percentile of market, providing executives with the opportunity to earn total direct compensation above the 50th percentile should our performance meet or exceed predetermined criteria. Our executive compensation structure is also designed to provide compensation below the 50th percentile of market should our performance fall short of that criteria. The Committee believes that targeting these levels of compensation helps to meet our overall total rewards strategy and executive compensation objectives and supports our long-term success.

Base Salary

Base salary is one of the main components of cash compensation for our executives. We choose to provide base salary compensation because it fits into our overall compensation objectives by providing a base for attracting and retaining executives and establishing a minimum level of compensation upon which our executives may rely. In addition to providing a base salary that is competitive with the market, we target base salary compensation to align each position's base salary level so that it reflects such position's scope and level of responsibility. As described above, each year we conduct a Competitive Market Analysis for each executive position against our Peer Group and the telecommunications industry and general industry compensation surveys, based on the unique responsibilities of each position. The midpoints of our executive base salary ranges generally correspond to the 50th percentile of market for each position. The Committee targets base salary ranges at the 50th percentile of market, which is lower than the market reference point the Committee targets for the "at risk" components of compensation, in order to provide the executives with a fixed base level of compensation near the midpoint of the market.

The Committee bases its decisions regarding annual base salary adjustments on multiple factors, including the following:

- the performance of the executive, including such executive's contribution, accountability and experience;
- the annual cost of labor adjustment as provided in various proprietary surveys; and
- the Competitive Market Analysis and the executive's existing base salary as compared to the 50th percentile of market salary reference point.

The Committee reviews proposals made by the CEO with regard to base salary adjustments for executives other than himself and the EVC, and then either approves or amends these base salary adjustments. The Committee independently reviews the performance of the CEO and EVC and determines and approves an appropriate base salary. The Committee has positioned 2009 actual base salary levels for our NEOs above the 50th percentile of market in some cases and below the 50th percentile of market in other cases based on some of the factors discussed above and considering other factors, such as an executive's tenure, experience, expertise and contribution.

For 2009, Messrs. Moreland, Brown, Kelly and Hawk received annual increases of 3% to their base salaries and Mr. Young received an annual increase of 17.7% to his base salary. For 2008, the NEOs received annual increases to their base salaries ranging from 3.5% to 14.64%. After receiving their

annual base salary increases in 2008, Mr. Kelly's base salary was subsequently reduced by 10% effective July 2008 as he transitioned from the role of CEO to EVC, and Mr. Moreland's and Mr. Brown's base salaries were subsequently increased from 2007 levels by 30.8% and 82.9%, respectively, in recognition of their promotions to President & CEO and CFO, respectively, effective July 2008. For 2007, the NEOs (other than Mr. Brown who became an NEO in 2008) received annual increases to their base salaries ranging from 3.5% to 4.27%.

Short-Term Incentives

The short-term incentive component of compensation represents a significant portion of the overall cash compensation for our executives. Short-term incentives are a variable element of compensation that are directly linked to specific short-term financial, operational and individual performance objectives. The Committee has generally targeted our short-term incentive compensation at the 75th percentile of market, a higher percentile than the one used to set base salary, reflecting the relative importance to the Committee of performance-based incentive pay.

Our short-term incentives are "at risk," meaning they are earned based on meeting certain performance goals, and increase or decrease in value based on the degree of achievement of those goals. In order to accomplish its overall executive compensation objectives, the Committee has identified the following objectives for developing the framework of the short-term incentive program. The program should:

- be performance-based;
- promote a short-term perspective among executives to complement the long-term perspective promoted by the long-term incentive program;
- be competitive with the market;
- motivate executives by providing the appropriate reward for individual and corporate performance based on our goals and objectives;
- focus business unit executives on maximizing results of their operating segments, while reinforcing the importance of company-wide teamwork;
- link the financial measures with stockholder expectations; and
- link the financial and non-financial measures with the individual performance of the executives.

To achieve these objectives, our short-term incentives for executives are comprised of performance-based AI's paid in accordance with an annually approved Executive Management Team Annual Incentive Plan ("AI Plan"). The AI Plan is a cash based, short-term incentive award program that provides executives with the opportunity to earn an annual cash incentive if certain annual performance goals are achieved. Performance goals are established based on the annual expectations for our business and are meant to be challenging yet achievable. The performance period covered by the AI Plan is from January 1 to December 31 ("AI Plan Year End") of the applicable calendar year.

AI Plan Award Opportunity. Under the AI Plan, each executive has minimum, threshold, target and maximum AI award opportunities that are aligned with minimum, threshold, target and maximum performance outcomes for which incremental increases in performance outcomes result in incremental increases in the AI Plan awards.

Each corporate and business unit operating executive (i.e., those with direct profit and loss or overall financial responsibilities) is eligible to earn between 0% and 175% of such executive's target opportunity under the AI Plan. Each functional executive (i.e., those with indirect profit and loss responsibilities) is eligible to earn between 0% and 150% of such executive's target opportunity. These percentages were selected by the Committee at the time the plan was designed after consultation with, and a review of information provided by, the Compensation Consultant, were based on relevant market

Table of Contents

data discussed above and were considered in the review of total compensation previously discussed. In recent years, the executive's target opportunity has generally been based on the 75th percentile of market and is expressed as a percentage of the executive's base salary. Actual 2009 AI target levels for our NEOs are above the 75th percentile of market in some cases and below the 75th percentile of market in other cases (with our CEO's target AI level being below this level) for reasons similar to those discussed above that drive base salary positioning. The following table lists the 2009 AI award opportunities and actual awards as a percentage of base salary for each of the NEOs.

Name	Title	Percentage of Base Salary				
		Minimum	Threshold	Target	Maximum	Actual
W. Benjamin Moreland	President & CEO	0.0%	50.0%	100.0%	175.0%	172.1%
John P. Kelly	EVC	0.0%	50.0%	100.0%	175.0%	169.0%
Jay A. Brown	SVP, CFO & Treasurer	0.0%	35.0%	70.0%	122.5%	121.9%
James D. Young	President U.S. Tower Operations	0.0%	35.0%	70.0%	122.5%	114.0%
E. Blake Hawk	EVP & General Counsel	0.0%	37.5%	75.0%	112.5%	98.8%

AI Performance Goals. For 2009, 2008 and 2007, as in other recent years, there were two categories of performance goals under the AI Plan: (1) corporate/business unit performance goals and (2) individual performance goals:

- **Corporate/Business Unit Performance Goals.** The 2009, 2008 and 2007 corporate/business unit performance goals for our executive officers include the following:
 - Corporate Adjusted EBITDA⁶
 - Corporate Recurring Cash Flow⁷ ("RCF") per Share
 - Business Unit Adjusted EBITDA
 - Business Unit RCF⁸
 - Business Unit RCF per Share
 - Business Unit Net New Sales

All of the performance goals were approved by the Committee. For each executive, one or more financial performance measures with equal or different weights may be used within this category; the measures and weights assigned to each executive generally reflect those measures with respect to which the executive has the greatest exposure and ability to influence. For 2009, 2008 and 2007, the type and level of corporate/business unit performance goals are primarily based on the Board approved financial budget and the guidance provided to investors for the applicable calendar year, with "target" goals representing the Board approved budget amounts.

⁶ We define Adjusted EBITDA as net income (loss) plus restructuring charges (credits), asset write-down charges, acquisition and integration costs, depreciation, amortization and accretion, interest expense and amortization of deferred financing costs, losses on purchases and redemptions of debt, net gain (loss) on interest rate swaps, impairment of available-for-sale securities, interest and other income (expense), benefit (provision) for income taxes, cumulative effect of change in accounting principle, income (loss) from discontinued operations, and stock-based compensation expense.

⁷ We define recurring cash flow as Adjusted EBITDA, less interest expense and less sustaining capital expenditures.

⁸ Business Unit RCF became a corporate/business unit performance goal starting in 2008.

[Table of Contents](#)

The following table lists the 2009 corporate/business unit performance goals used in connection with determining the NEOs' 2009 AI awards (with respect to the position held by the NEO as of December 31, 2009).

Corporate/Business Unit Performance Goals	Annual Incentive Financial Performance Zone				Actual Multiple of Target	
	Threshold	Target	Maximum	Actual	Operating Executive	Functional Executive
Corporate Adjusted EBITDA	\$ 916,300,000	\$ 935,000,000	\$ 953,700,000	\$ 1,006,268,516	1.75	1.50
Corporate Recurring Cash Flow per Share	\$ 1.359	\$ 1.415	\$ 1.472	\$ 1.761	1.75	1.50
Business Unit Recurring Cash Flow	\$ 933,919,826	\$ 952,979,414	\$ 972,039,002	\$ 1,031,043,831	1.75	1.50

- *Individual Performance Goals.* Individual performance goals are generally based on the key individual goals approved by the Committee for the CEO and EVC and by the CEO for other executive officers, pursuant to our annual performance management system (our system for documenting and measuring the individual performance of our employees on an annual basis). These goals may include additional financial, operational or qualitative measures for a specific executive and are generally based on the prospective business environment considerations for the upcoming year. The minimum, threshold, target and maximum individual performance assessments are based on how well the executive meets the goals established. While the assessment of how well individual performance goals are met is less objective than for the financial measures, the following categories are used to assess individual performance:

- Exceeds Expectations
- Meets Expectations
- Meets Most Expectations
- Does Not Meet Expectations

The performance goals weighting for each NEO for 2009, 2008 and 2007 (with respect to the position held by the NEO as of December 31 of each such year) was as follows:

We believe this approach to determining financial and individual goals provides appropriate balance and oversight to our goal-setting process.

- ⁹ For Mr. Moreland, the 2009 individual performance goals include (1) meet or exceed financial goals for Adjusted EBITDA and Recurring Cash Flow per Share growth targets for 2009 through organic growth, operational efficiencies and alternative cash flow sources; (2) ensure balance sheet flexibility is maintained, while optimizing financial outcome for stockholders; (3) continue to support an organizational culture of integrity and ownership and one in which employees are proud to work for our company through effective information sharing, dialogue, and measurement of success; (4) maintain succession plans; and (5) assess strategic opportunities and communicate and make recommendations to the Board as appropriate. The Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Moreland's 2009 individual performance goals.
- ¹⁰ For Mr. Kelly, the 2009 individual performance goals include (1) refine and improve tower site coverage forecasting model; (2) assess and execute merger and acquisition opportunities; and (3) provide leadership and oversight regarding the FiberTower investment. The Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Kelly's 2009 individual performance goals.
- ¹¹ Mr. Brown became an NEO in 2008, and, therefore, compensation information is provided for him with respect to 2008 and 2009 only.
- ¹² For Mr. Brown, the 2009 individual performance goals include (1) ensure timely and accurate compliance with respect to SEC financial reporting and debt reporting requirements; (2) ensure appropriate refinancing of debt and maintain appropriate leverage in light of business needs and external markets; (3) refine corporate valuation models; (4) enhance partnerships with internal customers through financial acumen training and development and quarterly reviews of financial results with functional areas; and (5) maintain succession plans. Mr. Moreland proposed and the Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Brown's 2009 individual performance goals.
- ¹³ For Mr. Young, the 2009 individual performance goals include (1) meet or exceed 2009 business plan budget; (2) leverage business process software to enhance operational efficiencies, while driving revenue, decreasing costs, and maintaining appropriate compliance levels; (3) develop and implement business plan for enhancing tower build program and distributed antenna system business; and (4) maintain succession plans. Mr. Moreland proposed and the Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Young's 2009 individual performance goals.
- ¹⁴ For Mr. Hawk, the 2009 individual performance goals include (1) continue to ensure timely and accurate compliance with respect to taxes, corporate maintenance and governance, litigation, securitization, employment and regulatory reporting requirements; (2) continue mitigating tax, legal and regulatory exposure through enhanced planning; (3) enhance partnerships among internal customers through proactive education and efficient processes; (4) provide timely and accurate tax, legal and regulatory support to internal customers; and (5) maintain succession plans. Mr. Moreland proposed and the Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Hawk's 2009 individual performance goals.

[Table of Contents](#)

Following Plan Year End, an individual performance rating is (1) determined and approved by the Committee for the CEO and EVC and (2) proposed by the CEO and reviewed and approved by the Committee for each of the other executives, based on their performance with respect to the individual performance goals established at the beginning of the year. An individual payout multiple is then determined based on the individual performance ratings alignment with minimum, threshold, target and maximum payout multiples as follows (the Committee and CEO may use positive or negative discretion regarding the exact payout multiples relative to the individual performance ratings):

- *Exceeds Expectations*: A corporate and business unit operating executive may earn an individual performance payout multiple of 111% to 175%, and a functional executive may earn a payout multiple of 111% to 150%.
- *Meets Expectations*: An executive may earn an individual performance payout multiple of 90% to 110%.
- *Meets Most Expectations*: An executive may earn an individual performance payout multiple of 50% to 89%.
- *Does Not Meet Expectations*: An executive will not earn an individual performance component of the AI payment with respect to such executive's AI calculation.

In recent years, including 2009, 2008 and 2007, there were also two performance requirements for an AI Plan award:

- A minimum financial performance level of 90% of budgeted Corporate Adjusted EBITDA must be achieved for any executive to be eligible for an AI Plan award; and
- The business units or departments for which the executives are responsible must receive an acceptable assessment of applicable internal control over financial reporting for the previously completed fiscal year, pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 ("404 Assessment"). Receipt of a 404 Assessment with a material weakness, significant deficiency or other material internal control issues may result in a reduction or elimination of the AI Plan awards for the responsible executives and potentially all of the executives.

For 2009, the NEOs received an AI award based on the following total payout multiples of target, all of which fall within the payout multiple parameters described above:

<u>Name</u>	<u>Title</u>	<u>Corporate/Business Unit Performance Goals</u>	<u>Individual Performance Goals</u>	<u>Total</u>
W. Benjamin Moreland	President & CEO	175%	164%	172%
John P. Kelly	EVC	175%	151%	169%
Jay A. Brown	SVP, CFO & Treasurer	175%	171%	174%
James D. Young	SVP & COO	175%	114%	163%
E. Blake Hawk	EVP & General Counsel	150%	113%	132%

Additional details regarding the AI Plan awards for the NEOs are provided below in the tables and related footnotes at "—Summary Compensation Table" and "—Grants of Plan-Based Awards in 2009" in this "VII. Executive Compensation."

Long-Term Incentives

The objectives of our long-term incentive program are to:

- align a significant portion of our executives' compensation to growth in stockholder value;
- provide a means for our executives to accumulate shares of Common Stock in order to foster an "ownership culture"; and
- serve as a retention device for our executives.

[Table of Contents](#)

The long-term incentive component represents the largest portion of the overall value of the total compensation program for our executives. The Committee has generally targeted our long-term incentive compensation at the 75th percentile of the market, a higher percentile than the one used to set base salary, reflecting the relative importance to the Committee of incentive pay.

In 2008 and 2007, the long-term equity incentives granted to our executives have been “at risk,” meaning they have to meet performance-contingent parameters in order for the transfer and forfeiture restrictions to terminate (i.e., “vest”). With respect to 2009, the Committee, with the assistance of our Compensation Consultant, assessed the current economic climate, executive compensation market data and our business needs and determined that a mix of performance-contingent equity and time vesting equity would be appropriate to meet our executive long-term program objectives. In order to accomplish its overall objectives, the Committee identified the following factors for developing the framework of the long-term incentive program. The program should:

- balance “at risk” performance-based vesting with the stability of time-based vesting;
- promote a long-term perspective among executives to complement the short-term perspective promoted by the AI awards;
- promote an ownership culture by facilitating the accumulation and retention of shares of Common Stock;
- support the growth in stockholder value;
- be efficient from a stockholder dilution perspective;
- serve as a retention device;
- be cash efficient by emphasizing the use of Common Stock;
- provide stability to our overall compensation program; and
- be tax efficient.

Although our 2001 Stock Incentive Plan (“2001 Plan”) and 2004 Plan (approved by our stockholders on June 5, 2001 and May 26, 2004, respectively) permit the use of various types of equity compensation vehicles, the Committee believes the use primarily of a mix of performance-contingent vesting and time vesting RSAs best meets the objectives outlined above. The Committee utilizes RSAs in various forms to meet these objectives.

RSAs

There are four general categories of RSAs which the Committee has granted to executives in recent years, including 2009, 2008 and 2007, which generally have the vesting attributes noted below:

- *Annual RSAs* (“Annual RSAs”) are generally awarded once per calendar year as part of delivering a competitive total compensation package to executives. The Annual RSAs granted to executives have been comprised of either (1) all RSAs that vest upon the satisfaction of certain Common Stock performance criteria for a certain period of time (“Performance Criteria”) along with potentially a time vesting component (“Performance RSAs”) or (2) primarily Performance RSAs, with the other RSAs vesting solely pursuant to a time-based vesting criteria (“Time Vested RSAs”). The Annual RSAs granted to executives in 2009 are comprised of a combination of Performance RSAs and Time Vested RSAs. The Annual RSAs granted to executives in 2008 and 2007 are Performance RSAs. Annual RSAs granted to non-executive employees are typically Time Vested RSAs.
- *New hire RSAs* (“New Hire RSAs”) are Time Vested RSAs awarded to certain newly hired executives based on the position and role into which they are hired.

Table of Contents

- *Promotion RSAs* (“Promotion RSAs”) are Performance RSAs or Time Vested RSAs awarded to certain executives in recognition of a promotion to a new position or role.
- *Other RSAs* (“Other RSAs”) may be awarded to certain executives in a given year to meet specific business initiatives or compensation objectives (e.g., retention, merger integration, etc.) or to recognize certain executives for exceptional performance. The Other RSAs may include Performance RSAs or Time Vested RSAs.

Annual RSAs are generally approved by the Committee at the First Regular Committee Meeting of the year. The Committee reviews and approves the executive RSA Program Summary, which summarizes the parameters of the Annual RSAs, New Hire RSAs, Promotion RSAs and Other RSAs (if any) for grant to executives in the current fiscal year pursuant to our 2001 Plan and 2004 Plan (all RSAs granted in 2009 were pursuant to the 2004 Plan).

RSA Vesting Parameters.

The following is a description of the vesting parameters that are generally applicable to the various RSAs which have been granted to the NEOs in recent years.

Annual RSAs. To support the pay-for-performance approach and maintain a significant portion of the executives' compensation at risk, the Annual RSAs granted annually to the executives have been all or primarily Performance RSAs. For 2009 the Annual RSA grant to the NEOs and certain other key employees is comprised of a combination of Performance RSAs (“2009 Performance RSAs”) and Time Vested RSAs (“2009 Time Vested RSAs”) and, together with the 2009 Performance RSAs, the “2009 Annual RSAs”). The performance vesting relating to the 2009 Performance RSAs can be met by achieving a time and Performance Criteria. The performance vesting relating to Annual RSAs granted in the first quarter of 2008 (“2008 Performance RSAs”) to the NEOs and certain other key employees can be met by achieving a time and Performance Criteria. The performance vesting relating to Annual RSAs granted in the first quarter of 2007 (“2007 Performance RSAs”) to the NEOs and certain other key employees can be met by achieving (1) a time and Performance Criteria or (2) an accelerated Performance Criteria.

In the first quarter of 2009, the Committee authorized, as 2009 Annual RSAs, the grant to the NEOs of a combination of (1) 2009 Time Vested RSAs which time vest at 33.33%, 33.33% and 33.34%, respectively, on each of the first three anniversary dates of the grant date and (2) 2009 Performance RSAs which may performance vest pursuant to a time and Performance Criteria over a three year performance period as further described below. With respect to the 2009 Annual RSAs granted to the NEOs, the grant value mix between 2009 Time Vested RSAs and 2009 Performance RSAs is approximately 35% and 65%, respectively, of the combined total grant value for each NEO (“Grant Value”), with the Grant Value for each NEO being determined by the Committee by generally targeting approximately the 75th percentile of the value of the annual long-term incentive practices at the Peer Group and other companies reviewed in the Competitive Market Analysis for similar officer positions. Actual Grant Values for our NEOs for the 2009 Annual RSAs are above the 75th percentile of market in some cases and below the 75th percentile of market in other cases (with our CEO's Grant Value being below this level) for reasons similar to those discussed above with respect to base salary positioning. In connection with the 2009 Annual RSAs, the Committee authorized the grant of 2009 Time Vested RSAs for approximately 802,360 shares to 394 employees and 2009 Performance RSAs for 1,425,558 shares¹⁵ to 23 employees, including 2009 Time Vested RSAs for 183,329 shares to the NEOs and 2009 Performance RSAs for 821,100 shares¹⁵ to the NEOs.

¹⁵ The number of shares subject to 2009 Performance RSAs is the maximum number of shares that will vest upon the Maximum Price performance criteria being satisfied.

[Table of Contents](#)

As to the time and Performance Criteria for the 2009 Performance RSAs, a percentage of the 2009 Performance RSAs (from 50% to 200% of the Target Shares (defined below)) may cliff vest on the third anniversary of the grant date (“Performance Period Date”) based upon the highest average closing price per share of Common Stock for 20 consecutive trading days during the last 180 days of the performance period (“Highest Average Price”) achieving a price appreciation hurdle along a price range continuum consisting of a Minimum Price, a Target Price and a Maximum Price. The number of “Target Shares” for each NEO is approximately 65% of the Grant Value for such NEO divided by \$16.59 (a Base Price of \$20.00 adjusted for a FAS 123(R) valuation ratio provided by the Compensation Consultant). The “Minimum Shares” represent 50% of the Target Shares, and the “Maximum Shares” represent 200% of the Target Shares. The Minimum Price, Target Price and Maximum Price hurdles were determined by applying a compound annual growth rate (“CAGR”) of 5%, 12% and 25% to the Base Price¹⁶ as follows:

<u>Performance Level</u>	<u>Price Appreciation Hurdle Formula</u>	<u>Price Appreciation Hurdle</u>
Minimum	Base Price (\$20.00) x 1.05 ³	\$ 23.15
Target	Base Price (\$20.00) x 1.12 ³	\$ 28.10
Maximum	Base Price (\$20.00) x 1.25 ³	\$ 39.06

If the Highest Average Price achieved equals the (1) the Minimum Price, (2) the Target Price or (3) the Maximum Price or higher, then the percentage of Target Shares which vests on the Performance Period Date is 50%, 100% or 200% of the Target Shares, respectively. If the Highest Average Price achieved falls between the Minimum Price, Target Price and Maximum Price, then the percentage of Target Shares which vests is determined on a pro rata basis in relation to the Minimum, Target and Maximum vesting amounts as follows:

<u>Performance Level Achieved</u>	<u>Price Appreciation Hurdle/Highest Average Price</u>	<u>Percentage of Target Shares Vesting</u>
Minimum Price	\$23.15	50%
Minimum Price to Target Price	Between \$23.15 and \$28.10	Between 50% and 100% (an additional increase of approximately 10.101% for each \$1.00 increase in the Highest Average Price above \$23.15)
Target Price	\$28.10	100%
Target Price to Maximum Price	Between \$28.10 and \$39.06	Between 100% and 200% (an additional increase of approximately 9.1241% for each \$1.00 increase in the Highest Average Price above \$28.10)
Maximum Price or higher	\$39.06 and above	200%

¹⁶ As noted below (see “—RSA Valuations and Grant Levels”), in determining the grant levels for the 2009 Annual RSAs, the Committee utilized a Common Stock price of \$20.00 per share, instead of the grant date closing Common Stock price per share of \$15.99, resulting in approximately 20% fewer shares granted for the 2009 Annual RSAs than if the grant date closing price had been used. Achieving a Highest Average Price equal to the Minimum Price, Target Price or Maximum Price would require the Common Stock to achieve a CAGR of approximately 13.13%, 20.68% or 34.68%, respectively, from the grant date closing Common Stock price per share of \$15.99.

[Table of Contents](#)

In addition, if the closing share price of the Common Stock is at or above the Minimum Price of \$23.15 on the Performance Period Date and none of the vesting criteria described above has yet been satisfied, then 50% of the Target Shares will vest if and upon the closing share price of the Common Stock being at or above the Minimum Price for a period of 20 consecutive trading days that includes the Performance Period Date.

In the first quarter of 2008, the Committee authorized the grant of Annual RSAs for approximately 886,410 shares to approximately 413 employees, which included grants of 2008 Performance RSAs for approximately 635,167 shares to approximately 23 key employees, including grants for 307,935 shares to the NEOs. In the first quarter of 2007, the Committee authorized the grant of Annual RSAs for approximately 539,067 shares to approximately 295 employees, including grants of 2007 Performance RSAs for 243,399 shares to four of the NEOs (Messrs. Moreland, Kelly, Hawk and Young) and a grant of Time Vested RSAs ("2007 Time Vested RSAs") for 12,348 shares to Mr. Brown (who was not an NEO at the time). As to the time and Performance Criteria for the 2008 Performance RSAs granted to executives and key employees, if the Common Stock achieves a price target ("Cliff Vest Target") above a base price ("Base Price") for 20 consecutive trading days which include any date on or before the Performance Period Date (the third anniversary of the grant date) then such RSAs cliff vest on the Performance Period Date (or thereafter if applicable). The Base Price is equal to the closing price of our Common Stock the day after the First Regular Committee Meeting of the grant year, and the Cliff Vest Target for the 2008 Performance RSAs is equal to 115% of the Base Price. The 2007 Performance RSAs issued to the executives have cliff vesting parameters which operate similar to the 2008 Performance RSAs, except that the Performance Period Date is the fourth anniversary of the grant date and the Cliff Vest Target is 120% of the Base Price. If the Cliff Vest Target begins to be met on or prior to the Performance Period Date and such 20 consecutive trading days is completed after the Performance Period Date, the remaining unvested Performance RSAs will vest as of the end of such 20 consecutive trading day period. The Base Price, Cliff Vest Targets and Performance Period Dates for the 2008 Performance RSAs and 2007 Performance RSAs described in this section are as follows:

	2008 Performance RSA	2007 Performance RSA
Base Price (at grant)	\$ 36.09	\$ 34.50
Cliff Vest Target	\$ 41.50	\$ 41.40
Performance Period Date	Feb. 21, 2011	Feb. 22, 2011

If a Cliff Vest Target is not met as described above, then the applicable Performance RSAs will generally not vest as to executives and certain key employees, other than those 2007 Performance RSAs that may have vested pursuant to the accelerated Performance Criteria vesting schedule described below ("Accelerated Schedule").

All or part of the 2007 Performance RSAs may vest more quickly than under the cliff vesting schedule described above upon the achievement of certain Common Stock price appreciation targets ("Accelerated Targets") above a Base Price for 20 consecutive trading days. The 2008 Performance RSAs do not have the opportunity to vest pursuant to an Accelerated Schedule. The Accelerated Targets and Accelerated Schedule for the 2007 Performance RSAs are as follows:

<u>Accelerated Targets</u>	2007 Performance RSA	Incremental % Vesting	Aggregate % Vesting
Base Price x Growth %* = Target 1	\$ 39.68	33.33%	33.33%
Target 1 x Growth %* = Target 2	\$ 45.63	33.33%	66.66%
Target 2 x Growth %* = Target 3	\$ 52.47	33.34%	100.00%

* The applicable growth percentage for the 2007 Performance RSAs is 115%.

The levels at which the Common Stock price vesting targets are established for a given year's Performance RSA grant are generally reviewed and approved at the First Regular Committee Meeting of the grant year. The review generally includes an analysis of (1) historical Common Stock price performance, (2) our financial forecasts and budgets, and (3) performance contingent equity compensation market practices as disclosed in third party market sources, which includes consideration of market and industry trends.

Additional information regarding the Performance RSAs described above is provided below in the tables and related footnotes at "—Summary Compensation Table" and "—Grants of Plan-Based Awards in 2009" in this "VII. Executive Compensation."

New Hire and Promotion RSAs. As noted above, New Hire RSAs generally are comprised of Time Vested RSAs, while Promotion RSAs may be comprised of Time Vested RSAs or Performance RSAs. New Hire RSAs and Promotion RSAs with time vesting typically vest over four years, with the vesting schedule generally being back-end loaded (i.e., a majority of the vesting occurs later in the vesting period) to ensure that there is relevant retention value associated with such grants. There were no New Hire RSAs and no Promotion RSAs comprised of Time Vested RSAs granted to the NEOs in 2009, 2008 or 2007. In the second quarter of 2008, the Committee approved the grant of Promotion RSAs to Mr. Moreland and Mr. Brown for 52,214 shares and 38,216 shares, respectively (collectively, the "2008 Promotion RSAs"). The 2008 Promotion RSAs are comprised of Performance RSAs that have performance vesting parameters substantially similar to the 2008 Performance RSAs. No Promotion RSAs comprised of Performance RSAs were granted to the NEOs in 2009 or 2007. See footnote (a) to the table below at "—Outstanding Equity Awards at 2009 Fiscal Year End" in this "VII. Executive Compensation" for additional information, including general vesting parameters, relating to New Hire RSAs granted to Mr. Young in October 2005.

Other RSAs. From time to time, the Committee has approved the grant of Other RSAs to certain executives and other employees to meet specific business initiatives or compensation objectives (e.g., retention, merger integration) or to recognize certain executives for exceptional performance. While Other RSAs may include Performance RSAs or Time Vested RSAs, such RSAs have typically been granted with performance vesting similar to the Performance RSAs granted as Annual RSAs, except without an opportunity for accelerated performance vesting. Such vesting terms support our pay-for-performance objective and help to maintain a significant portion of an executive's compensation at risk.

Because of the critical importance of successfully integrating Global Signal into Crown Castle, on January 11, 2007, the Committee approved the grant of Performance RSAs for up to 712,000 shares of Common Stock ("Integration RSAs") to approximately 155 of our employees, including the grant of Integration RSAs for up to 200,103 shares to four of the NEOs (Messrs. Moreland, Brown, Hawk and Young). The grant was conditioned upon the successful close of the Global Signal Merger. John P. Kelly, our CEO at the time, elected not to participate in the Integration RSAs. The objectives for granting the Integration RSAs were to complement the retention value of our existing long-term incentive program for certain key employees during a demanding integration period following the Global Signal Merger and to further incent such key employees to ensure the successful integration of Global Signal with us by aligning the terms of the Integration RSAs to Performance Criteria vesting with long-term stockholder value appreciation. The Integration RSAs provided for performance vesting of 100% of the Integration RSAs on December 31, 2008 (or thereafter if applicable), provided that the Common Stock closed at or above \$44.50 per share (128% of the closing price of the Common Stock on October 5, 2006, the day prior to our announcement of the Global Signal Merger) for any 20 consecutive trading days which included any date on or between July 1, 2008 and December 31, 2008. On December 31, 2008, as a result of the Common Stock not achieving the applicable price threshold, the Integration RSAs granted to the NEOs were forfeited.

RSA Valuations and Grant Levels. In determining RSA valuations and grant levels each year, the Committee has generally followed an approach similar to the one it utilizes to develop base salaries and AI awards. With the assistance of the Compensation Consultant, the Committee examines the long-term incentive practices at the Peer Group and other companies reviewed in the Competitive Market Analysis to determine the 75th percentile of the market as to long-term incentive values. Using the 75th percentile of market for similar officer positions generally as the midpoint, ranges of RSA multiples of base salary are established for each executive. While the ranges of RSA base salary multiples target the 75th percentile of market generally as the midpoint, the ranges extend above and below this 75th percentile, based upon where the market data indicates the distribution of these ranges tend to be. An RSA multiple of base salary, generally based on our overall financial performance for the prior year and each executive's individual performance and anticipated future role, is then (1) determined and approved by the Committee for the CEO and EVC and (2) proposed by the CEO and reviewed and approved by the Committee for each of the other executives. The fair value of the RSAs as developed by the Compensation Consultant are then converted into a recommended number of shares to be granted to each executive, typically based on the per share closing price of the Common Stock on the date of grant. The valuation methodology used to value (1) the 2009 Performance RSAs and 2009 Time Vested RSAs, (2) the 2008 Performance RSAs, and (3) the 2007 Performance RSAs and the Integration RSAs, respectively, is summarized in notes 2 and 14 to our consolidated financial statements in our 2009 Form 10-K and in notes 1 and 12 to each of our Annual Report on Form 10-K for the year ended December 31, 2008 (as amended by our Form 10-K/A Amendment No. 1, "2008 Form 10-K") and our Annual Report on Form 10-K for the year ended December 31, 2007 ("2007 Form 10-K"). Due to the volatility of the price of our Common Stock around the time of the 2009 equity grants, in determining the grant levels for the Annual RSAs granted in 2009, the Committee utilized a Common Stock price of \$20.00 per share, instead of using the closing per share Common Stock price on the grant date, which was \$15.99, as had been the practice for several years. Using a Common Stock price of \$20.00 instead of the closing common stock price on the grant date of \$15.99 resulted in approximately 20% fewer shares granted for the 2009 Annual RSAs.

In addition to considering the valuation of each RSA grant, management and the Committee also consider the overall potential stockholder dilution impact and "burn rate" (i.e., the rate at which awards are granted) of the RSAs to be granted. Each year, the Committee reviews and recommends to the Board for approval a budgeted grant date value of shares that may be used in connection with the grant of RSAs to the executives and our other eligible employees. This review and recommendation process includes an analysis of potential dilution levels and burn rates resulting from the potential grant of such RSAs as compared to independent surveys from third party sources, which may include the Compensation Consultant, RiskMetrics Group or Mercer. The Committee and management use this competitive market data regarding dilution levels and burn rates as an additional gauge in making decisions regarding annual grants of long-term equity compensation.

Our stockholder dilution was approximately 3.9%, 5.5%, and 6.0%, and our burn rate was approximately 0.8%, 0.5%, and 0.5% for the years ended December 31, 2009, 2008 and 2007, respectively. We believe our stockholder dilution and burn rates are competitive relative to comparable companies based upon the independent surveys identified above.

Stock Options

Neither the Committee nor the Board has granted stock options to purchase shares of Common Stock to employees since 2003, and neither has granted stock options to any executive officers, including the NEOs, since October 2001. Neither the Committee nor the Board currently anticipates granting stock options to executives or other employees for the foreseeable future.

Severance Agreements

The Committee believes establishing competitive severance arrangements with our executives is a key part of a total rewards package to effectively recruit and retain high-performing executives. We have entered into severance agreements containing severance benefits and non-compete and non-solicitation provisions with each NEO and certain other senior officers (as amended, "Severance Agreements"). We do not currently have employment agreements with any of our executives other than the Severance Agreements.

Pursuant to each Severance Agreement, we are required to provide severance benefits to the officer if such officer is terminated without cause (as defined in the Severance Agreement) or such officer terminates employment with good reason (as defined in the Severance Agreement) (collectively a "qualifying termination"). The Severance Agreements provide for enhanced severance benefits if the officer incurs a qualifying termination within two years following a change in control (as defined in the Severance Agreements).

In December 2007, we entered into amendments ("2007 Severance Amendments") to our Severance Agreements with each of the NEOs serving at such time. The 2007 Severance Amendments primarily add or modify provisions to the Severance Agreements in order to avoid the imposition of additional taxes and interest pursuant to Section 409A of the Internal Revenue Code of 1986, as amended ("Code"). The 2007 Severance Amendments also made certain other changes that include (1) elimination of disability and death benefits in the event of a qualifying termination and (2) clarification or modification of certain defined terms and other provisions. The provisions reflected in the Severance Agreements have been incorporated into Severance Agreements subsequently entered into with executive officers.

In April 2009, we entered into amendments ("2009 Severance Amendments") to our Severance Agreements with each of the NEOs serving at such time. The 2009 Severance Amendments modify the Severance Agreements primarily by clarifying certain parameters relating to the vesting of the 2009 Performance RSAs and any prospective performance awards in the event of a qualifying termination.

We periodically review the level of the officer severance benefits by analyzing our severance benefits as compared to competitive market severance and change-in-control practices as provided in surveys and information from third parties, which may include the Compensation Consultant, Mercer, and RiskMetrics Group. Subsequent Severance Agreements may be different as a result of such reviews.

Details regarding the severance benefits provided under the Severance Agreements and the potential value thereof are provided below at "— Potential Payments Upon Termination of Employment" in this "VII. Executive Compensation."

Other Benefits and Perquisites

In addition to base pay, short-term incentives, long-term incentives and severance benefits, we provide the other benefits outlined below. We believe these other benefits support our overall attraction and retention objectives.

Retirement Benefits

Our executives are eligible to participate in our 401(k) Plan under the same parameters applicable to all other employees, including eligibility for (1) a base matching contribution from us (which is subject to the Committee's discretion) equal to 100% of the first 3% of the executive's compensation contributed ("Base Match") and (2) a discretionary annual matching contribution from us (which is also subject to the Committee's discretion) equal to 100% of the next 3% of the executive's compensation contributed,

subject to IRS limitations (“Discretionary Match”). The value of our Base Match and Discretionary Match contributions for each NEO for the 2009, 2008 and 2007 401(k) Plan years are provided below in the table at “—Summary Compensation Table” in this “VII. Executive Compensation.”

Health and Welfare Benefits

Our executives are eligible to participate in the same health and welfare benefits that are available to our other eligible employees, such as medical, dental, life and disability insurance. The value of the health and welfare benefits paid by us for each NEO in 2009, 2008 and 2007 is provided below in the tables at “—Summary Compensation Table” and “—All Other Compensation Table” in this “VII. Executive Compensation.”

Relocation Benefits

In general, we do not offer our executives significant perquisites, other than relocation assistance (which includes expatriate benefits for international assignments). We generally offer relocation assistance to all of our employees who we ask to relocate in connection with their employment with us, with the level of benefits generally corresponding to the level of the employee’s position. We have found that relocation assistance can play an important role in attracting qualified new hire candidates or transferring existing employees to our various office locations. The primary benefits provided under our relocation assistance program to our NEOs and other senior management are generally: reasonable moving and related expenses, closing costs related to selling and buying a house, and temporary living expenses, if needed, for up to 60 days. In 2007 we provided relocation benefits to Mr. Young as described below in the table and related footnotes at “—All Other Compensation Table” in this “VII. Executive Compensation.” No relocation benefits were provided to our NEOs in 2009 or 2008.

Other Matters

Stock Ownership Guidelines

In order to further align the interests of our senior management with those of our stockholders, we have adopted certain stock ownership guidelines designed to support a culture of ownership among the NEOs and certain other senior officers. The Committee believes the maintenance of Common Stock ownership guidelines motivates executives to perform in accordance with the interests of our stockholders. The guideline ownership levels are designed to ensure the executives have a meaningful economic stake in the Common Stock, while satisfying the executives’ need for portfolio diversification.

Our stock ownership guidelines provide that our NEOs should acquire the following specified number of shares of Common Stock, which number does not include unvested performance-based RSAs and unexercised stock options:

<u>Executive</u>	<u>Title</u>	<u>Number of Shares</u>
W. Benjamin Moreland	President & CEO	100,000
John P. Kelly	EVC	100,000
Jay A. Brown	SVP, CFO & Treasurer	45,000
James D. Young	SVP & COO	45,000
E. Blake Hawk	EVP & General Counsel	45,000

Current officers have until May 20, 2014 to acquire the applicable number of shares specified by the guidelines. As of the Record Date, each of the NEOs serving at that time held in excess of the number of shares of Common Stock specified by the stock ownership guidelines.

[Table of Contents](#)

In addition, any other officer appointed who reports directly to the CEO shall be subject to stock ownership guidelines relating to 45,000 shares of Common Stock, with such officer having five years from the effective date of his or her appointment to acquire the applicable number of shares.

Accounting and Tax Impacts upon Executive Compensation

For a discussion of the accounting impacts on various elements of long-term incentive compensation, see notes 2 and 14 to our consolidated financial statements in our 2009 Form 10-K and notes 1 and 12 in our 2008 Form 10-K and our 2007 Form 10-K.

Section 162(m) of the Code ("Section 162(m)") generally disallows a public company's tax deduction for compensation paid to the CEO and the four other most highly compensated officers in excess of \$1 million in any taxable year. However, qualifying performance-based compensation is not subject to the deduction limit if certain requirements are satisfied.

In determining executive compensation, the Committee considers, among other factors, the possible tax consequences. Tax consequences, including tax deductibility, are subject to many factors (such as changes in the tax laws) that are beyond our control. In addition, the Committee believes that it is important for it to retain maximum flexibility in designing compensation programs that meet its stated objectives. For these reasons, the Committee, while considering tax deductibility as one of the factors in determining compensation, does not limit compensation to those levels or types of compensation that will be deductible by us.

To this end, the AI Plan does not qualify for the Section 162(m) exemption even though it is an annual performance-based cash program primarily because the Committee maintains some level of subjectivity regarding the payout multiple applied to the executive based on the Committee's assessment of the executive's individual performance.

All compensation attributable to the vesting of Performance RSAs and stock option exercises during 2009, 2008 and 2007 satisfied the requirements for deductibility under Section 162(m).

The portion of combined base salary and AI award in excess of \$1 million for (1) Mr. Moreland and Mr. Kelly for 2009 and (2) Mr. Kelly for 2008 and 2007, does not qualify as performance-based compensation under Section 162(m) and is not deductible by us. In 2009, only Mr. Moreland and Mr. Kelly had non-performance based compensation that exceeded the \$1 million threshold described above; and in 2008 and 2007, only Mr. Kelly had non-performance based compensation that exceeded such \$1 million threshold.

Compensation Committee 2009 Report

The Compensation Committee has reviewed and discussed the disclosure set forth above under the heading "Compensation Discussion and Analysis" with management and, based on the review and discussions, it has recommended to the Board that the "Compensation Discussion and Analysis" be included in this Proxy Statement.

Respectfully submitted by the Compensation Committee of the Board,

David C. Abrams (Chair)
Ari Q. Fitzgerald
Robert E. Garrison II

For Mr. Brown, the first grant listed represents Time Vested RSAs granted in 2006 as an Annual RSA ("2006 Time Vested RSA") and the second grant listed represents the 2007 Time Vested RSAs. For Mr. Young, the first grant listed represents the remaining unvested portion of his New Hire RSAs that were granted to him on October 20, 2005 ("2005 New Hire RSAs"). Mr. Young began working for us on October 17, 2005. Mr. Young's 2005 New Hire RSAs time vest as follows:

Potential Payments Upon Termination of Employment

Severance Agreements. We have entered into Severance Agreements containing non-compete and non-solicitation provisions with each NEO.¹⁷

Pursuant to each Severance Agreement, we are required to provide severance benefits to the officer if such officer's employment is terminated pursuant to a Qualifying Termination (as defined in footnote (a) to the table below). The Severance Agreements provide for enhanced severance benefits if the officer's employment is terminated in connection with a Qualifying Termination Upon Change in Control (as defined in footnote (a) to the table below). Upon a Qualifying Termination that does not occur during a change in control period, the executive officer is entitled to:

- a lump sum payment equal to the sum of the officer's base salary and annual incentive multiplied by two (for Messrs. Moreland, Kelly and Hawk) or one (for all other NEOs covered by a Severance Agreement). For Messrs. Moreland, Kelly and Hawk annual incentive is defined as 75% of such officer's base salary. For Mr. Young, annual incentive is defined as 55% of such officer's base salary. For Mr. Brown, annual incentive is defined as 65% of such officer's base salary;
- a prorated cash amount equal to the officer's annual incentive for the year of termination;
- a cash amount equal to the officer's prior year actual annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers;
- continued coverage under specified health and welfare benefit programs for either two years (for Messrs. Kelly, Moreland and Hawk) or one year (for all other NEOs covered by a Severance Agreement);
- continued participation in the 401(k) Plan for the calendar year of the date of termination including our contributions based upon participation or matching (with payment of the after-tax economic equivalent if and to the extent such is not permitted under the 401(k) Plan or by applicable law); and
- with respect to any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) held by the officer, either (1) immediate vesting (for Messrs. Moreland, Kelly and Hawk)¹⁸ or (2) continued vesting for two years after termination (for all other NEOs covered by a Severance Agreement).

In connection with a Qualifying Termination Upon Change in Control, the officer is entitled to:

- a lump sum payment equal to the sum of the officer's base salary and annual incentive multiplied by three (for Messrs. Kelly, Moreland and Hawk) or two (for all other NEOs covered by a Severance Agreement). For Messrs. Moreland, Kelly and Hawk annual incentive is defined as 75% of such officer's base salary. For Mr. Young, annual incentive is defined as 55% of such officer's base salary. For Mr. Brown, annual incentive is defined as 65% of such officer's base salary;
- a prorated cash amount equal to the officer's annual incentive for the year of termination,
- a cash amount equal to the officer's prior year actual annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers;

¹⁷ Mr. Kelly's Severance Agreement expired in connection with his resignation as EVC on December 31, 2009. The description of Mr. Kelly's Severance Agreement in this "Potential Payments Upon Termination of Employment" section and the tables herein reflect the terms of Mr. Kelly's Severance Agreement while it was in effect on and prior to December 31, 2009. In connection with his resignation, Mr. Kelly did not receive any compensation or benefits pursuant to his Severance Agreement.

¹⁸ In lieu of immediate vesting, the 2009 and 2010 Performance RSAs continue to vest pursuant to the performance criteria for such RSAs.

Table of Contents

- continued coverage under specified health and welfare benefit programs for either three years (for Messrs. Moreland, Kelly and Hawk) or two years (for all other NEOs covered by a Severance Agreement);
- continued participation in the 401(k) Plan for the calendar year of the date of termination including our contributions based upon participation or matching (with payment of the after-tax economic equivalent if and to the extent such is not permitted under the 401(k) Plan or by applicable law); and
- immediate vesting of any outstanding RSAs¹⁹ and stock options (which remain exercisable for two years following employment or service as a director, if applicable), held by the officer.

Each of the Severance Agreements also has provisions that generally prohibit the officer, for a period of 12 months following the termination of such officer's employment with us, from (1) engaging in business activities relating to wireless communication or broadcast towers which compete with us or our affiliates in the United States or Australia and (2) soliciting our employees and our affiliates. The following table and footnotes thereto summarize the alternative termination benefits that would be payable under different termination scenarios in accordance with each NEO's Severance Agreement. The information provided assumes the NEO's termination occurred as of December 31, 2009.

(a) Represents the various employment termination scenarios as defined in the NEO's Severance Agreements. Generally, each of the scenarios can be described as follows:

- A "Qualifying Termination" occurs upon (1) our termination of the executive's employment with us for any reason other than for Cause (as defined in the Severance Agreements) or disability or death, or (2) the executive's termination of employment with us within 60 days of the occurrence of an event that constitutes Good Reason (as defined in the Severance Agreements).
- A "Non-Qualifying Termination" occurs upon any termination of the executive's employment with us other than a Qualifying Termination.

¹⁹ The 2009 and 2010 Performance RSAs vest immediately with respect to the Target Shares and continue to vest pursuant to the performance criteria with respect to the remaining shares.

Table of Contents

- A "Qualifying Termination Upon Change in Control" occurs upon a Qualifying Termination of the executive within two years following a Change in Control (as defined in the Severance Agreements).
- (b) Represents the lump sum payment equal to the sum of the NEO's base salary and annual incentive multiplied by three and two for Messrs. Moreland, Kelly and Hawk, and two and one for Messrs. Brown and Young for a Qualifying Termination Upon Change in Control and Qualifying Termination, respectively. For Messrs. Moreland, Kelly and Hawk annual incentive is defined as 75% of such NEO's base salary. For Mr. Young annual incentive is defined as 55% of such NEO's base salary. For Mr. Brown, annual incentive is defined as 65% of such NEO's base salary.
- (c) Represents the value of accelerating the vesting of the outstanding unvested RSAs as of December 31, 2009 (calculated as the number of accelerated RSAs multiplied by \$39.04, the closing price per share of our Common Stock on December 31, 2009). In connection with a Qualifying Termination Upon Change in Control, any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) held by the NEO immediately vest, provided that the 2009 Performance RSAs and 2010 Performance RSAs vest immediately with respect to the Target Shares held by the NEOs and continue to vest pursuant to the performance criteria with respect to the remaining 2009 Performance RSA shares and 2010 Performance RSA shares for Messrs. Moreland, Kelly and Hawk. Upon a Qualifying Termination that does not occur during a change in control period, any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) either (1) immediately vest for Messrs. Moreland, Kelly and Hawk, provided that the 2009 Performance RSAs and 2010 Performance RSAs continue to vest pursuant to the performance criteria for such RSAs or (2) continue to vest for two years after termination for Messrs. Brown and Young.
- (d) Other termination benefits represent the following items:
 - A prorated cash amount equal to the officer's annual incentive for the year of termination. For Messrs. Moreland, Kelly and Hawk annual incentive is defined as 75% of such NEO's base salary. For Mr. Young annual incentive is defined as 55% of such NEO's base salary. For Mr. Brown, annual incentive is defined as 65% of such NEO's base salary. The payment of a cash amount equal to the NEO's prior year annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers is permitted under the Severance Agreements but would not apply under this scenario since termination is assumed to occur as of December 31, 2009, and any prior year actual annual incentives relating to 2008 would have already been paid.
 - An estimate of the premiums paid by us for continued coverage under specified health and welfare benefit programs.
 - An estimate of our 401(k) Plan matching contributions for continued participation in the 401(k) Plan for 2009, the year in which termination of employment is assumed to occur under this scenario. Assuming termination of employment occurs on December 31, 2009, this amount includes our Discretionary Match contribution for 2009 which is \$7,350 since each of the NEOs achieved the level of contribution necessary for 2009 to be eligible for the 3% Discretionary Match.
- (e) In accordance with the NEOs' Severance Agreements, we will provide a tax assistance payment to cover any excise tax imposed under Code Section 4999. There should be no excise tax imposed on any of the NEOs as the parachute amount is less than the IRC Section 280G parameters of three times the base amount, except with respect to Messrs. Brown and Young.
- (f) Represents an estimate of the alternative total potential payments upon termination of employment that would be paid to or accrued for each NEO assuming the NEO's employment terminated under different scenarios as of December 31, 2009.
- (g) See footnote 17 above in this "–Potential Payments Upon Termination of Employment" section regarding the expiration of Mr. Kelly's Severance Agreement in connection with his resignation as EVC effective December 31, 2009.

VIII. AUDIT COMMITTEE MATTERS

The Board has established an Audit Committee comprised entirely of independent directors, as defined in the rules and regulations of the NYSE and SEC. Upon the recommendation of the Audit Committee and in compliance with the regulations of the NYSE, the Board has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members and the responsibilities of the Audit Committee. The Audit Committee Charter can be found under the Investor Relations section of our website at <http://www.crowncastle.com/investor/corpgovernance.asp>.

The Audit Committee has adopted certain procedures under which audit and non-audit services to be rendered by our independent registered public accountants are pre-approved. Such procedures provide that between the regularly scheduled meetings of the Audit Committee, each member of the Audit Committee (with preference given to the Chairman of the Audit Committee, if available) is authorized to pre-approve fees presented by an officer relating to audit and permitted non-audit related engagements of our independent registered public accountants, up to an aggregate of \$100,000 of such fees not previously approved or ratified by the Audit Committee; provided, however, that any fees so approved regarding engagements or services relating to our securities offerings are not subject to or included in the calculation of such \$100,000 limit. At each regularly scheduled meeting of the Audit Committee, our officers present to the Audit Committee a schedule detailing any fees and engagements approved pursuant to the foregoing procedures by a member of the Audit Committee since the last regularly scheduled meeting of the Audit Committee.

No services were provided by the independent registered public accountants in 2009 that were approved by the Audit Committee under SEC Regulation S-X Section 2-01(c)(7)(i)(C) (which addresses certain services considered de minimus approved by the Audit Committee after such services have been performed).

In addition, in accordance with regulations promulgated by the SEC, the Audit Committee has issued the following report.

On behalf of the Board of Directors, the Audit Committee, among other functions, performs an oversight role relating to CCIC's financial statements and accounting practices, systems of internal control, the independence and the performance of the independent accountants, and the performance of the internal audit function.

IX. OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC and the NYSE reports of ownership and changes in ownership of Common Stock and our other equity securities. Executive officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based on the review of copies of such reports furnished to us and written representations that no other reports were required, we believe that, during the 2009 fiscal year, our executive officers, directors and greater than 10% beneficial owners timely complied with all Section 16(a) filing requirements applicable to them, except that (1) each of Mr. Garrison and Mr. Brown filed one late report with respect to one transaction and (2) Mr. Kelley filed three late reports with respect to one transaction each.

Stockholder Recommendation of Director Candidates

Stockholders may recommend potential candidates for consideration by the NCG Committee by sending a written request to our Corporate Secretary. The written request must include the candidate's name, contact information, biographical information and qualifications. The request must also include the potential candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if nominated and elected. The stockholder or group of stockholders making the recommendation must also disclose, with the written request, the number of securities that the stockholder or group beneficially owns and the period of time the stockholder or group has beneficially owned the securities. Additional information may be requested from the nominee or the stockholder by the NCG Committee from time to time. As and if determined by the NCG Committee, potential candidates must also make themselves available to be interviewed by the NCG Committee, the Board and members of our executive management.

The NCG Committee reserves the right not to have any communications with the recommending stockholder or the candidate regarding the evaluation process of the candidate or the NCG Committee's conclusions regarding such evaluation.

Stockholder Nominations and Proposals for 2011 Annual Meeting

Stockholders wishing to have a proposal included in the Board's 2011 proxy statement must submit the proposal so that our Corporate Secretary receives it at our principal executive offices no later than December 9, 2010. If the date of the 2011 Annual Meeting is changed by more than 30 days from the date of the 2010 Annual Meeting, the deadline for submitting proposals to be included in the Board's 2011 proxy statement will be a reasonable time before we begin to print and mail our proxy materials for our 2011 Annual Meeting.

Stockholders may make nominations for directors and introduce proposals or other business to be considered at the 2011 Annual Meeting provided such nominations and proposals are in accordance with our bylaws and involve proper matters for stockholder action. Such stockholder nominations and proposals and other business for the 2011 Annual Meeting must be received not less than 90 days (February 17, 2011) nor more than 120 days (January 18, 2011) before May 18, 2011 (the first anniversary date of the 2010 Annual Meeting) at our principal executive offices, Crown Castle International Corp., 1220 Augusta Drive, Suite 500, Houston, TX 77057, Attn: Corporate Secretary. If the 2011 Annual Meeting is advanced by more than 30 days, or delayed by more than 90 days, from the date of the 2010 Annual Meeting, the nomination or proposal must be delivered not earlier than the

[Table of Contents](#)

120th day prior to the 2011 Annual Meeting and not later than the later of the 90th day prior to the 2011 Annual Meeting or the 10th day following the announcement of the change in the 2011 Annual Meeting date. The notice of nominations for the election of directors must set forth certain information concerning the stockholder giving the notice and each nominee. A copy of the applicable bylaw provision may be obtained, without charge, upon written request to our Corporate Secretary.

If the date of the 2011 Annual Meeting is advanced or delayed by more than 30 calendar days from the date of the 2010 Annual Meeting, we shall, in a timely manner, inform stockholders of such change, by including a notice, under Item 5, in our earliest possible quarterly report on Form 10-Q. The notice will include the new deadline for submitting proposals to be included in the Board's 2011 proxy statement and the new date for determining whether we have received timely notice of a nomination or proposal.

Legal Proceedings

In February 2007, plaintiffs filed a consolidated petition styled *In Re Crown Castle International Corp. Derivative Litigation*, Cause No. 2006-49592; in the 234th Judicial District Court, Harris County, Texas, which consolidated five shareholder derivative lawsuits filed in 2006. The lawsuit names various of our current and former directors and officers (including each of the current directors on the Board and each of the currently serving NEOs, other than Ms. Christy and Messrs. Garrison, Abrams, Brown and Young). The lawsuit makes allegations relating to our historic stock option practices and alleges claims for breach of fiduciary duty and other similar matters. Among the forms of relief, the lawsuit seeks alleged monetary damages sustained by our holding company, Crown Castle International Corp. In January 2010, an amended and restated order was entered granting the Company's special exception and dismissing the plaintiffs' claims with respect to the consolidated petition styled *In Re Crown Castle International Corp. Derivative Litigation*, Cause No. 2006-49592, in the 234th Judicial District Court, Harris County, Texas, based on the plaintiffs' failure to establish demand futility on the Board.

Expenses Relating to this Proxy Solicitation

We will pay all expenses relating to this proxy solicitation. In addition to this solicitation by mail, our officers, directors, and employees may solicit proxies by telephone or personal call without extra compensation for that activity. We also expect to reimburse banks, brokers and other persons for reasonable out-of-pocket expenses in forwarding proxy material to, and obtaining voting instructions from, beneficial owners of our stock.

Available Information

We maintain an Internet website at www.crowncastle.com. Copies of the Committee charters of each of the Audit Committee, Compensation Committee and the NCG Committee, together with certain other corporate governance materials, including our Financial Code of Ethics, Corporate Governance Guidelines and Business Practices and Ethics Policy, can be found under the Investor Relations section of our website at <http://www.crowncastle.com/investor/corpgovernance.asp>, and such information is also available in print to any stockholder who requests it through our Corporate Secretary at the address below.

We will furnish without charge to each person whose proxy is being solicited, upon request of any such person, a copy of the 2009 Form 10-K as filed with the SEC, including the financial statements and schedules thereto, but not the exhibits. In addition, such report is available, free of charge, through the investor relations section of our Internet website at <http://www.crowncastle.com/investor/10K/CrownCastle2009-10k.pdf>. A request for a copy of such report should be directed to Crown Castle International Corp., 1220 Augusta Drive, Suite 500, Houston, Texas 77057, Attention: Corporate Secretary. A copy of any exhibit to the 2009

Form 10-K will be forwarded following receipt of a written request with respect thereto addressed to the Corporate Secretary.

Householding of Proxy Materials

In order to reduce expenses, we are taking advantage of certain SEC rules, commonly known as “householding,” that permit us to deliver, in certain cases, only one Proxy Materials Notice, 2009 Form 10-K or Proxy Statement, as applicable, to multiple stockholders sharing the same address, unless we have received contrary instructions from one or more of the stockholders. If you received a househomed mailing this year and would like to have additional copies of the Proxy Materials Notice, 2009 Form 10-K or other proxy materials sent to you, or if you would like to revoke your consent to the householding of documents in the future, please call 1-800-542-1061 or write to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717.

**Independence Categorical Standards
(October 16, 2008)**

The board of directors ("Board") of Crown Castle International Corp. ("Company") has established the following guidelines to assist it in determining whether a director of the Company ("Director") has a "material relationship" with the Company and is "independent". Each of the relationships described below is not a "material relationship" by itself and therefore will not prevent a Director from being "independent":

- **Certain Relationships.** Directorship more than three years after: (i) the Director was employed by the Company; (ii) an immediate family member of the Director ("Family Member") was employed by the Company as an executive officer; (iii) the Director or a Family Member (in a professional capacity) was a partner with or employed by the Company's internal or external auditor ("Auditor") and personally worked on the Company's audit; or (iv) a present executive officer of the Company served on the compensation committee of a company which employed at the same time the Director or a Family Member as an executive officer.
- **Current Employment.** A Family Member (i) is employed by the Company in a non-officer position or (ii) is employed by, but is not a partner with, the Auditor and does not personally work on the Company's audit.
- **Compensation.** A Director or a Family Member receives or has received less than \$120,000 during any 12-month period in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- **Business Relationships.** A Director or a Family Member is or was a partner, greater than 10% shareholder, director, officer or employee of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, does not exceed the greater of (a) \$1 million, or (b) two percent (2%) of such other company's consolidated gross revenues.
- **Indebtedness.** A Director or a Family Member is a partner, greater than 10% shareholder, director, officer or employee of a company that is indebted to the Company or to which the Company is indebted, and the total amount of each company's indebtedness to the other is less than two percent (2%) of the total consolidated assets of such other company.
- **Charitable Contributions.** A Director is a trustee, fiduciary, director, officer or employee of a tax-exempt organization to which the Company contributes, and the Company's contributions in any single fiscal year to the organization does not exceed the greater of (a) \$500,000, or (b) one percent (1%) of that organization's total annual receipts.
- **Stock Ownership.** Direct or indirect ownership by a Director of a significant amount of Company stock (including securities convertible into Company stock).

An "immediate family member" is a Director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares such Director's home.

If a Director has a significant relationship with the Company that is not described above, or is outside of the parameters above, and the Board determines that the Director is "independent", the Board will disclose the basis for such determination in the Company's annual proxy statement. In addition, members of the Audit Committee are subject to additional standards relating to their independence.
