The Notice of Annual Meeting and Proxy Statement ("Proxy Statement") accompanying this letter describe the business to be conducted at the meeting.

The Board of Directors welcomes this opportunity to have a dialogue with our stockholders and looks forward to your comments and questions.

We have elected to furnish proxy materials and our 2012 Annual Report on Form 10-K ("2012 Form 10-K") to many of our stockholders over the Internet pursuant to Securities and Exchange Commission rules, which allows us to reduce costs associated with the Annual Meeting. The Proxy Materials Notice also contains instructions on how you can elect to receive a printed copy of the Proxy Statement and 2012 Form 10-K, if you only received a Proxy Materials Notice by mail.

It is important that your shares be represented at the meeting, regardless of the number you may hold. *Whether or not you plan to attend, please promptly submit your proxy in one of the ways outlined in the following Notice of Annual Meeting and Proxy Statement in order to have your shares voted at the Annual Meeting.*

I. INFORMATION ABOUT VOTING

Solicitation of Proxies. The Board of Directors (“Board”) of Crown Castle International Corp. is soliciting proxies for use at our 2013 Annual Meeting of Stockholders (“Annual Meeting”) and any adjournments or postponements of the Annual Meeting. The Annual Meeting will be held on May 23, 2013 at 9:00 a.m. Central Time at our principal executive offices located at 1220 Augusta Drive, Suite 500, Houston, Texas 77057. This proxy statement (“Proxy Statement”), the form of proxy and our Annual Report on Form 10-K for the year ended December 31, 2012 (“2012 Form 10-K”) are being distributed or made available via the Internet to our stockholders on or about April 8, 2013.

Notice of Internet Availability of Proxy Materials. The Securities and Exchange Commission (“SEC”) has adopted rules for the electronic distribution of proxy materials. We have elected to provide access to our proxy materials and 2012 Form 10-K on the Internet, instead of mailing the full set of printed proxy materials, which allows us to reduce costs associated with the Annual Meeting. On or about April 8, 2013, we intend to mail to most of our stockholders a Notice of Internet Availability of Proxy Materials (“Proxy Materials Notice”) containing instructions on how to access our Proxy Statement and 2012 Form 10-K and how to submit a proxy online. If you receive a Proxy Materials Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. Instead, the Proxy Materials Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and 2012 Form 10-K. The Proxy Materials Notice also instructs you on how you may submit your proxy over the Internet. If you received a Proxy Materials Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Proxy Materials Notice.

Agenda Items. The agenda for the Annual Meeting is to consider and vote upon the following matters:

- the election of three class III directors: Edward C. Hutcheson, Jr., J. Landis Martin and W. Benjamin Moreland;
- the ratification of the appointment of PricewaterhouseCoopers LLP (“PwC”) as our independent registered public accountants for fiscal year 2013;
- a proposal to approve our 2013 Long-Term Incentive Plan;
- an amendment to our Amended and Restated Certificate of Incorporation (“Charter”) to declassify our Board;
- a non-binding, advisory vote regarding the compensation of our named executive officers; and
- such other business as may properly come before the Annual Meeting.

Who can Vote. You can vote at the Annual Meeting if you are, on the Record Date, a holder of record of our common stock, par value of \$0.01 per share (“Common Stock”). The record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting is the close of business on March 25, 2013 (“Record Date”). Holders of Common Stock will have one vote for each share of Common Stock owned of record as of the Record Date. As of the close of business on the Record Date, there were 293,771,739 shares of Common Stock outstanding.

A complete list of the stockholders entitled to vote at the meeting will be available for examination by any stockholder of record at our offices at 1220 Augusta Drive, Suite 500, Houston, Texas 77057 for a period of 10 days prior to the Annual Meeting. The list will also be available for examination by any stockholder of record present at the Annual Meeting.

How to Vote. You may submit your proxy for your shares in any of the following ways:

- if you receive a printed proxy card, mark, sign, date and return the proxy card (see instructions on the Proxy Materials Notice on how to request a printed proxy card);

[Table of Contents](#)

- call the toll-free telephone number shown at the website address listed on your Proxy Materials Notice or on your proxy card; or
- visit the website shown on your Proxy Materials Notice or the proxy card to submit a proxy via the Internet.

Alternatively, you may vote in person at the Annual Meeting (if you are a beneficial owner whose shares are held in the name of a bank, broker or other nominee, you must obtain a legal proxy, executed in your favor, from the stockholder of record (that is, your bank, broker or nominee) to be able to vote at the Annual Meeting).

Have your Proxy Materials Notice or proxy card in front of you when submitting a proxy by telephone or the Internet; it contains important information that is required to access the system.

Use of Proxies. All proxies that have been properly submitted—whether by Internet, telephone or mail—and not revoked will be voted at the Annual Meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board. The Board recommends the following vote for each of the proposals to be considered and voted upon at the Annual Meeting:

- **FOR** the election of the three class III director nominees named in this Proxy Statement (Proposal 1);
- **FOR** the ratification of the appointment of PwC as our independent registered public accountants for fiscal year 2013 (Proposal 2);
- **FOR** the proposal to approve our 2013 Long-Term Incentive Plan (Proposal 3);
- **FOR** the amendment to our Charter to declassify our Board (Proposal 4); and
- **FOR** the non-binding, advisory vote regarding the compensation of our named executive officers (Proposal 5).

If any other matters are properly presented at the Annual Meeting for consideration and if you have submitted a proxy for your shares by Internet, telephone or mail, the persons named as proxies in the proxy card will have the discretion to vote on those matters for you. At the date we filed this Proxy Statement with the SEC, we do not know of any other matters to be raised at the Annual Meeting.

Revoking a Proxy. You may revoke your proxy at any time before it is exercised. You can revoke a proxy by:

- delivering a timely written notice of revocation to our Corporate Secretary, Crown Castle International Corp., 1220 Augusta Drive, Suite 500, Houston, Texas 77057;
- submitting a timely, later-dated proxy by Internet, telephone or mail (see instructions on your Proxy Materials Notice or proxy card); or
- attending the Annual Meeting and voting in person (see “—How to Vote” above and “—Annual Meeting Admission” below in this “I. Information About Voting” regarding voting at the meeting if your shares are held in the name of a bank, broker or other nominee). Attendance at the meeting alone will not constitute a revocation of a proxy.

The Quorum Requirement. A quorum of stockholders is needed to hold a valid Annual Meeting. A quorum will exist to hold a valid Annual Meeting if the holders of at least a majority in voting power of the outstanding shares of Common Stock entitled to vote at the Annual Meeting attend the Annual Meeting in person or are represented by proxy. Abstentions and broker non-votes are counted as present for the purpose of establishing a quorum.

[Table of Contents](#)

Vote Required for Action. Each director shall be elected (Proposal 1) by a majority of the votes cast by the holders of shares of Common Stock entitled to vote and present in person or represented by proxy (a majority of the votes cast means that, to be elected, the number of votes cast “for” a nominee must exceed the number of votes cast “against” the nominee). The affirmative vote of the holders of a majority of the voting power of the shares of Common Stock present in person or represented by proxy at the annual meeting and entitled to vote on such matter is required to approve each of (1) the ratification of PwC as our independent registered public accountants for fiscal year 2013 (Proposal 2), (2) the proposal to approve our 2013 Long-Term Incentive Plan (Proposal 3) and (3) the non-binding, advisory resolution regarding the compensation of our named executive officers (Proposal 5). The affirmative vote of the holders of at least 80% of the voting power of the outstanding shares of Common Stock entitled to vote on such matter as of the Record Date shall be required to approve the amendment to our Charter to declassify our Board (Proposal 4).

Generally, all other actions which may come before the Annual Meeting require the affirmative vote of the holders of a majority of the voting power of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such matters.

With respect to all proposals other than the election of directors (Proposal 1) and the proposal to amend our Charter to declassify our Board (Proposal 4), abstentions have the same effect as votes against, and broker non-votes have no effect. With respect to the election of directors, abstentions and broker non-votes are not counted as a vote cast “for” or “against” a nominee. With respect to the proposal to amend our Charter to declassify our Board, abstentions and broker non-votes have the same effect as votes against.

Annual Meeting Admission. You may attend the meeting if you are (1) a stockholder of record, (2) a legal proxy for a stockholder of record, or (3) a beneficial owner with evidence of ownership as of the Record Date (such as a letter from the bank, broker or other nominee through which you hold your shares confirming your ownership or a bank or brokerage firm account statement). If you are a stockholder of record who plans to attend the Annual Meeting, please mark the appropriate box on your proxy card (or note your intention to attend when prompted via Internet or telephone proxy submission). For all attendees, a valid picture identification must be presented in order to attend the meeting.

As noted above in “—How to Vote” of this section “I. Information About Voting,” if you are a beneficial owner and wish to vote at the Annual Meeting, you must obtain a legal proxy, executed in your favor, from the bank, broker or other nominee through which you hold your shares and present it at the Annual Meeting. To request a legal proxy please follow the instructions at the website listed on the Proxy Materials Notice.

If you are a beneficial owner and plan to attend the meeting in person, please send written notification in advance of the Annual Meeting to our Corporate Secretary at Crown Castle International Corp., 1220 Augusta Drive, Suite 500, Houston, Texas 77057, and enclose a copy of (1) evidence of your ownership as of the Record Date or (2) a legal proxy, executed in your favor, from the institution through which you hold your shares.

II. PROPOSALS

1. Election of Directors

We have three classes of directors of as nearly equal size as possible. The term for each class is three years. Class terms expire on a rolling basis, so that one class of directors is elected each year. The term for current class III directors (Edward C. Hutcheson, Jr., J. Landis Martin and W. Benjamin Moreland) expires at the Annual Meeting.

The nominees for class III directors this year are: Edward C. Hutcheson, Jr., J. Landis Martin and W. Benjamin Moreland.

In accordance with our Bylaws, each incumbent director nominee has tendered an irrevocable resignation that will be effective upon (1) failure to receive the required vote for election at the Annual Meeting and (2) the Board's subsequent acceptance of such resignation. If an incumbent director nominee fails to receive the required vote for re-election, the Nominating & Corporate Governance Committee ("NCG Committee") and the Board should act to determine whether to accept or reject the resignation, or whether other action should be taken.

Each nominee has consented to be nominated and has expressed his or her intention to serve if elected. The Board expects that each of the nominees for class III directors will be able and willing to serve as a director. If any nominee is not available, the proxies may be voted for another person nominated by the current Board to fill the vacancy, or the size of the Board may be reduced. Information about the nominees, the continuing directors and the Board is contained in the next section of this Proxy Statement (see "III. Board of Directors").

The Board recommends a vote FOR the election of Edward C. Hutcheson, Jr., J. Landis Martin and W. Benjamin Moreland as class III directors.

2. Ratification of Appointment of Independent Registered Public Accountants

The Audit Committee of the Board ("Audit Committee") has appointed PwC to continue to serve as our independent registered public accountants for fiscal year 2013. In the event the stockholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee. Approval of the resolution will in no way limit the Audit Committee's authority to terminate or otherwise change the engagement of PwC for fiscal year 2013.

We were billed for professional services provided with respect to fiscal years 2012 and 2011 by PwC in the amounts set forth in the following table.

<u>Services Provided</u>	<u>2012</u>	<u>2011</u>
Audit Fees(a)	\$2,154,000	\$1,287,000
Audit-Related Fees(b)	40,000	65,000
Tax Fees(c)	392,000	433,000
All Other Fees(d)	5,000	5,000
Total	<u>\$2,591,000</u>	<u>\$1,790,000</u>

(a) Represents the aggregate fees billed for professional services rendered by PwC for the audit of our annual financial statements, review of financial statements included in our quarterly reports on Form 10-Q, services related to the audit of internal control over financial reporting, and other services normally provided by our principal auditor in connection with statutory and regulatory filings or engagements. The increase in Audit Fees from 2011 to 2012 is primarily related to procedures performed in connection with 2012 acquisitions and registration statements.

(b) Represents the aggregate fees billed for assurance and related services by PwC that are reasonably related to the performance of the audit or review of our financial statements not reported as "Audit Fees." Audit-related fees for 2012 and 2011 primarily relate to services in connection with audits of employee benefit plans.

(c) Represents the aggregate fees billed for professional services rendered by PwC for tax compliance, tax advice and tax planning.

(d) Represents the aggregate fees billed for products and service provided by PwC other than those reported as audit, audit-related or tax fees above, and primarily relates to licenses for technical accounting research software.

We expect a representative of PwC to attend the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires and also will be available to respond to appropriate questions.

The Board recommends a vote FOR ratification of the appointment of PwC as our independent registered public accountants for fiscal year 2013.

3. Proposal to Approve Our 2013 Long-Term Incentive Plan

At the Annual Meeting, the stockholders will be asked to approve the adoption of our 2013 Long-Term Incentive Plan ("2013 Plan"), a copy of which is attached hereto as *Appendix A*. The 2013 Plan is a broad-based incentive plan that provides for the granting of awards to our employees, directors and consultants.

The 2013 Plan is intended to replace our 2004 Stock Incentive Plan, as amended ("2004 Plan"), as the term for granting awards under the 2004 Plan currently expires in February 2014. While the 2013 Plan, like the 2004 Plan, is a broad-based incentive plan providing for the grant of a variety of awards, the only types of awards we have ever issued pursuant to the 2004 Plan are Restricted Stock and Stock Awards (defined below). The 2013 Plan is generally consistent in substance with the 2004 Plan, but with several key updates, including:

- inclusion of RSU Awards (defined below) as an award alternative;
- updated performance goals that may be utilized in connection with Performance Awards (defined below);
- provisions relating to certain tax matters, including Section 162(m) and Section 409A (defined below);
- provisions relating to recoupment of compensation awarded to executives in certain circumstances consistent with our policies as may be established in compliance with Section 954 of the Dodd-Frank Act (defined below).

The 2013 Plan is proposed to enable us to provide a means to continue to attract able directors, employees, and consultants and to provide a means whereby those individuals upon whom the responsibilities rest for our successful administration and management, and whose present and potential contributions are of importance, can acquire and maintain Common Stock ownership, thereby strengthening their concern for our welfare. A further purpose of the 2013 Plan is to provide such individuals with additional incentive and reward opportunities designed to enhance our profitable growth. Accordingly, the 2013 Plan provides for the following:

- discretionary grants to our (or our affiliates') employees, consultants, and directors of (a) shares of Common Stock that are subject to restrictions on disposition and forfeiture to us under certain circumstances ("Restricted Stock"), (b) restricted stock unit awards ("RSU Awards"), (c) shares of Common Stock, without satisfaction of any performance criteria or objectives ("Stock Awards"), (d) stock options that do not constitute Incentive Stock Options ("Non-statutory Stock Options"), (e) stock appreciation rights ("Stock Appreciation Rights"), (f) shares of Common Stock, cash payments, or a combination thereof that may be earned based on the satisfaction of various performance measures ("Performance Awards"), and (g) the right to receive the value of shares of Common Stock, cash payments or a combination thereof which vest over a period of time ("Phantom Stock Awards"); and
- discretionary grants to our employees or the employees of our subsidiary corporations of stock options that constitute incentive stock options ("Incentive Stock Options") as defined in Section 422 of the Internal Revenue Code of 1986, as amended ("Code").

The Board adopted the 2013 Plan on February 21, 2013, subject to stockholder approval at the Annual Meeting. If the 2013 Plan is not approved by our stockholders at the Annual Meeting, then no awards will be granted under the 2013 Plan. If the 2013 Plan is approved by our stockholders at the Annual Meeting, pursuant to an amendment to our 2004 Plan approved by the Board on February 21, 2013, we will not issue any new awards under our 2004 Plan on or after the date of such stockholder approval; provided, that the 2004 Plan and the applicable award agreements will continue to govern

[Table of Contents](#)

any outstanding awards previously issued under the 2004 Plan. The 2004 Plan is our only other existing compensatory plan under which equity awards relating to shares of Common Stock can currently be granted. As of March 25, 2013, the aggregate number of shares of Common Stock that remain available to be issued under the 2004 Plan is 6,124,585 shares.

No awards have been made under the 2013 Plan, and the amount of any benefits cannot be determined at this time.

Reasons the Board Recommends Voting For Approval of the 2013 Plan

The Board believes that encouraging our employees, directors and consultants to own shares of our Common Stock fosters broad alignment between the interests of employees, directors and consultants and the interests of our stockholders. The Board also believes that the 2013 Plan will help us to attract, motivate and retain talented, qualified employees and consultants.

Matters Considered by the Board

In determining to adopt the 2013 Plan (including the number of shares issuable thereunder) and to recommend it to our stockholders for approval, in addition to the reasons noted above, the Board considered a stockholder cost analysis and burn rate analysis prepared by an independent third party consultant ("Plan Consultant"). The Plan Consultant's analysis includes an estimate that the stockholder cost percentage resulting from the implementation of the 2013 Plan could be 5.06%, which is below the 7% dilutive impact threshold noted by the Plan Consultant. The stockholder cost percentage was computed by the Plan Consultant as the estimated cost of the 2013 Plan to stockholders expressed as a percentage of our estimated total market value. The Plan Consultant's analysis indicated that our average burn rate over the three year period from 2010 to 2012 was 1.05% (calculated utilizing the Plan Consultant's internal burn rate formula) as compared to an industry burn rate threshold of 4.85%. The average burn rate over the three fiscal years was calculated by the Plan Consultant as the average of the number of shares underlying awards granted in each such fiscal year divided by the weighted average common shares outstanding for that fiscal year. The Plan Consultant's burn rate formula differs from our internal burn rate formula in that it applies a multiplier to "full value awards" (shares underlying restricted stock awards and other full value awards for which the participant does not pay for the shares), resulting in a higher burn rate.

Potential Impacts of Approval of the 2013 Plan by the Stockholders

The Board believes that adopting the 2013 Plan is in the best interest of the stockholders as the Board believes that granting equity-based compensation will incentivize our employees, directors and consultants to work to achieve stock price appreciation and will better enable us to attract and retain talented, qualified employees and consultants. Implementing the 2013 Plan would dilute the interests of stockholders as the number of shares outstanding would increase as a result of the implementation of the 2013 Plan. While it is not possible to predict with precision the dilutive effect that the approval of the 2013 Plan may have on our stockholders, as noted above, the Plan Consultant's analysis indicates that the stockholder cost percentage is estimated to be 5.06%.

Below is a summary of the terms of the 2013 Plan that is qualified in its entirety by reference to the full text of the 2013 Plan which is attached to this Proxy Statement as *Appendix A*.

Administration

The 2013 Plan will be administered by a committee (for purposes of this Proposal 3, "Committee") appointed by the Board that will be comprised solely of two or more non-employee directors who also

[Table of Contents](#)

qualify as “outside directors” (within the meaning assigned to such term under Section 162(m) of the Code (“Section 162(m)”) and as “Non-Employee Directors” as defined in Rule 16b-3 of the Exchange Act. The Board has appointed the Compensation Committee to initially administer the 2013 Plan.

The Committee will have full authority, subject to the terms of the 2013 Plan, to establish rules and regulations for the proper administration of the 2013 Plan, to select the employees, directors and consultants to whom awards are granted, and to set the dates of grants, the types of awards that shall be made and the other terms of the awards. When granting awards, the Committee will consider such factors as an individual's duties and present and potential contributions to our success and such other factors as the Committee in its discretion shall deem relevant. The Committee may also correct any defect or supply any omission or reconcile any inconsistency in the 2013 Plan or in any agreement relating to an award in the manner and to the extent it shall deem expedient to carry it into effect.

Number of Shares Subject to the 2013 Plan and Award Limits

The aggregate maximum number of shares of Common Stock that may be issued under the 2013 Plan will be 12,500,000 shares (“Plan Share Limit”). The number of shares of Common Stock that are the subject of awards under the 2013 Plan which are forfeited or terminated, expire unexercised, are settled in cash in lieu of shares of Common Stock or in a manner such that all or some of the shares covered by an award are not issued to a participant or are exchanged for awards that do not involve shares will again immediately become available to be issued pursuant to awards granted under the 2013 Plan. If shares of Common Stock are withheld from payment of an award to satisfy tax obligations with respect to the award, those shares will be treated as shares that have been issued under the 2013 Plan and will not again be available for issuance under the 2013 Plan. If shares of Common Stock are tendered in payment of an option price of an option or the exercise price of a SAR, those shares will not be available for issuance under the 2013 Plan.

The aggregate number of shares of Common Stock with respect to which Incentive Stock Options may be granted under the 2013 Plan is 1,000,000 shares. The maximum aggregate number of shares of Common Stock that may be subject to options granted in any one calendar year to any one employee is 1,000,000 shares, determined as of the dates of grant. The maximum aggregate number of shares of Common Stock that may be granted pursuant to Stock Appreciation Rights granted in any one calendar year to any one employee is 1,000,000 shares, determined as of the dates of grant. The maximum aggregate grant with respect to Performance Awards made in any one calendar year to any one employee that are payable in shares of Common Stock is 400,000 shares of Common Stock, determined as of the date of grant. The maximum aggregate amount awarded or credited with respect to Performance Awards to any one employee in any one calendar year that are payable in cash may not exceed \$15,000,000 in value, determined as of the date of grant.

The limitations described above may be adjusted upon a subdivision or consolidation of shares of Common Stock or other capital readjustment, the payment of a stock dividend on Common Stock, or other increase or reduction in the number of shares of Common Stock outstanding without receipt of consideration by our company.

Eligibility

All of our (and our affiliates’) employees, directors and consultants are eligible to participate in the 2013 Plan. The selection of those employees, directors and consultants, from among those eligible, who will receive Incentive Stock Options, Non-statutory Stock Options, Stock Awards, Restricted Stock awards, Performance Awards, Phantom Stock Awards, Stock Appreciation Rights or RSU Awards or any combination thereof is within the discretion of the Committee. However, Incentive Stock Options may be granted only to our employees and employees of our subsidiary corporations. We currently have nine non-employee directors, six executive officers and approximately 1600 other employees that would be eligible to participate in the 2013 Plan.

Term of 2013 Plan

The 2013 Plan will be effective as of February 21, 2013, the date of its adoption by the Board, provided the 2013 Plan is approved by our stockholders at the Annual Meeting. No further awards may be granted under the 2013 Plan after February 21, 2023, and the 2013 Plan will terminate thereafter once all awards have been satisfied, exercised or expire. The Board in its discretion may terminate the 2013 Plan at any time with respect to any shares of Common Stock for which awards have not theretofore been granted.

Restricted Stock

a. **Transfer Restrictions and Forfeiture Obligations.** Pursuant to a Restricted Stock award, shares of Common Stock will be issued or delivered to the employee, director or consultant at the time the award is made without any payment to us (other than for any payment amount determined by the Committee in its discretion), but such shares will be subject to certain restrictions on the disposition thereof and certain obligations to forfeit and surrender such shares to us as may be determined in the discretion of the Committee. The Committee may provide that the restrictions on disposition and the obligations to forfeit the shares will lapse based on (i) the attainment of one or more performance measures established by the Committee, (ii) the continued employment or service with us or our affiliates for a specified period or (iii) the occurrence of any event or the satisfaction of any other condition specified by the Committee in its sole discretion. Upon the issuance of shares of Common Stock pursuant to a Restricted Stock award, except for the foregoing restrictions and unless otherwise provided, the recipient of the award will have all the rights of a stockholder with respect to such shares, including the right to vote such shares and to receive all dividends paid with respect to such shares, which dividends will accrue and be paid when the forfeiture restrictions applicable to the Restricted Stock award have lapsed. At the time of such award, the Committee may, in its sole discretion, prescribe additional terms, conditions, or restrictions relating to Restricted Stock awards, including rules pertaining to the effect of the termination of employment or service as a director or consultant of a recipient of Restricted Stock (by reason of retirement, disability, death or otherwise) prior to the lapse of any applicable restrictions.

b. **Accelerated Vesting.** The Committee may, in its discretion, fully vest (i.e., cause the lapse of forfeiture restrictions with respect to) any outstanding Restricted Stock award as of a date determined by the Committee.

c. **Other Terms and Conditions.** The Committee may establish other terms and conditions for the issuance of Restricted Stock under the 2013 Plan.

Restricted Stock Unit Awards

a. **RSU Awards.** An RSU Award will be similar in nature to a Restricted Stock Award except that no shares of Common Stock or cash will be transferred to the holder of the award until the applicable vesting restrictions lapse or performance conditions have been satisfied. The amount of, and the vesting and the transferability restrictions applicable to, any RSU Award will be determined by the Committee in its sole discretion. The Committee will maintain a bookkeeping ledger account that reflects the number of restricted stock units credited under the 2013 Plan for the benefit of a holder.

b. **RSU Award Agreement.** Each RSU Award will be evidenced by an award agreement that contains any substantial risk of forfeiture (within the meaning of Section 409A of the Code ("Section 409A")), vesting and transferability restrictions, form and time of payment provisions and other provisions not inconsistent with the 2013 Plan as the Committee may specify. An RSU Award agreement may provide for the payment of dividend equivalents.

c. **Form of Payment Under RSU Award.** Payment under an RSU Award will be made in cash or shares of Common Stock as specified in the applicable award agreement.

[Table of Contents](#)

d. **Time of Payment Under RSU Award.** Payment to a holder under an RSU Award shall be made at the time specified in the applicable award agreement. The award agreement will specify that the payment will be made (i) by a date that is no later than the date that is two and one-half months after the end of the fiscal year in which the RSU Award payment is no longer subject to a substantial risk of forfeiture or (ii) at a time that is permissible under Section 409A.

Stock Awards

a. **Award.** Stock Awards are rights to receive shares of Common Stock, which vest immediately, without satisfaction of any performance criteria or objectives.

b. **Payment.** A Stock Award entitles the recipient to receive immediate payment of such award in Common Stock. The Committee may, in its discretion, require payment, partial payment or other conditions of the recipient relating to any Stock Award.

c. **Other Terms and Conditions.** The Committee may establish other terms and conditions for Stock Awards under the 2013 Plan.

Stock Options

a. **Term of Option.** The term of each option will be as specified by the Committee at the date of grant but shall not be exercisable more than ten years after the date of grant. The effect of the termination of an optionee's employment, consulting relationship, or membership on the Board will be specified in the option agreement that evidences each option grant.

b. **Option Price.** The option price will be determined by the Committee and, in the case of an Incentive Stock Option, may not be less than the fair market value of a share of Common Stock on the date that the option is granted.

c. **Repricing Restrictions.** Except for adjustments for certain changes in the Common Stock, the Committee may not, without the approval of our stockholders, amend any outstanding option agreement that evidences an option grant to lower the option price (or cancel and replace any outstanding option agreement with an option agreement having a lower option price). In addition, the Committee may not lower the option price (or cancel and replace any outstanding option agreement with an option agreement having a lower option price) to the extent that doing so would subject the holder to additional taxes under Section 409A.

d. **Special Rules for Certain Stockholders.** If an Incentive Stock Option is granted to an employee who then owns, directly or by attribution under the Code, stock possessing more than 10% of the total combined voting power of all classes of our stock or the stock of a subsidiary of ours, then the term of the option may not exceed five years, and the option price will be at least 110% of the fair market value of the shares on the date that the option is granted.

e. **Size of Grant.** Subject to the limitations described above under the section "Number of Shares Subject to the 2013 Plan and Award Limits," the number of shares for which an option is granted to an employee, director or consultant will be determined by the Committee.

f. **Status of Options.** The status of each option granted to an employee as either an Incentive Stock Option or a Non-statutory Stock Option will be designated by the Committee at the time of grant. Unless an option is specifically characterized by the Committee as an Incentive Stock Option it will be a Non-statutory Stock Option. If, however, the aggregate fair market value (determined as of the date of grant) of shares with respect to which Incentive Stock Options become exercisable for the first time

[Table of Contents](#)

by an employee exceeds \$100,000 in any calendar year, the options with respect to the excess shares will be Non-statutory Stock Options. All options granted to any non-employee directors and consultants will be Non-statutory Stock Options.

g. **Payment.** The option price upon exercise may be paid by an optionee in any combination of the following: (a) cash, certified check, bank draft or postal or express money order for an amount equal to the option price under the option, (b) an election to make a cashless exercise through a registered broker-dealer (if approved in advance by the Committee or one of our executive officers) or (c) any other form of payment which is acceptable to the Committee.

h. **Option Agreement.** All options will be evidenced by a written agreement containing provisions consistent with the 2013 Plan and such other provisions as the Committee deems appropriate. The terms and conditions of the respective option agreements need not be identical. The Committee may, with the consent of the participant, amend any outstanding option agreement in any manner not inconsistent with the provisions of the 2013 Plan, including amendments that accelerate the exercisability of the option.

Stock Appreciation Rights

a. **Term of Stock Appreciation Right.** The term of each Stock Appreciation Right will be as specified by the Committee at the date of grant but shall not be exercisable more than ten years after the date of grant.

b. **Stock Appreciation Rights Agreement.** All Stock Appreciation Rights will be evidenced by a written agreement containing provisions consistent with the provisions of the 2013 Plan and such other provisions as the Committee deems appropriate. The terms and conditions of the respective Stock Appreciation Rights agreements need not be identical. The Committee may, with the consent of the participant, amend an outstanding Stock Appreciation Right agreement in any manner that is not inconsistent with the provisions of the 2013 Plan, including amendments that accelerate the time at which the Stock Appreciation Right may be exercisable. Unless otherwise provided in a Stock Appreciation Rights agreement, upon the exercise of a Stock Appreciation Right, a holder will be entitled to receive payment from us in an amount determined by multiplying (i) the difference between the value of a share of Common Stock on the date of exercise over the grant price by (ii) the number of shares of Common Stock with respect to which the Stock Appreciation Right is exercised. The per share grant price for a Stock Appreciation Right will be established on the date of grant of the Stock Appreciation Right. At the discretion of the Committee, the payment made to a holder upon the exercise of a Stock Appreciation Right may be in cash, in shares of Common Stock or in some combination of cash and Common Stock.

c. **Repricing Restrictions.** Except for adjustments for certain changes in the Common Stock, the Committee may not, without the approval of our stockholders, amend any outstanding Stock Appreciation Right agreement to lower the Stock Appreciation Right grant price (or cancel and replace any outstanding Stock Appreciation Right with Stock Appreciation Rights agreements having a lower Stock Appreciation Right grant price). In addition, the Committee may not lower the Stock Appreciation Right grant price (or cancel and replace any outstanding Stock Appreciation Right with Stock Appreciation Rights agreements having a lower Stock Appreciation Right grant price) to the extent that doing so would subject the holder to additional taxes under Section 409A.

Performance Awards

a. **Grant of Performance Awards.** The Committee, at any time, may grant Performance Awards under the 2013 Plan to eligible persons in such amounts and upon such terms as the Committee may

[Table of Contents](#)

determine. The amount of, the vesting and the transferability restrictions applicable to any Performance Award will generally be based upon the attainment of performance goals as the Committee may determine. The performance period for any Performance Award will not be less than one year.

As noted above, all of our (and our affiliates') employees are eligible to receive grants of Performance Awards. The maximum aggregate grant with respect to Performance Awards made in any one calendar year to any one employee that are payable in shares of Common Stock is 400,000 shares of Common Stock, determined as of the date of grant. The maximum aggregate amount awarded or credited with respect to Performance Awards to any one employee in any one calendar year that are payable in cash may not exceed \$15,000,000 in value, determined as of the date of grant.

b. **Performance Goals.** The 2013 Plan provides that a performance goal must be objective so that a third party having knowledge of the relevant facts could determine whether the goal is met. A performance goal may be based on one or more business criteria that apply to the holder, one or more of our business units, or us as a whole, with reference to one or more of the following: stock price (including adjustments for dividends), funds from operations, adjusted funds from operations, earnings or adjusted earnings before or after interest, taxes, depletion, depreciation or amortization, earnings per share, earnings per share growth, total shareholder return, economic value added, cash return on capitalization, increased revenue, revenue ratios (per employee or per customer), net income (before or after taxes), market share, return on equity, return on assets, return on capital, return on capital compared to cost of capital, return on capital employed, return on invested capital, return on investment, return on sales, operating or profit margins, shareholder value, net cash flow, operating income, cash flow, cash flow from operations, cost reductions or cost savings, cost ratios (per employee or per customer), expense control, sales, proceeds from dispositions, project completion time, budget goals, net cash flow before financing activities, customer growth, total capitalization, debt to total capitalization ratio, credit quality or debt ratings, dividend payout, dividend growth, production volumes or safety results. Goals may also be based on performance relative to a peer group of companies. A performance goal need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria). Performance goals may be determined by including or excluding, in the Committee's discretion, items that are determined to be extraordinary, unusual in nature, infrequent in occurrence, related to the disposal or acquisition of a segment of a business, or related to a change in accounting principal, in each case, based on Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 225-20, *Income Statement, Extraordinary and Unusual Items*, and FASB ASC 830-10, *Foreign Currency Matters, Overall*, or other applicable accounting rules, or consistent with our accounting policies and practices in effect on the date the performance goal is established. In interpreting 2013 Plan provisions applicable to performance goals and performance awards, it is intended that the 2013 Plan conform with the standards of Section 162(m).

c. **Performance Award Agreement.** Each Performance Award will be evidenced by an agreement that contains any vesting or transferability restrictions, performance goals, payment provisions and other provisions not inconsistent with the 2013 Plan as the Committee may specify. The terms and provisions of the respective Performance Award agreements need not be identical.

d. **Time of Establishment of Performance Goals.** With respect to a covered employee (as defined in Section 162(m)), a performance goal for a particular Performance Award must be established by the Committee prior to the earlier to occur of (i) 90 days after the commencement of the period of service to which the performance goal relates or (ii) the lapse of 25% of the period of service, and in any event while the outcome is substantially uncertain.

e. **Payment.** Payment under a Performance Award may be made in cash or shares of Common Stock, as specified in the holder's award agreement. Unless a Performance Award is structured as a current transfer of shares of Common Stock subject to a risk of forfeiture in the event performance goals are

[Table of Contents](#)

not achieved, a holder's payment under a Performance Award will be made at the time specified in the applicable award agreement. The award agreement will specify that any payment will be made (i) by a date that is no later than the date that is two and one-half months after the end of the calendar year in which the Performance Award payment is no longer subject to a substantial risk of forfeiture or (ii) at a time that is permissible under Section 409A.

The amount of compensation payable under a performance award may not be increased. If the time at which a performance award will vest or be paid is accelerated for any reason, the number of shares of Common Stock subject to, or the amount payable under, the Performance Award will be reduced pursuant to Department of Treasury Regulation § 1.162-27(e)(2)(iii) to reasonably reflect the time value of money.

f. **Dividends and Dividend Equivalents.** Holders of Performance Awards will not be entitled to the payment of dividend equivalents under the award, unless the payment of dividend equivalents will be subject to the same performance conditions as apply to the Performance Award. In the case of a Performance Award that is payable in shares of Common Stock, if the holder becomes entitled to the payment of dividends paid in shares of Common Stock with respect to the Performance Award, these dividends will be added to the Performance Award and will be subject to the satisfaction of the same performance conditions as apply to the underlying Performance Award.

Phantom Stock Awards

a. **Forfeiture.** Phantom Stock Awards under the 2013 Plan are awards of rights to receive the value of shares of Common Stock. Such awards vest over a period of time established by the Committee, without satisfaction of any performance criteria or objectives. The Committee may, in its discretion, require payment or other conditions of the recipient of a Phantom Stock Award. A Phantom Stock Award will terminate if the recipient's employment or service as a director or consultant with us and our affiliates terminates during the applicable vesting period, except as otherwise determined by the Committee.

b. **Payment.** Following the end of the vesting period for a Phantom Stock Award (or at such other time as may be provided in a Phantom Stock Award agreement), the holder of a Phantom Stock Award will be entitled to receive payment of the an amount not exceeding the maximum value of the Phantom Stock Award, based on the then vested value of the award. Payment of a Phantom Stock Award may be made in cash, Common Stock, or a combination thereof.

c. **Other Terms and Conditions.** The Committee may establish other terms and conditions for Phantom Stock Awards under the 2013 Plan.

Corporate Change and Other Adjustments

The 2013 Plan provides that, upon a Corporate Change (as hereinafter defined), the Committee generally may accelerate the vesting of options and Stock Appreciation Rights, cancel options and Stock Appreciation Rights and cause us to make payments in respect thereof in cash, or adjust the outstanding options and Stock Appreciation Rights as appropriate to reflect such Corporate Change (including, subject to certain conditions, having some or all of the then outstanding options and Stock Appreciation Rights (whether vested or unvested) assumed or having a new award of a similar nature substituted for some or all of their then outstanding options and Stock Appreciation Rights under the 2013 Plan (whether vested or unvested) by an entity which is a party to the transaction resulting in such Corporate Change). The 2013 Plan provides that a Corporate Change occurs if (i) we are not the surviving entity in any merger or consolidation or other reorganization (or we survive only as a subsidiary of an entity other than an entity that was directly or indirectly wholly-owned by us

[Table of Contents](#)

immediately prior to such merger, consolidation or other reorganization), (ii) we sell, lease or exchange all or substantially all of our assets to any other person (other than an entity that is directly or indirectly wholly owned by us), (iii) we are to be dissolved, (iv) any person or group acquires or gains ownership or control of more than 50% of the outstanding shares of our voting stock, (v) as a result of a contested election of directors, the persons who were our directors before the election cease to constitute a majority of our Board or (vi) we are party to any other corporate transaction (as defined under section 424(a) of the Code and applicable Department of Treasury regulations) that is not described in clauses (i), (ii), (iii), (iv) or (v). With respect to awards under the 2013 Plan other than options and Stock Appreciation Rights, upon changes in our capitalization the Committee generally may make appropriate adjustments to the awards.

The maximum number of shares that may be issued under the 2013 Plan and the maximum number of shares that may be issued to any one individual and the other individual award limitations, as well as the number and price of shares of Common Stock or other consideration subject to an award under the 2013 Plan, will be appropriately adjusted by the Committee in the event of changes in the outstanding Common Stock by reason of recapitalizations, reorganizations, mergers, consolidations, combinations, split-ups, split-offs, spin-offs, exchanges or other relevant changes in capitalization or distributions to the holders of Common Stock occurring after an award is granted.

Transferability

An Incentive Stock Option is not transferable other than by will or the laws of descent and distribution, and may be exercised during the employee's lifetime only by the employee or such employee's guardian or legal representative. All other awards under the 2013 Plan are not transferable other than by will or the laws of descent and distribution, pursuant to a qualified domestic relations order, or with the consent of the Committee (as to certain family transfers, or otherwise).

Amendments

The Board may from time to time amend the 2013 Plan; however, any change that would impair the rights of a participant with respect to an award theretofore granted will require the participant's consent. Further, without the prior approval of our stockholders, the Board may not amend the 2013 Plan to change the class of eligible individuals, increase the number of shares of Common Stock that may be issued under the 2013 Plan, or amend or delete the provisions of the 2013 Plan that prevent the Committee from amending any outstanding option or Stock Appreciation Right agreement to lower the option price or Stock Appreciation Right grant price (or cancel and replace any outstanding option agreement with an option agreement having a lower option price or cancel and replace any outstanding Stock Appreciation Right agreement with a Stock Appreciation Right agreement having a lower grant price).

Recoupments in Restatement Situations

If we are required to prepare an accounting restatement due to our material noncompliance with any financial reporting requirement under applicable securities laws, a recipient of an award under the 2013 Plan who was or is then one of our executive officers will forfeit and must repay to us any compensation awarded to him under the 2013 Plan to the extent specified in any of our recoupment policies established or amended (now or in the future) in compliance with the rules and standards of the SEC under or in connection with Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act").

Federal Income Tax Aspects of the 2013 Plan

The following discussion summarizes certain material U.S. federal income tax consequences to us and U.S. holders with respect to the acquisition, ownership, exercise or disposition of awards which may be granted under the 2013 Plan. The discussion is based upon the provisions of the Code and the regulations and rulings promulgated thereunder, all of which are subject to change (possibly with retroactive effect) or different interpretations. Options and Stock Appreciation Rights with exercise prices less than the fair market value of Common Stock on the dates of grant, Phantom Stock, and certain other awards that may be granted pursuant to the 2013 Plan, could be subject to additional taxes unless they are designed to comply with certain restrictions set forth in Section 409A and guidance promulgated thereunder. We do not currently intend to grant such awards under the Plan, but if, in the future, we do grant such awards we anticipate they will likely be designed to comply with those restrictions and to avoid the additional taxes imposed by Section 409A. This summary reflects generally contemplated consequences and does not purport to deal with all aspect of U.S. federal income taxation that may be relevant to an individual award holder's situation, nor any tax consequences arising under the laws of any state, local or foreign jurisdiction.

Restricted Stock. The recipient of a Restricted Stock award will not realize taxable income at the time of grant, and we will not be entitled to a deduction at that time, assuming that the restrictions constitute a substantial risk of forfeiture for federal income tax purposes. When the risk of forfeiture with respect to the stock subject to the award lapses, the holder will realize ordinary income in an amount equal to the fair market value of the shares of Common Stock at such time, and, subject to Section 162(m), we will be entitled to a corresponding deduction. All dividends and distributions (or the cash equivalent thereof) with respect to a Restricted Stock award paid to the holder before the risk of forfeiture lapses will also be compensation income to the holder when paid and, subject to Section 162(m), deductible as such by us. Notwithstanding the foregoing, the holder of a Restricted Stock award may elect under Section 83(b) of the Code to be taxed at the time of grant of the Restricted Stock award based on the fair market value of the shares of Common Stock on the date of the award, in which case (a) subject to Section 162(m), we will be entitled to a deduction at the same time and in the same amount, (b) dividends paid to the recipient during the period the forfeiture restrictions apply will be taxable as dividends and will not be deductible by us, and (c) there will be no further federal income tax consequences when the risk of forfeiture lapses. Such election must be made not later than 30 days after the grant of the Restricted Stock award and is irrevocable.

Restricted Stock Unit Awards. The grant of an RSU Award under the 2013 Plan generally will not result in the recognition of any U.S. federal taxable income by the recipient or a deduction for us at the time of grant. At the time an RSU Award vests the recipient will generally recognize ordinary income and, subject to the application of Section 162(m) as discussed below, we will be entitled to a corresponding deduction. Generally, the measure of the income and the deduction will be the number of units subject to the RSU Award multiplied by the value of our Common Stock at the time the RSU Award is settled.

Stock Awards. The recipient of a Stock Award will realize taxable ordinary income at the time of grant in an amount equal to the fair market value of the shares of Common Stock on the date of the award, and, subject to Section 162(m), we will be entitled to a corresponding deduction.

Incentive Stock Options. Incentive Stock Options are subject to special federal income tax treatment. No federal income tax is imposed on the optionee upon the grant or the exercise of an Incentive Stock Option if the optionee does not dispose of the shares acquired pursuant to the exercise within the two-year period beginning on the date the option was granted or within the one-year period beginning on the date the option was exercised (collectively, the "holding period"). In such event, we would not be entitled to any deduction for federal income tax purposes in connection with the grant or exercise of the option or the disposition of the shares so acquired. With respect to an Incentive Stock Option, the

[Table of Contents](#)

difference between the fair market value of the stock on the date of exercise and the exercise price must generally be included in the optionee's alternative minimum taxable income for the year in which such exercise occurs. However, if the optionee exercises an Incentive Stock Option and disposes of the shares received in the same year and the amount realized is less than the fair market value of the shares on the date of exercise, then the amount included in alternative minimum taxable income will not exceed the amount realized over the adjusted basis of the shares.

Upon disposition of the shares received upon exercise of an Incentive Stock Option after the holding period, any appreciation of the shares above the exercise price should constitute long-term capital gain. If an optionee disposes of shares acquired pursuant to his or her exercise of an Incentive Stock Option prior to the end of the holding period, the optionee will be treated as having received, at the time of disposition, compensation taxable as ordinary income. In such event, and subject to the application of Section 162(m) as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as received by the optionee. The amount treated as compensation is the excess of the fair market value of the shares at the time of exercise (or in the case of a sale in which a loss would be recognized, the amount realized on the sale if less) over the exercise price; any amount realized in excess of the fair market value of the shares at the time of exercise would be treated as short-term or long-term capital gain, depending on the holding period of the shares.

Non-statutory Stock Options and Stock Appreciation Rights. As a general rule, no federal income tax is imposed on the optionee upon the grant of a Non-statutory Stock Option (whether or not including a stock appreciation right), and we are not entitled to a tax deduction by reason of such grant. Generally, upon the exercise of a Non-statutory Stock Option, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the excess of the fair market value of the shares of stock at the time of exercise over the option price paid for such shares. In the case of the exercise of a stock appreciation right, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the cash received plus the fair market value of the shares distributed to the optionee. Upon the exercise of a Non-statutory Stock Option or a stock appreciation right, and subject to the application of Section 162(m) as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation income is recognized by the optionee assuming any federal income tax reporting requirements are satisfied.

Upon a subsequent disposition of the shares received upon exercise of a Non-statutory Stock Option or a stock appreciation right, any difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition would be treated as capital gain or loss. If the shares received upon the exercise of an option or a stock appreciation right are transferred to the optionee subject to certain restrictions, then the taxable income realized by the optionee, unless the optionee elects otherwise, and our tax deduction (assuming any federal income tax reporting requirements are satisfied) should be deferred and should be measured at the fair market value of the shares at the time the restrictions lapse. The restrictions imposed on officers, directors and 10% stockholders by Section 16(b) of the Exchange Act is such a restriction during the period prescribed thereby if other shares have been purchased by such an individual within six months of the exercise of a Non-statutory Stock Option or stock appreciation rights.

Performance Awards and Phantom Stock Awards. An individual who has been granted a Performance Award or a Phantom Stock Award generally will not realize taxable income at the time of grant, and we will not be entitled to a deduction at that time. Whether a Performance Award or Phantom Stock Award is paid in cash or shares of Common Stock, the individual will have taxable compensation and, subject to the application of Section 162(m) as discussed below, we will have a corresponding deduction. The measure of such income and deduction will be the amount of any cash paid and the fair market value of any shares of Common Stock either at the time the Performance

[Table of Contents](#)

Award or the Phantom Stock Award is paid or at the time any restrictions on the shares (including restrictions under Section 16(b) of the Exchange Act) subsequently lapse, depending on the nature, if any, of the restrictions imposed and whether the individual elects to be taxed without regard to any such restrictions. Any dividend equivalents paid with respect to a Performance Award or a Phantom Stock Award prior to the actual issuance of shares under the award will be compensation income to the employee and, subject to the application of Section 162(m) as discussed below, deductible as such by us.

Section 162(m). Generally, Section 162(m) precludes a public corporation from taking a deduction for annual compensation in excess of \$1,000,000 paid to its covered employees (as defined in Section 162(m)). Our Section 162(m) covered employees are the principal executive officer and our three next highest-paid officers other than the principal financial officer. The Section 162(m) deduction limitation does not apply to certain performance-based compensation that satisfies certain requirements of Section 162(m). The 2013 Plan is designed to permit the Committee to grant awards to covered executive officers that will constitute qualified performance-based compensation for purposes of Section 162(m). Approval of this proposal by our stockholders will constitute approval of 2013 Plan itself and approval of the material terms under which remuneration may be paid under the 2013 Plan, including performance goals, pursuant to Section 162(m). Based on Section 162(m) and the regulations issued thereunder, our ability to deduct compensation income generated in connection with the exercise of Non-statutory Stock Options or Stock Appreciation Rights granted by the Committee under the 2013 Plan generally should not be limited by Section 162(m). Further, we intend that compensation income generated in connection with Performance Awards granted by the Committee under the 2013 Plan (whether they are structured as performance-based restricted stock, restricted stock units or otherwise) generally should not be limited by Section 162(m).

The 2013 Plan is not qualified under Section 401(a) of the Code. Based upon current law and published interpretations, we do not believe that the 2013 Plan is subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

The comments set forth in the above paragraphs are only a summary of certain of the federal income tax consequences relating to the 2013 Plan. No consideration has been given to the effects of state, local, or other tax laws on the 2013 Plan or award recipients.

Parachute Payment Sanctions. Certain provisions of the Plan or provisions included in an award agreement may afford a recipient special protections or payments which are contingent on a change in the ownership or effective control of us or in the ownership of a substantial portion of our assets. To the extent triggered by the occurrence of any such event, these special protections or payments may constitute "parachute payments" that, when aggregated with other parachute payments received by the recipient, if any, could result in the recipient receiving "excess parachute payments" (a portion of which would be allocated to those protections or payments derived from the award). We would not be allowed a deduction for any such excess parachute payments, and the recipient of the payments would be subject to a nondeductible 20% excise tax upon such payments in addition to income tax otherwise owed.

The Board recommends a vote FOR the proposal to approve the 2013 Stock Incentive Plan.

- (b) Pursuant to an amendment to our 2004 Plan approved by the Board on February 21, 2013, we will not grant any new awards under our 2004 Plan on or after the date of the stockholder approval of the 2013 Plan.
- (c) Our 77.6% owned Australian subsidiary has an equity compensation plan under which it awards restricted units settled in cash to its employees and directors. This plan has not been approved by the registrant's security holders.

4. Proposal to Amend Our Charter to Declassify Our Board

Our Board has unanimously adopted and is submitting for stockholder approval an amendment to our Charter to declassify our Board and provide for the annual election of directors (“Amendment”). Our Charter currently provides that our Board is divided into three classes, with members of each class of directors serving a three-year term. The current classification of our Board results in staggered elections, with each class of directors standing for election every third year.

Our Board believes that its classified structure has helped assure continuity of our business strategies and has reinforced a commitment to long-term stockholder value. Although these are important benefits, our Board recognizes the growing sentiment among stockholders and the investment community in favor of annual elections. After careful consideration, our Board determined that it is appropriate to propose declassifying the Board, commencing with our 2014 annual meeting of stockholders.

Currently, members of our Board are elected for staggered terms of three years. If the Amendment is approved by stockholders, the declassification of our Board would be phased in commencing with our 2014 annual meeting of stockholders and would result in our Board being fully declassified (and all Board members standing for annual elections) commencing with our 2016 annual meeting of stockholders. The Amendment would not change the unexpired three-year terms of directors elected prior to the effectiveness of the Amendment (including any directors elected at our 2013 Annual Meeting). Accordingly, (1) the three-year term for directors elected at our 2011 annual meeting of stockholders will expire at our 2014 annual meeting of stockholders, (2) the three-year term for directors elected at our 2012 annual meeting of stockholders will expire at our 2015 annual meeting of stockholders and (3) the three-year term for directors elected at this Annual Meeting will expire at our 2016 annual meeting of stockholders.

Under Delaware law, unless otherwise provided in a corporation’s certificate of incorporation, stockholders may only remove directors of corporations with classified boards “for cause.” Our Charter does not contain a provision providing for removal of directors without cause. Additionally, our Charter provides that directors may only be removed by the affirmative vote of the holders of at least 80% of the voting power of our outstanding shares entitled to vote. Accordingly, currently our directors may be removed only “for cause” by the affirmative vote of the holders of at least 80% of the voting power of our outstanding shares entitled to vote. If the Amendment is approved, directors serving terms to which they were elected prior to our 2014 annual meeting of stockholders would continue to be subject to removal only for cause until the completion of their current terms and directors elected at our 2014 annual meeting of stockholders and thereafter could be removed “with or without cause” upon the affirmative vote of at least 80% of the voting power of our outstanding shares entitled to vote.

The description of the Amendment is a summary and is qualified by and subject to the full text of the Amendment, which is attached as *Appendix B* to this Proxy Statement.

As noted in “I. Information About Voting—Vote Required for Action” above, in accordance with our Charter, stockholder approval of the Amendment requires the affirmative vote of the holders of at least 80% of the voting power of the outstanding shares of Common Stock entitled to vote on such matter as of the Record Date.

The Board recommends a vote FOR the approval of the Amendment.

5. Non-binding, Advisory Vote on the Compensation of Our Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010 (“Dodd-Frank Act”), requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the SEC.

Accordingly, we are asking our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the stockholders of Crown Castle International Corp. (“Company”) approve, on an advisory basis, the compensation of the named executive officers of the Company, as disclosed in the Company’s Proxy Statement for the 2013 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure.

As described in “VII. Executive Compensation—Compensation Discussion and Analysis” of this Proxy Statement, we seek to align the interests of our named executive officers with the interests of our stockholders. Our compensation programs are designed to reward our named executive officers for improvements in our results of operations and growth in the value of our Common Stock, with a focus on variable, at risk incentive-based compensation elements that support our “pay-for-performance” compensation philosophy. We believe that our executive compensation program is designed to attract, retain and motivate high-performing executives to lead our Company.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote on this proposal is advisory, which means that the vote is not binding on the Company, our Board or the Compensation Committee of the Board (“Compensation Committee”). Nevertheless, the Board and the Compensation Committee value the opinions of our stockholders, and intend to consider any stockholder concerns evidenced by this vote and evaluate whether any actions are necessary to address those concerns.

The Board recommends a vote FOR the approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

IV. INFORMATION ABOUT THE BOARD OF DIRECTORS

Board Leadership Structure

Since our initial public offering in 1998, the roles of Chairman of our Board and CEO have been served by two different persons at all times. Notwithstanding the foregoing, our Corporate Governance Guidelines provide that the Board does not maintain a firm policy with respect to the separation of the offices of Chairman and CEO. The Board believes that it is in the best interests of our stockholders for the Board to make a determination regarding the separation or combination of these roles each time it elects a new Chairman or CEO based on the relevant facts and circumstances applicable at such time.

Meetings

During 2012, the Board held six meetings (four regularly scheduled and two special). Each incumbent director attended at least 75% of the aggregate of (1) the total number of meetings of the Board during the period which he or she was a director and (2) the total number of meetings of all Board committees ("Committees") on which he or she served during the period which he or she was a director.

Our Corporate Governance Guidelines provide that, while the Board understands that scheduling conflicts may arise resulting in absences, the Board strongly encourages each director to attend our annual meeting of stockholders. All 10 of the directors serving on the Board at the time of our 2012 annual meeting of stockholders held May 24, 2012 ("2012 Annual Meeting") attended the 2012 Annual Meeting.

The non-management members of the Board generally meet in executive session at each regularly scheduled meeting of the Board (typically four times per year). In addition, the Board meets at least once a year in executive session with only independent directors present. Our Corporate Governance Guidelines provide that if the Chairman of the Board is a non-management director, the Chairman of the Board shall preside at such executive sessions, and if the Chairman of the Board is a member of management, the non-management directors may elect a chairman to preside at such executive sessions.

Board Oversight of Risk

Management is responsible for assessing and managing our various exposures to risk on a day-to-day basis. Our Internal Audit department serves as the primary monitoring and testing function for company-wide policies and procedures, including policies and procedures regarding our risk management strategy. Such strategy includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, compliance and reporting levels. The Board is responsible for overseeing and assessing our risk management strategy. The Board exercises these responsibilities periodically as part of its meetings and also through the Board's four standing Committees, each of which examines various components of risk in connection with its responsibilities. In particular, our Vice President—Internal Audit reports to the Audit Committee, and provides periodic updates (generally quarterly) to the Audit Committee with respect to the Internal Audit department's activities, including with respect to risk management matters and the audit agenda. In addition, an overall review of risk is inherent in the Board's consideration of our long-term strategies and in the transactions and other matters presented to the Board, including capital expenditures, acquisitions and divestitures, and financial matters. The Board's role in risk oversight is consistent with the Board's current leadership structure, with the CEO and other members of senior management having responsibility for assessing and managing our risk exposure, and the Board and its Committees providing oversight in connection with those efforts.

Board Committees

The Board has four standing Committees: Audit Committee, Compensation Committee, NCG Committee and Strategy Committee. Copies of the Committee charters of each of the Audit Committee, Compensation Committee and the NCG Committee can be found under the Investor Relations section of our website at <http://www.crowncastle.com/investor/corpgovernance.asp>, and such information is also available in print to any stockholder who requests it through our Corporate Secretary. A summary of each Committee's function is set forth below.

Executive Compensation Process and Procedures: Over the course of several meetings throughout the year, the Compensation Committee annually reviews executive compensation, including base salary, short-term incentive compensation, long-term incentive compensation and other benefits. In performing its duties, the Compensation Committee obtains input, as it deems necessary, from Pay Governance, an independent compensation consultant (“Compensation Consultant”) engaged directly by the Compensation Committee (while the Compensation Consultant is engaged by the Compensation Committee, it works with management, including members of our human resources department and our CEO, in developing compensation studies as directed by the Compensation Committee). In addition, in the case of compensation decisions relating to executives other than the CEO, the Compensation Committee seeks and obtains input from the CEO. The Compensation Committee regularly holds executive sessions at its meetings during which management, including the CEO, is not in attendance. Additional information regarding the Compensation Committee’s processes and procedures for consideration and determination of executive compensation is provided below at “VII. Executive Compensation—Compensation Discussion and Analysis.”

Nominating & Corporate Governance Committee

In the fourth quarter of each of 2011 and 2012, the NCG Committee, with the assistance of the Compensation Consultant, reviewed the Board’s non-employee director compensation arrangement. The NCG Committee reviewed a competitive market analysis prepared by the Compensation Consultant comparing the Board’s compensation arrangement to those of the companies comprising our Peer Group (as defined

[Table of Contents](#)

in “VII. Executive Compensation—Compensation Discussion and Analysis” below) and a sample of public general industry companies (derived from third-party proprietary compensation surveys). Based on the results of the competitive market analysis reviews, (1) in the fourth quarter of 2011, the NCG Committee determined and the Board ratified certain changes to the Committee Chair Retainers (defined below), with all other elements of the non-employee director compensation program remaining unchanged and (2) in the fourth quarter of 2012, the NCG Committee determined and the Board ratified that no changes be made to the compensation program for non-employee directors at such time. The components of the Board compensation arrangement for non-employee directors for 2012 are described below at “—Board Compensation” in this “IV. Information About the Board of Directors.”

Common Stock Ownership Guidelines. The Board has approved Common Stock ownership guidelines for non-employee directors providing that each of our non-employee directors should hold, by the later of (1) October 16, 2013 or (2) the fifth anniversary of the date such director is appointed to the Board, 11,200 shares of Common Stock (adjusted for splits, stock dividends, spin offs or other relevant changes to our capital structure).

Consideration of Director Nominees: The NCG Committee has the authority to recommend nominees for election as directors to the Board. In considering candidates for the Board, the NCG Committee takes into account the entirety of each candidate’s credentials and currently does not maintain any specific minimum qualifications that must be met by an NCG Committee recommended nominee.

While the NCG Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, the NCG Committee will generally consider, among other factors, whether prospective nominees are able to read and understand basic financial statements, have relevant business experience, have industry or other specialized expertise and have high moral character. In addition, the NCG Committee considers issues of diversity, including with respect to experience, expertise, viewpoints, skills, race, ethnicity and gender, in connection with the director selection process. The NCG Committee may attribute greater or lesser significance to different factors at particular times depending upon the needs of the Board, its composition, or the NCG Committee’s perception about future issues and needs.

The NCG Committee may consider candidates for the Board from any reasonable source, including from a third party search firm engaged by the NCG Committee or through stockholder recommendations (provided the procedures set forth below in “IX. Other Matters—Stockholder Recommendation of Director Candidates” are followed). The NCG Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a stockholder or not. However, in evaluating a candidate’s relevant experience, the NCG Committee may consider previous experience as a member of the Board.

Strategy Committee

Members: Mr. Hatfield (Chair), Ms. Christy, Mr. Fitzgerald, Mr. Hogan, Mr. Hutcheson, Mr. Kelly and Mr. McKenzie—all independent directors, except Mr. Kelly.

- support our executive management in developing and overseeing our strategic initiatives;
- provide management with guidance and oversight on strategy development and execution; and

Board Independence

The Board has affirmatively determined, that each member of the Board, except Mr. Kelly (our former President and CEO and EVC) and Mr. Moreland (our current President and CEO), has no material relationship with us and is an independent director, as defined under NYSE listing standards.

To assist in its determination of director independence, the Board has adopted certain categorical standards, as set forth on *Appendix C* hereto. The Board determined the independence of the aforementioned independent directors taking into account such standards.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal 2012 or as of the date of this Proxy Statement is or has been one of our officers or employees. In addition, during 2012, none of our executive officers served on the compensation committee (or board, in the absence of a compensation committee) of any company that employed any member of our Compensation Committee or Board.

Certain Relationships and Related Transactions

Review of Transactions with Related Persons. From time to time we may engage in transactions with companies whose officers, directors or principals are executive officers or directors of ours or are family members of directors or executive officers of ours. The Board is primarily responsible for reviewing such transactions. In the course of its review and approval or ratification of such a transaction, the Board considers various aspects of the transaction it deems appropriate, which may include:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction;
- whether such transaction might affect the independent status of a director under NYSE independence standards;
- the importance of the transaction to the related person and to us; and
- whether the transaction could impair the judgment of a director or executive officer to act in the best interest of our company.

Any member of the Board who is a related person with respect to a transaction under review does not participate in the vote relating to approval or ratification of the transaction.

We have various processes for identifying and reporting conflicts of interests, including related person transactions. Our Business Practices and Ethics Policy ("Ethics Policy") provides that each employee is expected to avoid engaging in business or conduct, or entering into agreements or arrangements, which would give rise to actual, potential or the appearance of conflicts of interest; the Ethics Policy also provides procedures for reporting any actual or potential conflicts of interest. In addition, we annually distribute and review a questionnaire to each of our executive officers and directors requesting certain information regarding, among other things, certain transactions with us in which he, she or any family member has an interest.

Board Compensation

General. The Board maintains a compensation arrangement for the non-employee directors of the Board. A director who is also an employee of ours receives no additional compensation for services as a director. For 2012, the Board compensation arrangement was comprised of the following types and levels of compensation:

- **Initial Equity Grant.** Each newly appointed non-employee director is permitted to receive a grant, pursuant to our 2004 Plan, of a number of unrestricted shares of Common Stock having a valuation equal to approximately \$90,000, priced at the per share closing price of the Common Stock as of the effective date of the director’s appointment or election (“Initial Equity Grant”). There were no Initial Equity Grants in 2012.
- **Annual Equity Grant.** At the Board’s first regularly scheduled meeting of each year, each non-employee director is typically granted shares of Common Stock. For 2012, the valuation of the Common Stock grant was equal to approximately \$125,000 (\$200,000 in the case of the Chairman of the Board), priced at the per share closing price of the Common Stock as of the date of such Board meeting (“Annual Equity Grant”).

On February 23, 2012, each non-employee director of the Board, other than David C. Abrams (who resigned from the Board on February 23, 2012) and J. Landis Martin, was granted, pursuant to the 2004 Plan, 2,403 shares of Common Stock (priced at \$52.01 per share, the closing price of the Common Stock on February 23, 2012). Mr. Martin received a grant of 3,845 shares of Common Stock for service as non-employee Chairman of the Board (priced at \$52.01 per share).

- **Retainers.** Each non-employee director received an annual retainer of \$75,000 for 2012 paid quarterly (“Board Retainer”). In addition, for 2012 (1) the chair of the Audit Committee received an additional \$20,000 paid quarterly and the chair of the Compensation Committee, NCG Committee and Strategy Committee each received an additional \$10,000 paid quarterly (collectively, “Committee Chair Retainer”) and (2) each member of the Audit Committee, other than the chair of the Audit Committee, received an additional \$5,000 paid quarterly (“Audit Committee Member Retainer”).

Non-employee directors are also reimbursed for reasonable incidental expenses.

- **Other Compensation.** Each non-employee director is eligible to participate, at such director’s election, in our medical and dental plans.

VII. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis (“CD&A”) is a summary of our compensation arrangements for our NEOs (defined below) and contains certain statements regarding future individual and company performance targets and goals. These targets and goals are disclosed in the limited context of the CD&A and should not be construed to be statements of management’s expectations or estimates of results or other guidance. We caution investors not to apply these statements to other contexts.

Throughout this Proxy Statement, the individuals who served as our CEO and CFO during 2012, as well as the other named executive officers included in the table below at “—Summary Compensation Table” in this “VII. Executive Compensation” are referred to as “NEOs.”

2012 Executive Summary

Rewarding improvements in our operating results and the creation of stockholder value are key characteristics of our compensation philosophy, which serves as the framework for our executive compensation program. In order to align the interests of our executives with those of our stockholders, the focus of our executive compensation program is on incentive compensation elements that provide “pay-for-performance,” rewarding our executives for improvements in our results of operations and growth in the value of our Common Stock.

To emphasize the importance of “pay-for-performance” in our executive compensation philosophy and our culture, our incentive compensation elements are linked directly to specific performance measures.

The short-term incentive element of our executive compensation program rewards our executives, generally pursuant to annual incentive awards (“AIs”), for improvements in one or more financial performance measures and key individual performance objectives specific to each executive. For 2012, as a result of generally exceeding the financial performance measures and individual performance objectives, the AIs awarded pursuant to our 2012 Executive Management Team Annual Incentive Plan resulted in AI compensation above target. Details regarding AI compensation for our executives as short-term incentives are provided at “—Elements of Executive Compensation and Benefits—Short-Term Incentives” in this CD&A.

In recent years, including 2012, pursuant to the long-term incentive element of our executive compensation program, our executives have been granted restricted stock awards (“RSAs”), 35% of which have terms pursuant to which the transfer and forfeiture restrictions terminate (i.e., “vest”) based on the passage of time over a three-year period and the remaining 65% percent of which may performance vest based upon the attainment of Common Stock price appreciation hurdles over a three-year period. For the 2012 long-term incentive grant, the performance vesting component of the RSAs may vest at different levels based upon the attainment of Common Stock price appreciation hurdles along a per share price range continuum ranging from \$60.21 to \$79.10. Details regarding RSAs awarded to our executives as long-term incentives are provided at “—Elements of Executive Compensation and Benefits—Long-Term Incentives” in this CD&A.

We have adopted stock ownership guidelines which require our executives to own a certain number of shares of our Common Stock, which may include shares of Common Stock resulting from the vesting of RSAs previously granted to the executive. See “—Other Matters—Stock Ownership Guidelines” in this CD&A for additional details regarding the stock ownership guidelines.

[Table of Contents](#)

Other notable highlights of our executive compensation program include:

- The Compensation Committee (for purposes of this CD&A, "Committee") consists of independent directors and regularly meets in executive session without management present.
- The Committee has engaged an independent Compensation Consultant and annually assesses the Compensation Consultant's performance.
- The Committee reviews each executive's annual and historical compensation prior to making compensation decisions.
- We mitigate potential risk associated with compensation through the use of caps on potential incentive payments, stock ownership guidelines, and multiple performance metrics.
- We offer no employment agreements with executives.
- We offer severance agreements with executives which, in the case of a change in control, require both a qualified change in control and termination of the executive for severance and other benefits to be paid.
- We offer no perquisites or health and welfare benefits to executives other than those that are offered to all of our employees.
- We target total direct compensation levels for executives at approximately the 50th percentile of market.

At the 2012 Annual Meeting, we submitted our executive compensation program to an advisory stockholder vote. The stockholders overwhelmingly approved our executive compensation program, with 98.29% voting in favor of the proposal (based upon the voting power represented by shares of Common Stock present at the 2012 Annual Meeting and entitled to vote on such matter). The Committee has interpreted this vote to mean that our stockholders are supportive of our executive compensation philosophy and program and thus did not approve any significant changes to the 2013 executive compensation program in response to this vote.

Executive Compensation Program Overview

Our executive compensation program is established as a component of our total rewards program. Our total rewards program includes:

- Compensation:
 - base salary
 - short-term incentives
 - long-term incentives
- Health and welfare benefits:
 - 401(k) plan
 - medical, dental and vision benefits
 - life insurance benefits
 - vacation
- Learning and development:
 - training
 - succession planning
 - performance management
 - career development

Our executive total rewards strategy is to provide a competitive mix of total rewards that enables us to effectively recruit, motivate and retain high-performing executives. With respect to the portion of total rewards for our executives that takes the form of compensation, it has been our strategy that a majority

[Table of Contents](#)

of such compensation should be variable, at risk and paid based on our results of operations and the growth in the value of our Common Stock, in order to align our executives' interests with those of our stockholders.

The Committee is primarily responsible for evaluating and determining the compensation levels of our senior officers (namely, our CEO and the executive officers who report directly to our CEO) and administers our equity-based and other compensatory plans. The Board further reviews the actions of the Committee relating to the compensation of the CEO and certain senior officers. Where this CD&A contains language indicating that the Committee has approved or taken action with respect to a matter, such language is also intended to indicate that the Board has approved or taken any action required of it with respect to such matter.

In performing its duties, the Committee obtains input, as it deems necessary, from the Compensation Consultant, which is engaged directly by the Committee (while the Compensation Consultant is engaged by the Committee, it works with management, including members of our human resources department and our CEO, in developing compensation studies as directed by the Committee). In addition, in the case of compensation decisions relating to executives other than the CEO, the Committee seeks and obtains input from the CEO. The Committee regularly holds executive sessions at its meetings during which management, including the CEO, is not in attendance. Management, including members of our human resources department and our CEO, assists with the coordination, preparation and review of Committee meeting materials.

Executive Compensation Program Objectives

General

The principal objectives of our executive compensation program are to:

- provide a fair and competitive mix of compensation opportunities to attract, motivate and retain qualified, skilled and high-performing executives necessary for our long-term success;
- reward our executives by utilizing a pay-for-performance approach to compensation—an approach that creates meaningful links between financial and operational performance, individual performance and the level of the executive's compensation;
- motivate executives to make sound business decisions that improve stockholder value and reward such decisions;
- balance the components of compensation so that the accomplishment of short-term and long-term operating and strategic objectives is encouraged and recognized;
- encourage achievement of objectives by our executives within a team environment; and
- foster an equity ownership culture that aligns our executives' interests with those of our stockholders.

The Committee has established a number of processes to assist it in ensuring that our executive compensation program is achieving these objectives as detailed below.

Competitive Market Analysis

The Committee determines the levels for base salary, short-term incentives and long-term incentives by engaging in a competitive market analysis with respect to each of these compensation elements for each executive position against the competitive market gauges described below on an annual basis ("Competitive Market Analysis"). The Committee usually begins this Competitive Market Analysis in the

[Table of Contents](#)

third quarter of the year prior to the year in which the compensation decisions are made, which typically occurs at the first regularly scheduled Committee meeting of each year (usually held in February) (“First Regular Committee Meeting”). Market data used in the Committee’s Competitive Market Analysis includes the following:

- *Peer Group Data.* Each year the Committee considers public companies in the wireless infrastructure and telecommunications industries and selects 10 to 20 of such companies to comprise a peer group (“Peer Group”) with respect to which compensation data is obtained and reviewed by the Committee. While some of the companies within the Peer Group may change from year to year, for consistency, the same Peer Group is used in our Competitive Market Analysis for all elements of compensation in a given year. The Peer Group companies used in the Competitive Market Analysis for gauging the executives’ 2012 compensation were:
 - American Tower Corporation
 - Ciena Corporation
 - Clearwire Corporation
 - Frontier Communications Corporation
 - Juniper Networks, Inc.
 - Lamar Advertising Company
 - Leap Wireless International, Inc.
 - MetroPCS Communications, Inc.
 - NetApp, Inc.
 - NII Holdings, Inc.
 - Polycom, Inc.
 - SBA Communications Corporation
 - Tellabs, Inc.
 - tw telecom inc.
 - Windstream Corporation
- *General Industry Market Data.* A sample of general industry market data from third-party proprietary compensation surveys, primarily from Towers Watson, as analyzed by the Compensation Consultant (including regression analysis), is obtained and reviewed by the Committee. This market data is comprised of data regarding elements and levels of executive compensation relating to general industry companies that have participated in the surveys. The Committee utilizes this data since we do not recruit executives exclusively from the telecommunications industry (e.g., a financial executive with cross-industry skills may be recruited from another industry).

In addition to the foregoing data, the Compensation Consultant may analyze and provide additional market data regarding best practices and compensation plan design from other sources as requested by the Committee. The market data described above is used by the Committee in the Competitive Market Analysis to make decisions regarding executive compensation. No single group, survey or set of market data is used by the Committee as the sole gauge for determining executive compensation; rather, the information is used collectively, and no formulaic quantitative methodology is used by the Committee when using such data to determine executive compensation.

Assessment of Individual and Company Performance

In addition to market data, the Committee considers other factors in connection with its decision-making process relating to the various components of compensation. These other factors may include the level of our financial performance, the applicable executive’s individual performance, the executive’s level of experience, the size of year-over-year changes in compensation and the duties and level of a particular executive position. These measures are discussed in more detail below.

Total Compensation Review

Through the Competitive Market Analysis and in its deliberations regarding executive compensation decisions, the Committee reviews and compares the individual components of compensation and the total compensation for each NEO against the market data. In addition, the Committee reviews a year-over-year change in compensation analysis for each NEO against the market data for year-over-year changes. These analyses are an important aspect of the Committee’s annual executive compensation decision-making process.

Elements of Executive Compensation and Benefits

General

The principal elements of compensation and benefits provided to our executives, each of which is discussed in more detail below, include the following:

- base salary;
- short-term incentive compensation;
- long-term incentive compensation;
- severance benefits; and
- other benefits, including retirement benefits and health and welfare benefits.

The distribution of compensation among the various components is driven by our belief that the majority of executive compensation should be paid in the form of performance-based, variable compensation, with a greater emphasis on variable components for the more senior executives who have greater responsibility for the business. The practice of emphasizing variable compensation suits our objectives of linking pay to performance and aligning executives' interests with those of our stockholders. The following table shows the approximate allocation of actual base salary, AIs and RSAs for 2012 (as shown in "—Summary Compensation Table" in this "VII. Executive Compensation") among fixed, short-term variable and long-term variable compensation for our NEOs:

Executive	Title	Year	Fixed (Base Salary)	Short-Term Variable (AIs)	Long-Term Variable (RSAs)
W. Benjamin Moreland	President & CEO	2012	12%	21%	67%
Jay A. Brown	SVP, CFO & Treasurer	2012	18%	21%	61%
James D. Young	SVP & COO	2012	18%	21%	61%
E. Blake Hawk	EVP & General Counsel	2012	23%	24%	53%
Patrick Slowey	SVP & CCO	2012	21%	26%	53%

The distribution of compensation among the fixed element of base salary (paid in cash) and the variable elements of AIs (paid in cash) and RSAs (paid in equity) is primarily influenced by (1) our objective to utilize a pay-for-performance approach to compensation, which places a majority of each executive's variable compensation at risk based on the achievement of certain performance objectives, (2) the Competitive Market Analysis and (3) the Committee's desire to balance short-term and long-term goals.

As noted above, in lieu of targeting each compensation element at a specified percentile of market, the Committee seeks to target total direct compensation for our executives at approximately the 50th percentile of market ("50th Percentile Target Total Direct Compensation Philosophy"), while continuing to provide our executives with the opportunity to earn actual total direct compensation above the 50th percentile should our performance exceed predetermined criteria and below the 50th percentile of market should our performance fall short of such criteria. The Committee believes that targeting these levels of compensation helps to meet our overall total rewards strategy and executive compensation objectives and supports our long-term success.

Base Salary

Base salary is one of the main components of cash compensation for our executives. We choose to provide base salary compensation because it fits into our overall compensation objectives by providing a base for attracting and retaining executives and establishing a minimum level of compensation upon which our executives may rely. In addition to providing a base salary that is competitive with the market, we target base salary compensation to align each position's base salary level so that it reflects

[Table of Contents](#)

such position's scope and level of responsibility. As described above, each year we conduct a Competitive Market Analysis for each executive position, based on the unique responsibilities of each position.

The Committee bases its decisions regarding annual base salary adjustments on multiple factors, including the following:

- the performance of the executive, including such executive's contribution, accountability and experience;
- the annual cost of labor adjustment as provided in various proprietary surveys; and
- the executive's existing base salary as compared to the Competitive Market Analysis.

The Committee reviews proposals made by the CEO with regard to base salary adjustments for executives other than himself, and then either approves or amends these base salary adjustments. The Committee independently reviews the performance of the CEO and determines and approves an appropriate base salary. For 2012, Messrs. Moreland, Brown, Young, Hawk and Slowey each received an annual increase to base salary of 3.0%.

Short-Term Incentives

The short-term incentive component of compensation represents a significant portion of the overall cash compensation for our executives. Short-term incentives are a variable element of compensation that are generally directly linked to specific short-term financial, operational and individual performance objectives.

Our short-term incentives are generally "at risk," meaning they are earned based upon meeting certain performance goals, and increase or decrease in value based on the degree of achievement of those goals. In order to accomplish its overall executive compensation objectives, the Committee has identified the following objectives for developing the overall framework of the short-term incentive program. The program should:

- be performance-based;
- promote a short-term perspective among executives to complement the long-term perspective promoted by the long-term incentive program, while avoiding excessive risk;
- be competitive with the market;
- motivate executives by providing the appropriate rewards for individual and corporate performance based on our goals and objectives;
- focus business unit executives on maximizing results of their operating segments, while reinforcing the importance of company-wide teamwork;
- link the financial measures with stockholder expectations; and
- link the financial and non-financial measures with the individual performance of the executives.

AI Awards

To achieve the foregoing objectives, our short-term incentives for executives are generally comprised of performance-based AI's paid in accordance with an annually approved Executive Management Team Annual Incentive Plan ("AI Plan"). The AI Plan is a cash based, short-term incentive award program that provides executives with the opportunity to earn an annual cash incentive if certain annual performance goals are achieved. Performance goals are established based on the annual expectations for our business and are meant to be challenging yet achievable. The Compensation Consultant has reviewed the performance goals and has noted that the performance goals represent reasonable growth over both prior year goals and prior year actual results. The performance period covered by the AI Plan is from January 1 to December 31 ("AI Plan Year End") of the applicable calendar year.

[Table of Contents](#)

AI Plan Award Opportunity. Under the AI Plan, each executive has minimum, threshold, target and maximum AI award opportunities that are aligned with minimum, threshold, target and maximum performance outcomes for which incremental increases in performance outcomes result in incremental increases in the AI Plan awards.

Each corporate and business unit operating executive (i.e., those with direct profit and loss or overall financial responsibilities) is eligible to earn between 0% and 175% of such executive's target opportunity under the AI Plan. Each functional executive (i.e., those with indirect profit and loss responsibilities) is eligible to earn between 0% and 150% of such executive's target opportunity. To mitigate excessive risk, AI awards are capped at the maximum payout opportunity even if actual performance exceeds the maximum performance goal. These percentages were selected by the Committee at the time the plan was designed after consultation with, and a review of information provided by, the Compensation Consultant, were based on relevant market data discussed above and were considered in the review of total compensation previously discussed. The following table lists the 2012 AI award opportunities and actual awards as a percentage of base salary for each of the NEOs.

Name	Title	Percentage of Base Salary				
		Minimum	Threshold	Target	Maximum	Actual
W. Benjamin Moreland	President & CEO	0.0%	50.0%	100.0%	175.0%	162.5%
Jay A. Brown	SVP, CFO & Treasurer	0.0%	37.5%	75.0%	131.25%	121.0%
James D. Young	SVP, COO	0.0%	37.5%	75.0%	131.25%	121.0%
E. Blake Hawk	EVP & General Counsel	0.0%	37.5%	75.0%	112.5%	105.2%
Patrick Slowey	SVP & CCO	0.0%	37.5%	75.0%	131.25%	125.2%

AI Performance Goals. For 2012, as in other recent years, there were two categories of performance goals under the AI Plan:

(1) corporate/business unit performance goals and (2) individual performance goals:

- **Corporate/Business Unit Performance Goals.** The 2012 corporate/business unit performance goals for our executive officers included the following:
 - Corporate Adjusted EBITDA¹
 - Corporate Adjusted Funds From Operations² ("AFFO") per Share
 - Business Unit Net New Sales

All of the performance goals were approved by the Committee. For each executive, one or more financial performance measures with equal or different weightings may be used within this category; the measures and weights assigned to each executive generally reflect those measures with respect to which the executive has the greatest exposure and ability to influence. For 2012, as in other recent years, the type and level of corporate/business unit performance goals are primarily based on the Board approved financial budget and the guidance provided to investors for the applicable calendar year, with "target" goals representing the Board approved budget amounts.

¹ We define Adjusted EBITDA as net income (loss) plus restructuring charges (credits), asset write-down charges, acquisition and integration costs, depreciation, amortization and accretion, amortization of prepaid lease purchase price adjustments, interest expense and amortization of deferred financing costs, gains (losses) on retirement of long-term obligations, net gain (loss) on interest rate swaps, impairment of available-for-sale securities, interest income, other income (expense), benefit (provision) for income taxes, cumulative effect of change in accounting principle, income (loss) from discontinued operations, and stock-based compensation expense.

² We define Adjusted Funds From Operations as Funds From Operations (defined below) before straight-line revenue, straight-line expense, stock-based compensation expense, non-real estate related depreciation, amortization and accretion, amortization of deferred financing costs, debt discounts, and interest rate swaps, other (income) and expense, gain (loss) on retirement of long-term obligations, net gain (loss) on interest rate swaps, acquisition and integration costs, asset write-down charges and less capital improvement capital expenditures and corporate capital expenditures. We define Funds From Operations as net income plus adjusted tax provision plus real estate depreciation, amortization and accretion.

The following table lists the 2012 corporate/business unit performance goals used in connection with determining the NEOs' 2012 AI awards (with respect to the position held by the NEO as of December 31, 2012).

Corporate/Business Unit Performance Goals	Annual Incentive Financial Performance Zone				Actual Multiple of Target	
	Threshold	Target	Maximum	Actual	Operating Executive	Functional Executive
Corporate Adjusted EBITDA	\$ 1,331,325,000	\$ 1,372,500,000	\$ 1,509,750,000	\$ 1,543,802,352	1.75	1.50
Corporate AFFO per Share	\$ 2.612	\$ 2.779	\$ 3.335	\$ 3.071	1.39	1.26
Business Unit Net New Sales	\$ 29,447,641	\$ 32,719,601	\$ 35,991,561	\$ 73,961,418	1.75	—

- *Individual Performance Goals.* Individual performance goals are generally based on the key individual goals approved by the Committee for the CEO and by the CEO for other executive officers, pursuant to our annual performance management system (our system for documenting and measuring the individual performance of our employees on an annual basis). These goals may include additional financial, operational or qualitative measures for a specific executive and are generally based on the prospective business environment considerations for the upcoming year. The minimum, threshold, target and maximum individual performance assessments are based on how well the executive meets the goals established. While the assessment of how well individual performance goals are met is less objective than for the financial measures, the following categories are used to assess individual performance:

- Exceeds Expectations
- Meets Plus Expectations
- Meets Expectations
- Meets Most Expectations
- Does Not Meet Expectations

[Table of Contents](#)

The performance goals weightings for each NEO for 2012 (with respect to the position held by the NEO as of December 31 of each such year) were as follows:

Name	Title	2012 Performance Goal Weightings				
		Corporate Adjusted EBITDA	Corporate AFFO per Share	Business Unit Net New Sales	Individual	Total
W. Benjamin Moreland	President & CEO	40%	35%	—	25% ³	100%
Jay Brown	SVP, CFO & Treasurer	40%	35%	—	25% ⁴	100%
James D. Young	SVP & COO	40%	35%	—	25% ⁵	100%
E. Blake Hawk	EVP & General Counsel	30%	20%	—	50% ⁶	100%
Patrick Slowey	SVP & CCO	20%	20%	40%	20% ⁷	100%

We believe this approach to determining financial and individual goals provides appropriate balance and oversight to our goal-setting process.

Following AI Plan Year End, an individual performance rating is (1) determined and approved by the Committee for the CEO and (2) proposed by the CEO and reviewed and approved by the Committee for each of the other executives, based on their performance with respect to the individual performance goals established at the beginning of the year. An individual payout multiple is then determined based on the individual performance ratings alignment with minimum, threshold, target and maximum payout multiples as follows (the Committee and CEO may use positive or negative discretion regarding the exact payout multiples relative to the individual performance ratings):

- *Exceeds Expectations*: A corporate and business unit operating executive may earn an individual performance payout multiple of 131% to 175%, and a functional executive may earn a payout multiple of 131% to 150%.

³ For Mr. Moreland, the 2012 individual performance goals include (1) ensure balance sheet flexibility is maintained, while optimizing financial outcome for stockholders; (2) maintain succession plans; (3) assess strategic opportunities and communicate and make recommendations to the Board as appropriate; (4) transition executive target total direct compensation levels toward market median; and (5) ensure NextG acquisition is properly integrated and staffed. The Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Moreland's 2012 individual performance goals.

⁴ For Mr. Brown, the 2012 individual performance goals include (1) ensure timely and accurate compliance with respect to SEC financial reporting and debt reporting requirements; (2) ensure appropriate long-term flexibility of the balance sheet is maintained while optimizing financial outcomes for stockholders; (3) provide internal financial acumen training and development and quarterly reviews of financial results; (4) maintain succession plans; (5) ensure effective management of investor relations; and (6) seek to maximize outcomes regarding DAS and discretionary capital allocations. Mr. Moreland proposed and the Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Brown's 2012 individual performance goals.

⁵ For Mr. Young, the 2012 individual performance goals include (1) meet or exceed 2012 business plan budget; (2) properly manage integration of NextG regarding DAS objectives; (3) lead effective cross-functional operational relationships to continue to drive consistency and efficiencies; and (4) maintain succession plans. Mr. Moreland proposed and the Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Young's 2012 individual performance goals.

⁶ For Mr. Hawk, the 2012 individual performance goals include (1) continue to ensure timely and accurate compliance with respect to taxes, corporate maintenance and governance, litigation, securitization, employment and regulatory reporting requirements; (2) continue mitigating tax, legal and regulatory exposure through enhanced planning; (3) provide timely and accurate tax, legal and regulatory support to internal customers; (4) maintain legal team structure with respect to NextG integration, DAS and other services; and (5) maintain succession plans. Mr. Moreland proposed and the Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Hawk's 2012 individual performance goals.

⁷ For Mr. Slowey, the 2012 individual performance goals include (1) identify and maximize tower leasing opportunities; (2) enhance internal relationships to identify and execute installation services, new tower builds, new DAS builds and rooftop opportunities; (3) develop and maintain strong customer relationships; (4) continue to refine and improve proprietary leasing demand forecasting model; and (5) maintain succession plans. Mr. Moreland proposed and the Committee approved an "Exceeds Expectations" performance rating with respect to Mr. Slowey's 2012 individual performance goals.

[Table of Contents](#)

- *Meets Plus Expectations*: An executive may earn an individual performance payout multiple of 111% to 130%.
- *Meets Expectations*: An executive may earn an individual performance payout multiple of 90% to 110%.
- *Meets Most Expectations*: An executive may earn an individual performance payout multiple of 50% to 89%.
- *Does Not Meet Expectations*: An executive will not earn an individual performance component of the AI payment with respect to such executive's AI calculation.

There are also two additional performance requirements for an AI Plan award:

- A minimum financial performance level of 95% of budgeted Corporate Adjusted EBITDA must be achieved for any executive to be eligible for an AI Plan award; and
- The business units or departments for which the executives are responsible must receive an acceptable assessment of applicable internal control over financial reporting for the previously completed fiscal year, pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 ("404 Assessment"). Receipt of a 404 Assessment with a material weakness, significant deficiency or other material internal control issues may result in a reduction or elimination of the AI Plan awards for the responsible executives and potentially all of the executives.

For 2012, the NEOs received an AI award based on the following total payout multiples of target, all of which fall within the payout multiple parameters described above:

<u>Name</u>	<u>Title</u>	<u>Corporate/Business Unit Performance Goals</u>	<u>Individual Performance Goals</u>	<u>Total</u>
W. Benjamin Moreland	President & CEO	158%	175%	163%
Jay A. Brown	SVP, CFO & Treasurer	158%	170%	161%
James D. Young	SVP & COO	158%	170%	161%
E. Blake Hawk	EVP & General Counsel	140%	140%	140%
Patrick Slowey	SVP & CCO	166%	170%	167%

Additional details regarding the AI Plan awards for the NEOs are provided below in the tables and related footnotes at "—Summary Compensation Table" and "—Grants of Plan-Based Awards in 2012" in this "VII. Executive Compensation."

Long-Term Incentives

The objectives of our long-term incentive program are to:

- align a significant portion of our executives' compensation to growth in stockholder value;
- provide a means for our executives to accumulate shares of Common Stock in order to foster an "ownership culture"; and
- serve as a retention device for our executives.

The long-term incentive component represents the largest portion of the overall value of the total compensation program for our executives. With respect to the long-term incentives for recent years, including 2012, the Committee, with the assistance of our Compensation Consultant, assessed the economic climate, executive compensation market data and our business needs and determined that a mix of performance-contingent equity and time vesting equity would be appropriate to meet our

[Table of Contents](#)

executive long-term incentive program objectives. In order to accomplish its overall objectives, the Committee identified the following factors for developing the framework of the long-term incentive program. The program should:

- balance “at risk” performance-based vesting with the stability of time-based vesting;
- promote a long-term perspective among executives to complement the short-term perspective promoted by the AI awards;
- promote an ownership culture by facilitating the accumulation and retention of shares of Common Stock;
- support the growth in stockholder value;
- be efficient from a tax and stockholder dilution perspective;
- serve as a retention device;
- be cash efficient by emphasizing the use of Common Stock;
- provide stability to our overall compensation program.

Although our 2004 Plan (approved by our stockholders on May 26, 2004) permits the use of various types of equity compensation vehicles, the Committee believes the use primarily of a mix of performance-contingent vesting and time vesting RSAs best meets the objectives outlined above. The Committee utilizes RSAs in various forms to meet these objectives.

RSAs

There are three general categories of RSAs which the Committee has granted to executives in recent years, which generally have the vesting attributes noted below:

- *Annual RSAs* (“Annual RSAs”) are generally awarded once per calendar year as part of delivering a competitive total compensation package to executives. The Annual RSAs granted to executives have been comprised of a combination of (1) RSAs that vest upon the satisfaction of certain Common Stock performance criteria for a certain period of time (“Performance Criteria”) along with potentially a time vesting component (“Performance RSAs”) and (2) RSAs vesting solely pursuant to a time-based vesting criteria (“Time Vested RSAs”). Annual RSAs granted to non-executive employees are typically Time Vested RSAs.
- *New hire RSAs* (“New Hire RSAs”) are Time Vested RSAs⁸ awarded to certain newly hired executives based on the position and role into which they are hired.
- *Promotion RSAs* (“Promotion RSAs”) are Performance RSAs or Time Vested RSAs⁸ awarded to certain executives in recognition of a promotion to a new position or role.

Annual RSAs are generally approved by the Committee at the First Regular Committee Meeting of the year. The Committee reviews and approves the executive RSA program summary, which summarizes the parameters of the Annual RSAs, New Hire RSAs and Promotion RSAs for grant to executives in the current fiscal year pursuant to our 2004 Plan. No New Hire RSAs have been granted to any NEO since 2005, and no Promotion RSAs have been granted to any NEO since 2008.

In addition to the foregoing, other RSAs (“Other RSAs”) may be awarded to certain executives in a given year to meet specific business initiatives or compensation objectives (e.g., retention, merger integration, etc.) or to recognize certain executives for exceptional performance. No Other RSAs have been granted to the NEOs since 2007.

⁸ New Hire RSAs and Promotion RSAs with time vesting typically vest equally over three years.

[Table of Contents](#)

2012 Annual RSAs. To support the pay-for-performance approach and maintain a significant portion of the executives' compensation at risk, in the first quarter of 2012, the Committee authorized, as 2012 Annual RSAs, the grant to the NEOs and certain other key employees of a combination of (1) Time Vested RSAs which time vest at 33.33%, 33.33% and 33.34%, respectively, on February 19 of each of 2013, 2014 and 2015 ("2012 Time Vested RSAs") and (2) Performance RSAs which may performance vest pursuant to a time and Performance Criteria over a three year performance period as further described below ("2012 Performance RSAs"). With respect to the 2012 Annual RSAs granted to the NEOs, the grant value mix between 2012 Time Vested RSAs and 2012 Performance RSAs is approximately 35% and 65%⁹, respectively, of the combined total grant value for each NEO ("Grant Value"). In connection with the 2012 Annual RSAs, the Committee authorized the grant of 2012 Time Vested RSAs for approximately 385,477 shares to 491 employees and 2012 Performance RSAs for 449,665 shares¹⁰ to 26 employees, including 2012 Time Vested RSAs for 58,516 shares to the NEOs and 2012 Performance RSAs for 213,085 shares¹⁰ to the NEOs.

As to the time and Performance Criteria for the 2012 Performance RSAs, a percentage of the 2012 Performance RSAs (from 50% to 150% of the Target Shares (defined below)) may cliff vest on February 19, 2015 ("2012 Performance Period Date") based upon the highest average closing price per share of Common Stock for 20 consecutive trading days during the last 180 days of the performance period ("Highest Average Price") achieving a price appreciation hurdle along a per share price range continuum consisting of a Minimum Price, a Target Price and a Maximum Price. The number of "Target Shares" for each NEO is equal to the applicable Target Level divided by \$39.79¹¹. The "Minimum Shares" represent 50% of the Target Shares, and the "Maximum Shares" represent 150% of the Target Shares. The Minimum Price, Target Price and Maximum Price hurdles were determined by applying a compound annual growth rate of 5%, 10% and 15% to the Base Price as follows:

<u>Performance Level</u>	<u>Price Appreciation Hurdle Formula</u>	<u>Price Appreciation Hurdle</u>
Minimum	Base Price ¹² (\$52.01) x 1.05 ³	\$ 60.21
Target	Base Price (\$52.01) x 1.10 ³	\$ 69.23
Maximum	Base Price (\$52.01) x 1.15 ³	\$ 79.10

⁹ With respect to the 2012 Performance RSAs, the 65% of Grant Value represents the target level of such award for each NEO ("Target Level").

¹⁰ The number of shares subject to 2012 Performance RSAs is the maximum number of shares that will vest upon the Maximum Price performance criteria being satisfied.

¹¹ Calculated as the Base Price (defined below) of \$52.01 per share, adjusted for an ASC 718 valuation ratio provided by the Compensation Consultant.

¹² The "Base Price" is equal to the closing Common Stock price per share on February 23, 2012, the date of grant.

[Table of Contents](#)

If the Highest Average Price achieved equals the (1) the Minimum Price, (2) the Target Price or (3) the Maximum Price or higher, then the percentage of Target Shares which vests on the 2012 Performance Period Date is 50%, 100% or 150% of the Target Shares, respectively. If the Highest Average Price achieved falls between the Minimum Price, Target Price and Maximum Price, then the percentage of Target Shares which vests is determined in relation to the Minimum, Target and Maximum vesting amounts as follows:

<u>Performance Level Achieved</u>	<u>Price Appreciation Hurdle/Highest Average Price</u>	<u>Percentage of Target Shares Vesting</u>
Minimum Price	\$60.21	50%
Minimum Price to Target Price	Between \$60.21 and \$69.23	Between 50% and 100% (an additional increase of approximately 5.54% for each \$1.00 increase in the Highest Average Price above \$60.21)
Target Price	\$69.23	100%
Target Price to Maximum Price	Between \$69.23 and \$79.10	Between 100% and 150% (an additional increase of approximately 5.07% for each \$1.00 increase in the Highest Average Price above \$69.23)
Maximum Price or higher	\$79.10 and above	150%

In addition, if the closing share price of the Common Stock is at or above the Minimum Price of \$60.21 on the 2012 Performance Period Date and none of the vesting criteria described above has yet been satisfied, then 50% of the Target Shares will vest if and upon the closing share price of the Common Stock being at or above the Minimum Price for a period of 20 consecutive trading days that includes the 2012 Performance Period Date.

The levels at which the Common Stock price vesting targets are established for a given year's Performance RSA grant are generally reviewed and approved at the First Regular Committee Meeting of the grant year. The review generally includes an analysis of (1) historical Common Stock price performance, (2) our financial forecasts and budgets, and (3) performance contingent equity compensation market practices as disclosed in third party market sources, which includes consideration of market and industry trends.

Additional information regarding the Performance RSAs described above is provided below in the tables and related footnotes at "—Summary Compensation Table" and "—Grants of Plan-Based Awards in 2012" in this "VII. Executive Compensation."

RSA Valuations and Grant Levels. In determining RSA valuations and grant levels with respect to Annual RSAs, as with the other components of executive compensation, the Committee utilizes a 50th Percentile Target Total Direct Compensation Philosophy. The Committee, with the assistance of the Compensation Consultant, examines the long-term incentive practices at the Peer Group and other companies reviewed in the Competitive Market Analysis to establish ranges of RSA multiples of base salary for each executive. An RSA multiple of base salary, generally based on our overall financial performance for the prior year and each executive's individual performance and anticipated future role, is then (1) determined and approved by the Committee for the CEO and (2) proposed by the CEO and reviewed and approved by the Committee for each of the other executives. The fair value of the RSAs as developed by the Compensation Consultant are then converted into a recommended number of

[Table of Contents](#)

shares to be granted to each executive, typically based on the per share closing price of the Common Stock on the date of grant. The valuation methodology used to value the 2012 Performance RSAs and 2012 Time Vested RSAs is summarized in notes 2 and 12 to our consolidated financial statements in our 2012 Form 10-K.

In addition to considering the valuation of each RSA grant, management and the Committee also consider the overall potential stockholder dilution impact and “burn rate” (i.e., the rate at which awards are granted) of the RSAs to be granted. Each year, the Committee reviews and recommends to the Board for approval a budgeted grant date value of shares that may be used in connection with the grant of Annual RSAs to the executives and our other eligible employees. This review and recommendation process includes an analysis of potential dilution levels and burn rates resulting from the potential grant of such RSAs as compared to independent surveys from third party sources, which may include Towers Watson and others. The Committee and management use this competitive market data regarding dilution levels and burn rates as an additional gauge in making decisions regarding annual grants of long-term equity compensation.

Our stockholder dilution was approximately 2.4%, and our burn rate was approximately 0.3%, for the year ended December 31, 2012. We believe our stockholder dilution and burn rates are competitively low relative to comparable companies based upon the independent surveys identified above.

Stock Options

Neither the Committee nor the Board has granted stock options to purchase shares of Common Stock to employees since 2003, and neither has granted stock options to any executive officers, including the NEOs, since October 2001. Neither the Committee nor the Board currently anticipates granting stock options to executives or other employees for the foreseeable future.

Severance Agreements

The Committee believes establishing competitive severance arrangements with our executives is a key part of a total rewards package to effectively recruit and retain high-performing executives. We have entered into severance agreements containing severance benefits and non-compete and non-solicitation provisions with each NEO and certain other senior officers (as amended, “Severance Agreements”). We do not currently have employment agreements with any of our executives other than the Severance Agreements.

Pursuant to each Severance Agreement, we are required to provide severance benefits to the officer if such officer is terminated without cause (as defined in the Severance Agreement) or such officer terminates employment with good reason (as defined in the Severance Agreement) (collectively a “qualifying termination”). The Severance Agreements provide for enhanced severance benefits if the officer incurs a qualifying termination within two years following a change in control (as defined in the Severance Agreements).

We periodically review the level of the officer severance benefits by analyzing our severance benefits as compared to competitive market severance and change-in-control practices as provided in surveys and information from third parties, which may include Towers Watson and others. Subsequent Severance Agreements may be different as a result of such reviews.

Details regarding the severance benefits provided under the Severance Agreements and the potential value thereof are provided below at “— Potential Payments Upon Termination of Employment” in this “VII. Executive Compensation.”

Other Benefits and Perquisites

In addition to base pay, short-term incentives, long-term incentives and severance benefits, we provide the other benefits outlined below. We believe these other benefits support our overall attraction and retention objectives.

Retirement Benefits

Our executives are eligible to participate in our 401(k) Plan under the same parameters applicable to all other employees, including eligibility for (1) a base matching contribution from us (which is subject to the Committee's discretion) equal to 100% of the first 3% of the executive's compensation contributed ("Base Match") and (2) a discretionary annual matching contribution from us (which is also subject to the Committee's discretion) equal to 100% of the next 3% of the executive's compensation contributed, subject to IRS limitations ("Discretionary Match"). The value of our Base Match and Discretionary Match contributions for each NEO for the 2012, 2011 and 2010 401(k) Plan years are provided below in the table at "—Summary Compensation Table" in this "VII. Executive Compensation."

Health and Welfare Benefits

Our executives are eligible to participate in the same health and welfare benefits that are available to our other eligible employees, such as medical, dental, life and disability insurance. The value of the health and welfare benefits paid by us for each NEO in 2012, 2011 and 2010 is provided below in the tables at "—Summary Compensation Table" and "—All Other Compensation Table" in this "VII. Executive Compensation."

Relocation Benefits

In general, we do not offer our executives significant perquisites, other than relocation assistance (which includes expatriate benefits for international assignments). We generally offer relocation assistance to all of our employees who we ask to relocate in connection with their employment with us, with the level of benefits generally corresponding to the level of the employee's position. We have found that relocation assistance can play an important role in attracting qualified new hire candidates or transferring existing employees to our various office locations. The primary benefits provided under our relocation assistance program to our NEOs and other senior management are generally: reasonable moving and related expenses, closing costs related to selling and buying a house, and temporary living expenses, if needed, for up to 60 days. No relocation benefits were provided to our NEOs in 2012.

Other Matters

Stock Ownership Guidelines

In order to further align the interests of our senior management with those of our stockholders, we have adopted certain stock ownership guidelines designed to support a culture of ownership among the NEOs and certain other senior officers. The Committee believes the maintenance of Common Stock ownership guidelines motivates executives to perform in accordance with the interests of our stockholders. The guideline ownership levels are designed to ensure the executives have a meaningful economic stake in the Common Stock, while satisfying the executives' need for portfolio diversification.

[Table of Contents](#)

Our stock ownership guidelines provide that our NEOs should acquire the following specified number of shares of Common Stock, which number does not include unvested performance-based RSAs and unexercised stock options:

<u>Executive</u>	<u>Title</u>	<u>Number of Shares</u>
W. Benjamin Moreland	President & CEO	100,000
Jay A. Brown	SVP, CFO & Treasurer	45,000
James D. Young	SVP & COO	45,000
E. Blake Hawk	EVP & General Counsel	45,000
Patrick Slowey ¹³	SVP & CCO	10,000

Current officers have until May 20, 2014 to acquire the applicable number of shares specified by the guidelines. As of the Record Date, each of the NEOs serving at that time held in excess of the number of shares of Common Stock specified by the stock ownership guidelines.

In addition, any new executive officer appointed who reports directly to the CEO shall be subject to stock ownership guidelines relating to 45,000 shares of Common Stock, with such officer having five years from the effective date of his or her appointment to acquire the applicable number of shares.

Accounting and Tax Impacts upon Executive Compensation

For a discussion of the accounting impacts on various elements of long-term incentive compensation, see notes 2 and 12 to our consolidated financial statements in our 2012 Form 10-K.

Section 162(m) of the Code generally disallows a public company's tax deduction for compensation paid to the CEO and the four other most highly compensated officers in excess of \$1 million in any taxable year. However, qualifying performance-based compensation is not subject to the deduction limit if certain requirements are satisfied.

In determining executive compensation, the Committee considers, among other factors, the possible tax consequences. Tax consequences, including tax deductibility, are subject to many factors (such as changes in the tax laws) that are beyond our control. In addition, the Committee believes that it is important for it to retain maximum flexibility in designing compensation programs that meet its stated objectives. For these reasons, the Committee, while considering tax deductibility as one of the factors in determining compensation, does not limit compensation to those levels or types of compensation that will be deductible by us.

To this end, the AI Plan does not qualify for the Section 162(m) exemption even though it is an annual performance-based cash program primarily because the Committee maintains some level of subjectivity regarding the payout multiple applied to the executive based on the Committee's assessment of the executive's individual performance.

All compensation attributable to the vesting of Performance RSAs during 2012 satisfied the requirements for deductibility under Section 162(m). For 2012, the portion of combined base salary, AI award, and vesting of Time Vested RSAs in excess of \$1 million for Messrs. Moreland, Brown, Young, Hawk and Slowey does not qualify as performance-based compensation under Section 162(m) and is not deductible by us.

¹³ Mr. Slowey's Common Stock ownership retention levels are set forth in his Severance Agreement.

Respectfully submitted by the Compensation Committee of the Board.

Potential Payments Upon Termination of Employment

Severance Agreements. We have entered into Severance Agreements containing non-compete and non-solicitation provisions with each NEO.

Pursuant to each Severance Agreement, we are required to provide severance benefits to the officer if such officer's employment is terminated pursuant to a Qualifying Termination (as defined in footnote (a) to the table below). The Severance Agreements provide for enhanced severance benefits if the officer's employment is terminated in connection with a Qualifying Termination Upon Change in Control (as defined in footnote (a) to the table below). Upon a Qualifying Termination that does not occur during a change in control period, the executive officer is entitled to:

- a lump sum payment equal to the sum of the officer's base salary and annual incentive multiplied by two (for Messrs. Moreland and Hawk) or one (for all other NEOs covered by a Severance Agreement). For Messrs. Moreland and Hawk annual incentive is defined as 75% of such officer's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such officer's base salary. For Mr. Brown, annual incentive is defined as 65% of such officer's base salary;
- a prorated cash amount equal to the officer's annual incentive for the year of termination;
- a cash amount equal to the officer's prior year actual annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers;
- continued coverage under specified health and welfare benefit programs for either two years (for Messrs. Moreland and Hawk) or one year (for all other NEOs covered by a Severance Agreement);
- continued participation in the 401(k) Plan for the calendar year of the date of termination including our contributions based upon participation or matching (with payment of the after-tax economic equivalent if and to the extent such is not permitted under the 401(k) Plan or by applicable law); and
- with respect to any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) held by the officer, either (1) immediate vesting (for Messrs. Moreland and Hawk)¹⁴ or (2) continued vesting for two years after termination (for all other NEOs covered by a Severance Agreement).

In connection with a Qualifying Termination Upon Change in Control, the officer is entitled to:

- a lump sum payment equal to the sum of the officer's base salary and annual incentive multiplied by three (for Messrs. Moreland and Hawk) or two (for all other NEOs covered by a Severance Agreement). For Messrs. Moreland and Hawk annual incentive is defined as 75% of such officer's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such officer's base salary. For Mr. Brown, annual incentive is defined as 65% of such officer's base salary;
- a prorated cash amount equal to the officer's annual incentive for the year of termination,
- a cash amount equal to the officer's prior year actual annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers;
- continued coverage under specified health and welfare benefit programs for either three years (for Messrs. Moreland and Hawk) or two years (for all other NEOs covered by a Severance Agreement);

¹⁴ In lieu of immediate vesting, the 2010, 2011 and 2012 Performance RSAs continue to vest pursuant to the performance criteria for such RSAs.

Table of Contents

- continued participation in the 401(k) Plan for the calendar year of the date of termination including our contributions based upon participation or matching (with payment of the after-tax economic equivalent if and to the extent such is not permitted under the 401(k) Plan or by applicable law); and
- immediate vesting of any outstanding RSAs¹⁵ and stock options (which remain exercisable for two years following employment or service as a director, if applicable), held by the officer.

Each of the Severance Agreements also has provisions that generally prohibit the officer, for a period of 12 months following the termination of such officer's employment with us, from (1) engaging in business activities relating to wireless communication or broadcast towers which compete with us or our affiliates in the United States or Australia and (2) soliciting our employees and our affiliates. The following table and footnotes thereto summarize the alternative termination benefits that would be payable under different termination scenarios in accordance with each NEO's Severance Agreement. The information provided assumes the NEO's termination occurred as of December 31, 2012.

(a) Represents the various employment termination scenarios as defined in the NEO's Severance Agreements. Generally, each of the scenarios can be described as follows:

- A "Qualifying Termination" occurs upon (1) our termination of the executive's employment with us for any reason other than for Cause (as defined in the Severance Agreements) or disability or death, or (2) the executive's termination of employment with us within 60 days of the occurrence of an event that constitutes Good Reason (as defined in the Severance Agreements).
- A "Non-Qualifying Termination" occurs upon any termination of the executive's employment with us other than a Qualifying Termination.
- A "Qualifying Termination Upon Change in Control" occurs upon a Qualifying Termination of the executive within two years following a Change in Control (as defined in the Severance Agreements).

(b) Represents the lump sum payment equal to the sum of the NEO's base salary and annual incentive multiplied by three and two for Messrs. Moreland and Hawk, and two and one for Messrs. Brown, Young and Slowey for a Qualifying Termination Upon Change in Control and Qualifying Termination, respectively. For Messrs. Moreland and Hawk, annual incentive is defined as 75% of such NEO's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such NEO's base salary. For Mr. Brown, annual incentive is defined as 65% of such NEO's base salary.

¹⁵ The 2010, 2011 and 2012 Performance RSAs vest immediately with respect to the Target Shares and continue to vest pursuant to the performance criteria with respect to the remaining shares.

Table of Contents

- (c) Represents the value of accelerating the vesting of the outstanding unvested RSAs as of December 31, 2012 (calculated as the number of accelerated RSAs multiplied by \$72.16, the closing price per share of our Common Stock on December 31, 2012). In connection with a Qualifying Termination Upon Change in Control, any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) held by the NEO immediately vest, provided that the 2010 Performance RSAs, 2011 Performance RSAs and 2012 Performance RSAs vest immediately with respect to the Target Shares held by the NEOs and continue to vest pursuant to the performance criteria with respect to the remaining 2010 Performance RSA shares, 2011 Performance RSA shares and 2012 Performance RSAs shares. Upon a Qualifying Termination that does not occur during a change in control period, any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) either (1) immediately vest for Messrs. Moreland and Hawk, provided that the 2010 Performance RSAs, 2011 Performance RSAs and 2012 Performance RSAs continue to vest pursuant to the performance criteria for such RSAs or (2) continue to vest for two years after termination for Messrs. Brown, Young and Slowey.
- (d) Other termination benefits represent the following items:
- A prorated cash amount equal to the officer's annual incentive for the year of termination. For Messrs. Moreland and Hawk, annual incentive is defined as 75% of such NEO's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such NEO's base salary. For Mr. Brown, annual incentive is defined as 65% of such NEO's base salary. The payment of a cash amount equal to the NEO's prior year annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers is permitted under the Severance Agreements but would not apply under this scenario since termination is assumed to occur as of December 31, 2012, and any prior year actual annual incentives relating to 2011 would have already been paid.
 - An estimate of the premiums paid by us for continued coverage under specified health and welfare benefit programs.
 - An estimate of our 401(k) Plan matching contributions for continued participation in the 401(k) Plan for 2012, the year in which termination of employment is assumed to occur under this scenario. Assuming termination of employment occurs on December 31, 2012, this amount includes our Discretionary Match contribution for 2012, which is \$7,500 since each of the NEOs achieved the level of contribution necessary for 2012 to be eligible for the 3% Discretionary Match.
- (e) In accordance with the NEOs' Severance Agreements, we will provide a tax assistance payment to cover any excise tax imposed under Code Section 4999. There should be no excise tax imposed on any of the NEOs as the parachute amount is less than the IRC Section 280G parameters of three times the base amount.
- (f) Represents an estimate of the alternative total potential payments upon termination of employment that would be paid to or accrued for each NEO assuming the NEO's employment terminated under different scenarios as of December 31, 2012.

VIII. AUDIT COMMITTEE MATTERS

The Board has established an Audit Committee comprised entirely of independent directors, as defined in the rules and regulations of the NYSE and SEC. Upon the recommendation of the Audit Committee and in compliance with the regulations of the NYSE, the Board has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members and the responsibilities of the Audit Committee. The Audit Committee Charter can be found under the Investor Relations section of our website at <http://www.crowncastle.com/investor/corpgovernance.asp>.

The Audit Committee has adopted certain procedures under which audit and non-audit services to be rendered by our independent registered public accountants are pre-approved. Such procedures provide that between the regularly scheduled meetings of the Audit Committee, each member of the Audit Committee (with preference given to the Chairman of the Audit Committee, if available) is authorized to pre-approve fees presented by an officer relating to audit and permitted non-audit related engagements of our independent registered public accountants, up to an aggregate of \$100,000 of such fees not previously approved or ratified by the Audit Committee; provided, however, that any fees so approved regarding engagements or services relating to our securities offerings are not subject to or included in the calculation of such \$100,000 limit. At each regularly scheduled meeting of the Audit Committee, our officers present to the Audit Committee a schedule detailing any fees and engagements approved pursuant to the foregoing procedures by a member of the Audit Committee since the last regularly scheduled meeting of the Audit Committee.

No services were provided by the independent registered public accountants in 2012 that were approved by the Audit Committee under SEC Regulation S-X Section 2-01(c)(7)(i)(C) (which addresses certain services considered de minimus approved by the Audit Committee after such services have been performed).

In addition, in accordance with regulations promulgated by the SEC, the Audit Committee has issued the following report.

The notice of nominations for the election of directors must set forth certain information concerning the stockholder giving the notice and each nominee. A copy of the applicable bylaw provision may be obtained, without charge, upon written request to our Corporate Secretary.

Any Shares that are the subject of Awards under the Plan which are forfeited or terminated, expire unexercised, are settled in cash in lieu of Shares or in a manner such that all or some of the Shares covered by an Award are not issued to a Participant or are exchanged for Awards that do not involve Shares shall again immediately become available to be issued pursuant

to Awards granted under the Plan. If Shares are withheld from payment of an Award to satisfy tax obligations with respect to the Award, such Shares shall be treated as Shares that have been issued under the Plan, and the number of such Shares shall not again be available for issuance under the Plan. If Shares are tendered in payment of an option price of an Option or the exercise price of a SAR, such Shares shall not be available for issuance under the Plan.

The following rules shall apply to grants of Awards under the Plan:

(i) **Incentive Stock Options.** The aggregate number of Shares with respect to which Incentive Stock Options may be granted under the Plan is 1,000,000 Shares.

(ii) **Options.** The maximum aggregate number of Shares that may be subject to Options granted in any one calendar year to any one employee shall be 1,000,000 Shares determined as of the dates of grant.

(iii) **SARs.** The maximum aggregate number of Shares that may be granted pursuant to SARs granted in any one calendar year to any one employee shall be 1,000,000 Shares, determined as of the dates of grant.

(iv) **Performance Awards.** The maximum aggregate grant with respect to Performance Awards made in any one calendar year to any one employee that are payable in Shares shall be 400,000 Shares, determined as of the date of grant. The maximum aggregate amount awarded or credited with respect to Performance Awards to any one employee in any one calendar year that are payable in cash shall not exceed \$15,000,000 in value, determined as of the date of grant. The limitations set forth in this clause (iv) shall be applied in a manner that is consistent with the provisions of Section 162(m).

(v) **Adjustments.** Each of the foregoing numerical limits stated in this Section V(a) shall be subject to adjustment in accordance with the provisions of Section XIII.

(b) **Grant of Awards.** The Committee may from time to time grant Awards to one or more employees, Consultants, or Directors determined by it to be eligible for participation in the Plan in accordance with the terms of the Plan.

(c) **Stock Offered.** Subject to the limitations set forth in Section V(a), the stock to be offered pursuant to the grant of an Award may be authorized but unissued Common Stock or Common Stock previously issued and outstanding and reacquired by the Company. Any of such Shares which remain unissued and which are not subject to outstanding Awards at the termination of the Plan shall cease to be subject to the Plan but, until the termination of the Plan, the Company shall at all times make available a sufficient number of Shares to meet the requirements of the Plan.

VI. ELIGIBILITY

Awards may be granted only to persons who, at the time of grant, are employees, Consultants, or Directors. An Award may be granted on more than one occasion to the same person, and, subject to the limitations set forth in the Plan, such Award may include an Incentive Stock Option, an Option that is not an Incentive Stock Option, a Stock Award, a Restricted Stock Award, a Performance Award, a Phantom Stock Award, a SAR or an RSU Award or any combination thereof.

VII. STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

(a) **Option Period or Stock Appreciation Right Period.** The term of each Option or SAR shall be as specified by the Committee at the date of grant, but shall not be exercisable more than ten years after the date of grant.

(b) **Limitations on Exercise of Option or Stock Appreciation Right.** An Option or SAR shall be exercisable in whole or in such installments and at such times as determined by the Committee.

[Table of Contents](#)

(c) **Special Limitations on Incentive Stock Options.** Unless otherwise specified in an Option Agreement, Options granted pursuant to the Plan shall be Options that do not constitute Incentive Stock Options. An Incentive Stock Option may be granted only to an individual who is employed by the Company or any parent or subsidiary corporation (as defined in section 424 of the Code) at the time the Option is granted. To the extent that the aggregate fair market value (determined at the time the respective Incentive Stock Option is granted) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an individual during any calendar year under all incentive stock option plans of the Company and its parent and subsidiary corporations exceeds \$100,000, such Incentive Stock Options shall be treated as Options which do not constitute Incentive Stock Options. No Incentive Stock Option shall be granted to an individual if, at the time the Option is granted, such individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its parent or subsidiary corporation, within the meaning of section 422(b)(6) of the Code, unless (i) at the time such Option is granted the option price is at least 110% of the fair market value of the Common Stock subject to the Option and (ii) such Option by its terms is not exercisable after the expiration of five years from the date of grant. An Incentive Stock Option shall not be transferable otherwise than by will or the laws of descent and distribution, and shall be exercisable during the Participant's lifetime only by such Participant or the Participant's guardian or legal representative.

(d) **Option Agreement.** Each Option shall be evidenced by an Option Agreement in such form and containing such provisions not inconsistent with the provisions of the Plan as the Committee from time to time shall approve, including provisions to qualify an Incentive Stock Option under section 422 of the Code. Each Option Agreement shall specify the effect of termination of (i) employment, (ii) the consulting or advisory relationship, or (iii) membership on the Board, as applicable, on the exercisability of the Option. An Option Agreement may provide for the payment of the option price as the Committee may specify, including by the delivery of Shares. The terms and conditions of the respective Option Agreements need not be identical. Subject to the consent of the Participant, the Committee may, in its sole discretion, amend an outstanding Option Agreement from time to time in any manner that is not inconsistent with the provisions of the Plan (including an amendment that accelerates the time at which the Option, or a portion thereof, may be exercisable).

(e) **SAR Agreement.** Each SAR shall be evidenced by a SAR Agreement in such form and containing such provisions not inconsistent with the provisions of the Plan as the Committee from time to time shall approve. The terms and conditions of the respective SAR Agreements need not be identical. Subject to the consent of the Participant, the Committee may, in its sole discretion, amend an outstanding SAR Agreement from time to time in any manner that is not inconsistent with the provisions of the Plan (including an amendment that accelerates the time at which the SAR, or a portion thereof, may be exercisable). Unless otherwise set forth in a SAR Agreement, upon the exercise of a SAR, a Holder shall be entitled to receive payment from the Company in an amount determined by multiplying (i) the difference between the value of a Share on the date of exercise over the grant price by (ii) the number of Shares with respect to which the SAR is exercised. The per Share grant price for a SAR shall be established on the date of grant of the SAR. At the discretion of the Committee, the payment made to a Holder upon the exercise of a SAR may be in cash, in Shares or in any combination thereof. The Committee's determination regarding the form of payment may be set out in the applicable SAR Agreement pertaining to the grant of the SAR.

(f) **Restrictions on Repricing of Options or Stock Appreciation Rights.** Except as provided in Section XIII, the Committee may not, without approval of the stockholders of the Company, amend any outstanding Option Agreement or SAR Agreement to lower the option price (or cancel and replace any outstanding Option Agreement with Option Agreements having a lower option price) or to lower the SAR grant price (or cancel and replace any outstanding SAR with SAR Agreements having a lower SAR grant price). Further, the Committee may not lower an option price of an Option (or cancel and

replace any outstanding Option Agreement with Option Agreements having a lower option price) or lower the SAR grant price (or cancel and replace any outstanding SAR with SAR Agreements having a lower SAR grant price) to the extent that doing so would subject the Holder to additional taxes under Section 409A.

(g) **Option Price and Payment.** The price at which a Share may be purchased upon exercise of an Option shall be determined by the Committee but, subject to adjustment as provided in Section XIII, (i) in the case of an Incentive Stock Option, such purchase price shall not be less than the fair market value of a Share on the date such Option is granted, and (ii) in the case of an Option that does not constitute an Incentive Stock Option, such purchase price may be less than the fair market value of a Share on the date such Option is granted. The Option or portion thereof may be exercised by delivery of an irrevocable notice of exercise to the Company, as specified by the Committee. The purchase price of the Option or portion thereof shall be paid in full in the manner prescribed by the Committee. Separate stock certificates shall be issued by the Company for those Shares acquired pursuant to the exercise of an Incentive Stock Option and for those Shares acquired pursuant to the exercise of any Option that does not constitute an Incentive Stock Option, or should the Shares be represented by book or electronic entry rather than certificates, such Shares shall be accounted for separately in such book or electronic entry.

(h) **Method of Exercise of Option.**

(i) *General Method of Exercise.* Subject to the terms and provisions of the Plan and the applicable Award Agreement, Options may be exercised in whole or in part from time to time by the delivery of written notice in the manner designated by the Committee stating (1) that the Holder wishes to exercise such Option on the date such notice is so delivered, (2) the number of Shares with respect to which the Option is to be exercised and (3) the address to which any certificate representing such Shares should be mailed or delivered. Except in the case of exercise by a third party broker as provided below, in order for the notice to be effective the notice must be accompanied by payment of the option price by any combination of the following: (1) cash, certified check, bank draft or postal or express money order for an amount equal to the option price under the Option, (2) an election to make a cashless exercise through a registered broker-dealer (if approved in advance by the Committee or an executive officer of the Company) or (3) any other form of payment which is acceptable to the Committee.

(ii) *Exercise Through Third-Party Broker.* The Committee may permit a Holder to elect to pay the option price and any applicable tax withholding resulting from such exercise by authorizing a third-party broker to sell all or a portion of the Shares acquired upon exercise of the Option and remit to the Company a sufficient portion of the sale proceeds to pay the option price and any applicable tax withholding resulting from such exercise.

(i) **Options and Stock Appreciation Rights in Substitution for Options Granted by Other Employers.** Options and SARs may be granted under the Plan from time to time in substitution for options held by persons who become employees, Consultants, or Directors as a result of a merger or consolidation or other business transaction with the Company or any Affiliate. The repricing prohibitions of Sections VII(f) and XIV shall apply to substitution awards granted pursuant to this Section VII(i).

VIII. RESTRICTED STOCK AWARDS

(a) **Forfeiture Restrictions To Be Established by the Committee.** Shares that are the subject of a Restricted Stock Award shall be subject to restrictions on disposition by the Participant and an obligation of the Participant to forfeit and surrender the Shares to the Company under certain circumstances ("Forfeiture Restrictions"). The Forfeiture Restrictions shall be determined by the Committee in its sole discretion, and the Committee may provide that the Forfeiture Restrictions shall

Table of Contents

lapse upon (i) the attainment of one or more performance measures established by the Committee, (ii) the continued employment or service with the Company or an Affiliate for a specified period of time, or (iii) the occurrence of any event or the satisfaction of any other condition specified by the Committee in its sole discretion. Each Restricted Stock Award may have different Forfeiture Restrictions, in the discretion of the Committee.

(b) **Other Terms and Conditions.** Common Stock awarded pursuant to a Restricted Stock Award shall be represented by (i) a stock certificate registered in the name of the Participant, (ii) book or electronic entry or (iii) any other reasonable alternative form for evidencing or representing the issuance of Common Stock. Unless provided otherwise in a Restricted Stock Agreement, the Participant shall have the right to receive dividends with respect to Common Stock subject to a Restricted Stock Award, which dividends shall be accrued and paid when the Forfeiture Restrictions applicable to the Restricted Stock Award have lapsed, to vote Common Stock subject thereto and to enjoy all other stockholder rights, except that (i) the Participant shall not be entitled to delivery of a stock certificate until the Forfeiture Restrictions have lapsed, (ii) the Company shall retain custody of the Common Stock until the Forfeiture Restrictions have lapsed, (iii) the Participant may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the Common Stock until the Forfeiture Restrictions have lapsed, and (iv) a breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Agreement shall cause a forfeiture of the Restricted Stock Award. At the time of such Award, the Committee may, in its sole discretion, prescribe additional terms, conditions or restrictions relating to Restricted Stock Awards, including rules pertaining to the termination of employment or service as a Consultant or Director (by retirement, disability, death or otherwise) of a Participant prior to expiration of the Forfeiture Restrictions. Such additional terms, conditions or restrictions shall be set forth in a Restricted Stock Agreement made in conjunction with the Award.

(c) **Payment for Restricted Stock.** The Committee shall determine the amount and form of any payment for Common Stock received pursuant to a Restricted Stock Award, provided that in the absence of such a determination, a Participant shall not be required to make any payment for Common Stock received pursuant to a Restricted Stock Award, except to the extent otherwise required by law.

(d) **Committee's Discretion to Accelerate Vesting of Restricted Stock Awards.** The Committee may, in its discretion and as of a date determined by the Committee, fully vest any or all Common Stock awarded to a Participant pursuant to a Restricted Stock Award and, upon such vesting, all Forfeiture Restrictions applicable to such Restricted Stock Award shall lapse as of such date. Any action by the Committee pursuant to this paragraph (d) may vary among individual Participants and may vary among the Restricted Stock Awards held by any individual Participant.

(e) **Restricted Stock Agreements.** At the time any Award is made under this Section VIII, the Company and the Participant shall enter into a Restricted Stock Agreement setting forth each of the matters contemplated hereby and such other matters as the Committee may determine to be appropriate. The terms and provisions of the respective Restricted Stock Agreements need not be identical. Subject to the consent of the Participant the Committee may, in its sole discretion, amend an outstanding Restricted Stock Agreement from time to time in any manner that is not inconsistent with the provisions of the Plan.

IX. PERFORMANCE AWARDS

(a) **Performance Awards Based Upon Satisfaction of Performance Goals.** Subject to the terms and provisions of the Plan, the Committee, at any time, and from time to time, may grant Performance Awards under the Plan to eligible persons in such amounts and upon such terms as the Committee shall determine. The amount of, the vesting and the transferability restrictions applicable to any Performance Award shall be based upon the attainment of such Performance Goals as the Committee may determine; provided, however, that the performance period for any Performance Award shall not be less than one year.

Table of Contents

(b) **Performance Goals.** A Performance Goal must be objective such that a third party having knowledge of the relevant facts could determine whether the goal is met. Such a Performance Goal may be based on one or more business criteria that apply to the Holder, one or more business units of the Company, or the Company as a whole, with reference to one or more of the following: stock price (including adjustments for dividends), funds from operations, adjusted funds from operations, earnings or adjusted earnings before or after interest, taxes, depletion, depreciation or amortization, earnings per share, earnings per share growth, total shareholder return, economic value added, cash return on capitalization, increased revenue, revenue ratios (per employee or per customer), net income (before or after taxes), market share, return on equity, return on assets, return on capital, return on capital compared to cost of capital, return on capital employed, return on invested capital, return on investment, return on sales, operating or profit margins, shareholder value, net cash flow, operating income, cash flow, cash flow from operations, cost reductions or cost savings, cost ratios (per employee or per customer), expense control, sales, proceeds from dispositions, project completion time, budget goals, net cash flow before financing activities, customer growth, total capitalization, debt to total capitalization ratio, credit quality or debt ratings, dividend payout, dividend growth, production volumes or safety results. Goals may also be based on performance relative to a peer group of companies. Unless otherwise stated, such a Performance Goal need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria). Performance Goals may be determined by including or excluding, in the Committee's discretion, items that are determined to be extraordinary, unusual in nature, infrequent in occurrence, related to the disposal or acquisition of a segment of a business, or related to a change in accounting principal, in each case, based on Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 225-20, *Income Statement, Extraordinary and Unusual Items*, and FASB ASC 830-10, *Foreign Currency Matters, Overall*, or other applicable accounting rules, or consistent with Company accounting policies and practices in effect on the date the Performance Goal is established. In interpreting Plan provisions applicable to Performance Goals and Performance Awards, it is intended that the Plan will conform with the standards of Section 162(m) and the Committee in establishing such goals and interpreting the Plan shall be guided by such provisions. Subject to the foregoing provisions, and the following provisions of this Section IX, the terms, conditions and limitations applicable to any Performance Awards made pursuant to the Plan shall be determined by the Committee.

(c) **Time of Establishment of Performance Goals.** With respect to a Covered Employee, a Performance Goal for a particular Performance Award must be established by the Committee prior to the earlier to occur of (i) 90 days after the commencement of the period of service to which the Performance Goal relates or (ii) the lapse of 25 percent of the period of service, and in any event while the outcome is substantially uncertain.

(d) **Written Agreement.** Each Performance Award shall be evidenced by a Performance Award Agreement that contains any vesting or transferability restrictions, Performance Goals, payment provisions and other provisions not inconsistent with the Plan as the Committee may specify. The terms and provisions of the respective Performance Award Agreements need not be identical.

(e) **Form of Payment Under Performance Award.** Payment under a Performance Award shall be made in cash or Shares as specified in the Holder's Award Agreement.

(f) **Certification by Committee Prior to Payment.** Prior to the payment of any compensation based on the achievement of Performance Goals, the Committee must certify in writing that applicable Performance Goals and any of the material terms thereof were, in fact, satisfied.

(g) **Time of Payment Under Performance Award.** Unless a Performance Award is structured as a current transfer of Shares subject to a risk of forfeiture in the event Performance Goals are not achieved, a Holder's payment under a Performance Award shall be made at such time as is specified

[Table of Contents](#)

in the applicable Award Agreement. The Award Agreement shall specify that such payment will be made (i) by a date that is no later than the date that is two and one-half (2 1/2) months after the end of the calendar year in which the Performance Award payment is no longer subject to a Substantial Risk of Forfeiture or (ii) at a time that is permissible under Section 409A.

(h) **Increases Prohibited.** None of the Committee, the Board or the Company may increase the amount of compensation payable under a Performance Award. If the time at which a Performance Award will vest or be paid is accelerated for any reason, the number of Shares subject to, or the amount payable under, the Performance Award shall be reduced pursuant to Department of Treasury Regulation § 1.162-27(e)(2)(iii) to reasonably reflect the time value of money.

(i) **Stockholder Approval.** No payments of Stock or cash will be made to a Covered Employee pursuant to this Section IX unless the stockholder approval requirements of Department of Treasury Regulation § 1.162-27(e)(4) are satisfied.

(j) **No Dividend Equivalents.** An Award Agreement for a Performance Award shall not specify that the Holder shall be entitled to the payment of Dividend Equivalents under the Award, unless the payment of any such Dividend Equivalents will be subject to the satisfaction of the same performance conditions as apply to the Performance Award.

(k) **Dividends.** In the case of a Performance Award that is payable in Shares, if the Holder shall become entitled to the payment of dividends paid in Shares with respect to the Performance Award, such dividends shall be added to and become a part of the Performance Award. Accordingly, such dividends will be subject to the satisfaction of the same performance conditions as apply to the Performance Shares.

X. PHANTOM STOCK AWARDS

(a) **Phantom Stock Awards.** Phantom Stock Awards are rights to receive the value of Shares which vest over a period of time as established by the Committee, without satisfaction of any performance criteria or objectives. The Committee may, in its discretion, require payment or other conditions of the Participant respecting any Phantom Stock Award.

(b) **Award Period.** The Committee shall establish, with respect to and at the time of grant of each Phantom Stock Award, a period over which the Award shall vest with respect to the Participant.

(c) **Awards Criteria.** In determining the value of Phantom Stock Awards, the Committee shall take into account a Participant's responsibility level, performance, potential, other Awards, and such other considerations as it deems appropriate.

(d) **Payment.** Following the end of the vesting period for a Phantom Stock Award (or at such other time as the applicable Phantom Stock Award Agreement may provide), the holder of a Phantom Stock Award shall be entitled to receive payment of an amount, not exceeding the maximum value of the Phantom Stock Award, based on the then vested value of the Award. Payment of a Phantom Stock Award may be made in cash, Common Stock, or a combination thereof as determined by the Committee.

(e) **Termination of Award.** A Phantom Stock Award shall terminate if the Participant does not remain continuously in the employ of the Company and its Affiliates or does not continue to perform services as a Consultant or a Director for the Company and its Affiliates at all times during the applicable vesting period, except as may be otherwise determined by the Committee.

(f) **Phantom Stock Award Agreements.** At the time any Award is made under this Section X, the Company and the Participant shall enter into a Phantom Stock Award Agreement setting forth each of

[Table of Contents](#)

the matters contemplated hereby, and such additional matters as the Committee may determine to be appropriate. The terms and provisions of the respective Phantom Stock Award Agreements need not be identical. A Phantom Stock Award Agreement may provide for the payment of Dividend Equivalents.

XI. STOCK AWARDS

- (a) **Stock Awards.** Stock Awards are rights to receive Shares, which vest immediately, without satisfaction of any performance criteria or objectives. The Committee may, in its discretion, require payment, partial payment or other conditions of the Participant respecting any Stock Award.
- (b) **Awards Criteria.** In determining the value of Stock Awards, the Committee may take into account a Participant's responsibility level, performance, potential, other Awards, and such other considerations as it deems appropriate.
- (c) **Payment.** A Participant who receives a Stock Award shall be entitled to receive immediate payment of such Award in Common Stock.

XII. RESTRICTED STOCK UNIT AWARDS

- (a) **RSU Awards.** An RSU Award shall be similar in nature to a Restricted Stock Award except that no Shares or cash shall be transferred to the Holder until the applicable vesting restrictions lapse or performance conditions have been satisfied. The amount of, and the vesting and the transferability restrictions applicable to, any RSU Award shall be determined by the Committee in its sole discretion. The Committee shall maintain a bookkeeping ledger account which reflects the number of RSUs credited under the Plan for the benefit of a Holder.
- (b) **RSU Award Agreement.** Each RSU Award shall be evidenced by an Award Agreement that contains any Substantial Risk of Forfeiture, vesting and transferability restrictions, form and time of payment provisions and other provisions not inconsistent with the Plan as the Committee may specify. An RSU Award Agreement may provide for the payment of Dividend Equivalents.
- (c) **Form of Payment Under RSU Award.** Payment under an RSU Award shall be made in cash or Shares as specified in the applicable Award Agreement.
- (d) **Time of Payment Under RSU Award.** Payment to a Holder under an RSU Award shall be made at such time as is specified in the applicable Award Agreement. The Award Agreement shall specify that the payment will be made (i) by a date that is no later than the date that is two and one-half (2 1/2) months after the end of the Fiscal Year in which the RSU Award payment is no longer subject to a Substantial Risk of Forfeiture or (ii) at a time that is permissible under Section 409A.

XIII. RECAPITALIZATION OR REORGANIZATION

- (a) **No Effect on Right or Power.** The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's or any Affiliate's capital structure or its business, any merger or consolidation of the Company or any Affiliate, any issue of debt or equity securities ahead of or affecting Common Stock or the rights thereof, the dissolution or liquidation of the Company or any Affiliate or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding, whether of a similar character or otherwise.
- (b) **Capital Readjustments; Stock Dividends.** The Shares with respect to which Awards may be granted are Shares as presently constituted, but if, and whenever, prior to the expiration of an Award theretofore granted, the Company shall effect a subdivision or consolidation of Shares or other capital

Table of Contents

readjustment, the payment of a stock dividend on Common Stock, or other increase or reduction in the number of Shares outstanding, without receipt of consideration by the Company, then (i) the number of Shares, class or series and per Share price with respect to which such Award may thereafter be exercised or satisfied, as applicable, shall be appropriately adjusted in such a manner as to entitled a Holder to receive upon exercise or satisfaction of an Award, for the same aggregate cash consideration, the equivalent total number and class of series of Common Stock the Holder would have received had the Holder exercised the Holder's Option or satisfied the requirements under another Award prior to the event requiring the adjustment, and (ii) the number and class or series of Common Stock then available for issuance under the Plan and the numerical limitations in Section V(a) shall be adjusted by substituting for the total number and class or series of Common Stock then available for issuance that number and class or series of Common Stock that would have been received by the owner of an equal number of outstanding Shares of each class or series of Common Stock as a result of the event requiring the adjustment.

(c) **Corporate Changes.** If (i) the Company shall not be the surviving entity in any merger or consolidation or other reorganization (or survives only as a subsidiary of an entity other than an entity that was directly or indirectly wholly-owned by the Company immediately prior to such merger, consolidation or other reorganization), (ii) the Company sells, leases or exchanges all or substantially all of its assets to any other person (other than an entity that is directly or indirectly wholly owned by the Company), (iii) the Company is to be dissolved, (iv) any person, including a "group" as contemplated by Section 13(d)(3) of the 1933 Act, acquires or gains ownership or control (including, power to vote) of more than 50 percent of the outstanding shares of the Company's voting stock (based on voting power), (v) as a result of or in connection with a contested election of Directors, the persons who were Directors of the Company before such election shall cease to constitute a majority of the Board, or (vi) the Company is party to any other corporate transaction (as defined under section 424(a) of the Code and applicable Department of Treasury regulations) that is not described in clauses (i), (ii), (iii), (iv) or (v) of this sentence (each such event is referred to herein as a "Corporate Change"), then, the Committee, acting in its sole discretion without the consent or approval of any Holder (subject to any restrictions or limitations in an agreement with a Holder), shall effect one or more of the following alternatives, which alternatives may vary among individual Holders and which may vary among Options or SARs held by any individual Holder: (1) accelerate the time at which Options and SARs then outstanding may be exercised so that such Options or SARs may be exercised in full for a limited period of time on or before a specified date (before or after such Corporate Change) fixed by the Committee, after which specified date all unexercised Options and SARs and all rights of Participants thereunder shall terminate, (2) require the mandatory surrender to the Company by all or selected Holders of some or all of the outstanding Options and SARs held by such Holders (irrespective of whether such Awards are then exercisable under the provisions of the Plan or the applicable Award Agreements) as of a date, before or after such Corporate Change, specified by the Committee, in which event the Committee shall thereupon cancel such Award and the Company shall pay (or cause to be paid) to each Holder an amount of cash per Share equal to the excess, if any, of the amount calculated in paragraph (d) below ("Change of Control Value") of the Shares subject to such Option over the exercise price(s) under such Options for such Shares or the grant date values of the SARs with respect to such Shares, (3) with respect to all or selected Holders, have some or all of their then outstanding Options or SARs (whether vested or unvested) assumed or have a new award of a similar nature substituted for some or all of their then outstanding Options or SARs under the Plan (whether vested or unvested) by an entity which is a party to the transaction resulting in such Corporate Change and which is then employing such Holder or which is affiliated or associated with such Holder in the same or a substantially similar manner as the Company prior to the Corporate Change, or a parent or subsidiary of such entity, provided that (A) such assumption or substitution is on a basis where the excess of the aggregate fair market value of the Common Stock subject to the Option or SAR immediately after the assumption or substitution over the aggregate exercise price of such Common Stock is equal to the excess of the aggregate fair market value of all Common Stock

Table of Contents

subject to the Award immediately before such assumption or substitution over the aggregate exercise price of such Common Stock, and (B) the assumed rights under such existing Option or SAR or the substituted rights under such new Option or SAR, as the case may be, will have the same terms and conditions as the rights under the existing Award assumed or substituted for, as the case may be, or (4) make such adjustments to Options or SARs then outstanding as the Committee deems appropriate to reflect such Corporate Change (provided, however, that the Committee may determine in its sole discretion that no adjustment is necessary to Options or SARs then outstanding), including adjusting an Option or SAR to provide that the number and class of Shares covered by such Option or SAR shall be adjusted so that such Option or SAR shall thereafter cover securities of the surviving or acquiring corporation or other property (including cash) as determined by the Committee in its sole discretion.

(d) **Change of Control Value.** For the purposes of clause (2) in paragraph (c) above, the "Change of Control Value" shall equal the amount determined in clause (i), (ii) or (iii), whichever is applicable, as follows: (i) the per Share price offered to stockholders of the Company in any such merger, consolidation, sale of assets or dissolution transaction, (ii) the price per Share offered to stockholders of the Company in any tender offer or exchange offer whereby a Corporate Change takes place, or (iii) if such Corporate Change occurs other than pursuant to a tender or exchange offer, the fair market value per Share of the shares into which such Options being surrendered are exercisable, as determined by the Committee as of the date determined by the Committee to be the date of cancellation and surrender of such Options. In the event that the consideration offered to stockholders of the Company in any transaction described in this paragraph (d) or paragraph (c) above consists of anything other than cash, the Committee shall determine the fair cash equivalent of the portion of the consideration offered which is other than cash.

(e) **Other Changes in the Common Stock.** In the event of changes in the outstanding Common Stock by reason of recapitalizations, reorganizations, mergers, consolidations, combinations, split-ups, split-offs, spin-offs, exchanges or other relevant changes in capitalization or distributions to the holders of Common Stock occurring after the date of the grant of any Award and not otherwise provided for by this Section XIII, such Award and any agreement evidencing such Award shall be subject to adjustment by the Committee at its sole discretion as to the number and price of Shares or other consideration subject to such Award. In the event of any such change in the outstanding Common Stock or distribution to the holders of Common Stock, the aggregate number of Shares then available for issuance under the Plan and the maximum number of Shares that may be subject to Awards granted to any one individual and the numerical limitations in Section V(a) may be appropriately adjusted by the Committee, whose determination shall be conclusive. Notwithstanding the foregoing, except as otherwise provided in Section XV(h) or an Award Agreement, upon the occurrence of a Corporate Change, the Committee, acting in its sole discretion without the consent or approval of any Participant, may require the mandatory surrender to the Company by selected Participants of some or all of the outstanding Performance Awards, RSU Awards and Phantom Stock Awards as of a date, before or after such Corporate Change, specified by the Committee, in which event the Committee shall thereupon cancel such Performance Awards, RSU Awards and Phantom Stock Awards and the Company shall pay (or cause to be paid) to each Participant an amount of cash equal to the maximum value of such Performance Award, RSU Award or Phantom Stock Award which, in the event the applicable performance or vesting period set forth in such Performance Award, RSU Award or Phantom Stock Award has not been completed, shall be multiplied by a fraction, the numerator of which is the number of days during the period beginning on the first day of the applicable performance or vesting period and ending on the date of the surrender, and the denominator of which is the aggregate number of days in the applicable performance or vesting period.

(f) **No Adjustments Unless Otherwise Provided.** Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or

[Table of Contents](#)

warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of Shares subject to Awards theretofore granted or the purchase price per share, if applicable.

XIV. AMENDMENT AND TERMINATION OF THE PLAN

The Board in its discretion may terminate the Plan at any time with respect to any Shares for which Awards have not theretofore been granted. The Board shall have the right to alter or amend the Plan or any part thereof from time to time; provided that no change in the Plan may be made that would impair the rights of a Participant with respect to an Award theretofore granted without the consent of the Participant, and provided, further, that the Board may not, without approval of the stockholders of the Company, (a) amend the Plan to increase the maximum aggregate number of Shares that may be issued under the Plan or change the class of individuals eligible to receive Awards under the Plan, or (b) amend or delete Section VII(f).

XV. MISCELLANEOUS

(a) **No Right To An Award.** Neither the adoption of the Plan nor any action of the Board or of the Committee shall be deemed to give any individual any right to be granted an Award or any other rights hereunder except as may be evidenced by an Award Agreement duly executed on behalf of the Company, and then only to the extent and on the terms and conditions expressly set forth therein. The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of funds or assets to assure the performance of its obligations under any Award.

(b) **No Employment/Membership Rights Conferred.** Nothing contained in the Plan shall (i) confer upon any employee or Consultant any right with respect to continuation of employment or of a consulting or advisory relationship with the Company or any Affiliate or (ii) interfere in any way with the right of the Company or any Affiliate to terminate his or her employment or consulting or advisory relationship at any time. Nothing contained in the Plan shall confer upon any Director any right with respect to continuation of membership on the Board.

(c) **Other Laws.** The Company shall not be obligated to issue any Common Stock pursuant to any Award granted under the Plan at any time when the Shares covered by such Award have not been registered under the Securities Act of 1933, as amended, and such other state and federal laws, rules and regulations as the Company or the Committee deems applicable and, in the opinion of legal counsel for the Company, there is no exemption from the registration requirements of such laws, rules and regulations available for the issuance and sale of such Shares.

(d) **No Fractional Shares.** No fractional Shares shall be delivered, nor shall any cash in lieu of fractional Shares be paid.

(e) **Withholding.** The Company or any Affiliate shall be entitled to deduct from any other compensation payable to each Holder any sums required by federal, state, local or foreign tax law to be withheld with respect to an Award including the vesting or exercise of an Award. Alternatively, the Company or any Affiliate may require the Holder (or other person validly exercising the Award) to pay such sums for taxes directly to the Company or Affiliate in cash or by check upon the vesting or exercise. Alternatively, in the discretion of the Committee, the Company may reduce the number of Shares issued to the Holder upon the exercise or vesting of a Holder's Award to satisfy the tax withholding obligations of the Company or an Affiliate. The Committee may, in its discretion, allow a Holder to use Mature Shares to satisfy the Company's or Affiliate's tax withholding obligations with respect to an Award. The Company shall have no obligation upon vesting or exercise of any Award until the Company or an Affiliate has received payment sufficient to satisfy the Company's or Affiliate's tax withholding obligations with respect to that vesting or exercise. Neither the Company nor any Affiliate shall be obligated to advise a Holder of the existence of the tax or the amount which it will be required to withhold.

(f) **No Restriction on Corporate Action.** Nothing contained in the Plan shall be construed to prevent the Company or any Affiliate from taking any action which is deemed by the Company or such Affiliate to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Award made under the Plan. No Participant, beneficiary or other person shall have any claim against the Company or any Affiliate as a result of any such action.

(g) **Restrictions on Transfer.** An Award (other than an Incentive Stock Option, which shall be subject to the transfer restrictions set forth in Section VII(c)) shall not be transferable otherwise than (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order as defined by the Code, or the rules thereunder, (iii) with respect to Awards of Options which do not constitute Incentive Stock Options, if such transfer is permitted in the sole discretion of the Committee, by transfer by a Participant to a member of the Participant's Immediate Family, to a trust solely for the benefit of the Participant and the Participant's Immediate Family, or to a partnership or limited liability company whose only partners or shareholders are the Participant and members of the Participant's Immediately Family, or (iv) with the consent of the Committee.

(h) **Compliance With Section 409A.** Awards shall be designed, granted and administered in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A. Each Award Agreement for an Award that is intended to comply with the requirements of Section 409A shall be construed and interpreted in accordance with such intention. If the Committee determines that an Award, an Award Agreement, payment, distribution, deferral election, transaction, or any other action or arrangement contemplated by the provisions of the Plan would, if undertaken or implemented, cause a Holder to become subject to additional taxes under Section 409A, then unless the Committee specifically provides otherwise, such Award, Award Agreement, payment, distribution, deferral election, transaction or other action or arrangement shall not be given effect to the extent it causes such result and the related provisions of the Plan or Award Agreement will be deemed modified, or, if necessary, suspended in order to comply with the requirements of Section 409A to the extent determined appropriate by the Committee, in each case without the consent of or notice to the Holder. The exercisability of an Option shall not be extended to the extent that such extension would subject the Holder to additional taxes under Section 409A.

(i) **Restrictions.** If the Committee imposes vesting or transferability restrictions on a Holder's rights with respect to an Award, the Committee may issue such instructions to the Company's stock transfer agent in connection therewith as it deems appropriate. The Committee may also cause the certificate for Shares issued pursuant to an Award to be imprinted with any legend which counsel for the Company considers advisable with respect to the restrictions or, should the Shares be represented by book or electronic entry rather than a certificate, the Company may take such steps to restrict transfer of the Shares as counsel for the Company considers necessary or advisable to comply with applicable law.

(j) **Rights As a Stockholder.** Subject to the terms and conditions of the Plan and the applicable Award Agreements, each Holder of an Award shall have all the rights of a stockholder with respect to Shares issued to the Holder pursuant to the Award during any period in which such issued Shares are subject to forfeiture and restrictions on transfer, including the right to vote such Shares. In no event shall a Holder have any rights of a stockholder with respect to an Award before Shares are issued to the Holder pursuant to the Award.

(k) **Recoupment in Restatement Situations.** If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under applicable securities laws, the current or former Holder who was a current or former executive officer of the Company shall forfeit and must repay to the Company any compensation awarded under the Plan to the extent specified in any of the Company's recoupment policies established or amended (now or in the future) in compliance with the rules and standards of the Securities and Exchange Commission Committee under or in connection with Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

(l) **Persons Residing Outside of the United States.** Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company or any of its Affiliates operates or has employees, the Committee, in its sole discretion, shall have the power and authority to (i) determine which Affiliates shall be covered by the Plan; (ii) determine which persons employed or hired outside the United States are eligible to participate in the Plan; (iii) amend or vary the terms and provisions of the Plan and the terms and conditions of any Award granted to persons who reside outside the United States; (iv) establish subplans and modify exercise procedures and other terms and procedures to the extent such actions may be necessary or advisable (and any subplans and modifications to Plan terms and procedures established under this Section XV(l) by the Committee shall be attached to the Plan document as Appendices); and (v) take any action, before or after an Award is made, that it deems advisable to obtain or comply with any necessary local government regulatory exemptions or approvals. Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate the 1934 Act, the Code, any securities law or governing statute or any other applicable law.

(m) **Governing Law.** The Plan shall be governed by, and construed in accordance with, the laws of the State of Texas, without regard to conflicts of laws principles thereof.

(n) **Interpretation.** The term “including” means “including without limitation.” The term “or” means “and/or” unless clearly indicated otherwise. The term “vest” includes the lapse of restrictions on Awards, including Forfeiture Restrictions. Reference herein to a “Section” shall be to a section of the Plan unless indicated otherwise.

Proposed Amendment to Our Charter to Declassify Our Board

The text below is the proposed amendments to the third, fourth and fifth paragraphs of Article VII of our Charter that will be adopted if stockholders approve the Amendment. Proposed additions are indicated by underlining and proposed deletions are indicated by strike-outs.

~~The Subject to the last two sentences of this paragraph, the~~ Directors, other than those Directors who may be elected by the holders of any series of Preferred Stock (the "~~Non-Classified Preferred Stock~~ Directors"), shall be divided into three classes, as nearly equal in number as possible, ~~initially consisting of 3, 3 and 4 Directors. One class of Directors initially consisting of 3 Directors shall be initially elected for a term expiring at the annual meeting of stockholders to be held in 1999, another class initially consisting of 3 Directors shall be initially elected for a term expiring at the annual meeting of stockholders to be held in 2000, and another class initially consisting of 4 Directors shall be initially elected for a term expiring at the annual meeting of stockholders to be held in 2001. Members and members of each class shall hold office until their successors are elected and qualified. At each annual meeting of the stockholders of the Corporation held in 2011, 2012 and 2013 commencing with the 1999 annual meeting, Directors (other than Non-Classified Preferred Stock Directors) elected by the stockholders to succeed those Directors whose terms expire shall be~~ have been elected at such meeting to hold office for a term expiring at the third succeeding annual meeting of stockholders after their election, with each Director to hold office until his or her successor shall have been duly elected and qualified. Commencing with the third annual meeting of stockholders following the 2013 annual meeting, the foregoing classification of the Board of Directors shall cease. At each annual meeting of stockholders commencing with the 2014 annual meeting, Directors (other than Preferred Stock Directors) elected by the stockholders shall be elected at such meeting to hold office for a term expiring at the first succeeding annual meeting of stockholders after their election, with each Director to hold office until his or her successor shall have been duly elected and qualified.

Subject to the rights of the holders of any series of Preferred Stock, vacancies resulting from death, resignation, retirement, disqualification, removal from office or other cause, and newly created Directorships resulting from any increase in the authorized number of Directors, may be filled only by the affirmative vote of a majority of the remaining Directors, though less than a quorum of the Board of Directors, ~~and Directors~~ Each such Director so chosen shall hold office for a term expiring (1) at the next annual meeting of stockholders at which the term of office of the class to which ~~they have~~ he or she has been elected expires or (2) following the cessation of the classification of the Board of Directors in accordance with the immediately preceding paragraph, at the next annual meeting of stockholders held after his or her election as Director, and, in each case, until such Director's successor shall have been duly elected and qualified. No decrease in the number of authorized Directors constituting the Board of Directors shall shorten the term of any incumbent Director.

Except for such additional Directors, if any, as are elected by the holders of any series of Preferred Stock, any Director may be removed from office at any time, ~~but only for~~ with or without cause ~~only~~ and by the affirmative vote of the holders of at least 80% of the voting power of the then outstanding Voting Stock, voting together as a single class, except that any Director serving in a class of Directors elected for a term expiring at the third annual meeting of stockholders following the election of such class of Directors may be removed only for cause by the affirmative vote of the holders of at least 80% of the voting power of the then outstanding Voting Stock, voting together as a single class.

**Independence Categorical Standards
(October 16, 2008)**

The board of directors ("Board") of Crown Castle International Corp. ("Company") has established the following guidelines to assist it in determining whether a director of the Company ("Director") has a "material relationship" with the Company and is "independent". Each of the relationships described below is not a "material relationship" by itself and therefore will not prevent a Director from being "independent":

- **Certain Relationships.** Directorship more than three years after: (i) the Director was employed by the Company; (ii) an immediate family member of the Director ("Family Member") was employed by the Company as an executive officer; (iii) the Director or a Family Member (in a professional capacity) was a partner with or employed by the Company's internal or external auditor ("Auditor") and personally worked on the Company's audit; or (iv) a present executive officer of the Company served on the compensation committee of a company which employed at the same time the Director or a Family Member as an executive officer.
- **Current Employment.** A Family Member (i) is employed by the Company in a non-officer position or (ii) is employed by, but is not a partner with, the Auditor and does not personally work on the Company's audit.
- **Compensation.** A Director or a Family Member receives or has received less than \$120,000 during any 12-month period in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- **Business Relationships.** A Director or a Family Member is or was a partner, greater than 10% shareholder, director, officer or employee of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, does not exceed the greater of (a) \$1 million, or (b) two percent (2%) of such other company's consolidated gross revenues.
- **Indebtedness.** A Director or a Family Member is a partner, greater than 10% shareholder, director, officer or employee of a company that is indebted to the Company or to which the Company is indebted, and the total amount of each company's indebtedness to the other is less than two percent (2%) of the total consolidated assets of such other company.
- **Charitable Contributions.** A Director is a trustee, fiduciary, director, officer or employee of a tax-exempt organization to which the Company contributes, and the Company's contributions in any single fiscal year to the organization does not exceed the greater of (a) \$500,000, or (b) one percent (1%) of that organization's total annual receipts.
- **Stock Ownership.** Direct or indirect ownership by a Director of a significant amount of Company stock (including securities convertible into Company stock).

An "immediate family member" is a Director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares such Director's home.

If a Director has a significant relationship with the Company that is not described above, or is outside of the parameters above, and the Board determines that the Director is "independent", the Board will disclose the basis for such determination in the Company's annual proxy statement. In addition, members of the Audit Committee are subject to additional standards relating to their independence.
