The Business

We own, operate and lease towers and other communication structures, including certain rooftop installations, which we refer to as towers, for wireless communications. As of December 31, 2008, we owned, leased or managed approximately 24,100 towers, including approximately 22,300 towers in the United States and approximately 1,600 towers in Australia, with the remainder of our towers located in Puerto Rico and Canada. As of December 31, 2008, we owned in fee or had perpetual or long-term easements in the land and other properties on which approximately 5,500 of our towers reside, and we leased, subleased or licensed the land on which approximately 17,600 of our towers reside. In addition, we managed approximately 700 towers owned by third parties where we had the right to market space on the tower or where we had sublease agreements with the tower owner. Our customers include many of the world's major wireless communication companies, including Sprint Nextel, AT&T, Verizon Wireless and T-Mobile in the United States and Optus, Vodafone, Telstra and Hutchison in Australia.

Our core business is the renting of antenna space on our towers to wireless communication companies under long-term contracts. Generally, our towers can accommodate multiple customers for antennas and other equipment necessary for the transmission of wireless signals for mobile telephones and other devices. Our site rental leasing revenues are derived from this core business, which we are seeking to grow by adding more tenants on our existing towers. This leasing business represented approximately 92% of our consolidated revenues for the nine months ended September 30, 2008.

Our tower portfolios consist primarily of towers in various metropolitan areas. As of December 31, 2008, approximately 54% and 71% of our towers in the United States and Puerto Rico were located in the 50 and 100 largest basic trading areas, respectively. Through our Australia tower portfolio, we have a strategic presence in each of Australia's major metropolitan areas, including Sydney, Melbourne, Brisbane, Adelaide and Perth.

To a much lesser extent, we also provide certain network services relating to our towers, including antenna installation and subsequent augmentation, network design and site selection, site acquisition, site development and other services.

Our principal executive offices are located at 1220 Augusta Drive, Suite 500, Houston, Texas 77057, and our telephone number is (713) 570-3000.

Recent Developments

Our Revolving Credit Facility

On January 6, 2009, we extended the maturity date of our revolving credit facility for 364 days (to January 5, 2010). The revolving credit facility is made available pursuant to our existing credit agreement dated as of January 9, 2007, as amended. Under the terms of the extended facility, we received total revolving commitments of \$188 million, of which \$158 million was drawn as of that date.

THE OFFERING

The summary below describes the principal terms of the notes. Certain of the terms and conditions described below are subject to important limitations and exceptions. The "Description of Notes" section of this prospectus supplement contains a more detailed description of the terms and conditions of the notes. As used in this section, the "Company," "we," "our" and "us" refer to Crown Castle International Corp. and not to its consolidated subsidiaries.

Issuer	Crown Castle International Corp.
Securities Offered	\$600,000,000 principal amount of % Senior Notes due 2015.
Maturity	January 15, 2015.
Interest Rate and Payment Dates	The notes will have an interest rate of % per annum, payable in cash on each January 15 and July 15, commencing July 15, 2009.
Optional Redemption	On or after January 15, 2013, we may redeem some or all of the notes at any time at the redemption prices listed under "Description of Notes — Optional Redemption." We may also redeem some or all of the notes prior to January 15, 2013 at 100% of their principal amount, together with accrued and unpaid interest, if any, plus a "make-whole" premium. In addition, before January 15, 2012, we may redeem up to 35% of the notes with the proceeds of certain equity offerings at the price listed under "Description of Notes — Optional Redemption."
Ranking	The notes constitute our senior debt and rank equally in right of payment with all of our existing and future senior debt, but will be effectively junior in right of payment to the extent of assets securing our other senior debt. Substantially all of our significant assets are the capital stock of our subsidiaries and the notes will not be guaranteed by our subsidiaries. As a result, the notes will be structurally subordinated to all debt and other liabilities of our subsidiaries, including borrowings under their credit facilities.
Mandatory Offer to Repurchase	If we sell certain assets, or experience specific kinds of changes of control, we must offer to repurchase the notes at the price listed under "Description of Notes—Repurchase at the Option of Holders."
Certain Covenants	We will issue the notes under an indenture with The Bank of New York Mellon Trust Company, N.A. The terms of the notes will, among other things, restrict our ability and the ability of our subsidiaries to: <ul style="list-style-type: none">• borrow money;• pay dividends on or repurchase capital stock;• make investments;• use assets as security in other transactions; and• sell assets or merge with or into other companies.

The covenants are subject to a number of exceptions and qualifications. In addition, if the notes are assigned an investment grade rating by Moody's and Standard & Poor's and no default or event of default has occurred or is continuing, certain covenants relating to the notes will be suspended. If either rating on the notes should subsequently decline to below investment grade, the suspended covenants would be reinstated. For more details, see "Description of Notes — Certain Covenants."

Original Issue Discount

The notes will be issued with original issue discount for U.S. federal income tax purposes. Accordingly, such original issue discount will accrue from the issue date of the notes and will be included as interest income periodically in a U.S. holder's gross income for U.S. federal income tax purposes in advance of receipt of the cash payments to which the income is attributable. See "Material United States Federal Income Tax Considerations."

In addition, on July 15, 2014, we will be required to redeem for cash a portion of each note in order to prevent such note from being treated as an "applicable high yield discount obligation." See "Description of Notes—Mandatory Redemption."

Trading and Listing

The notes will not be listed on any securities exchange. There is no existing trading market for the notes.

Use of Proceeds

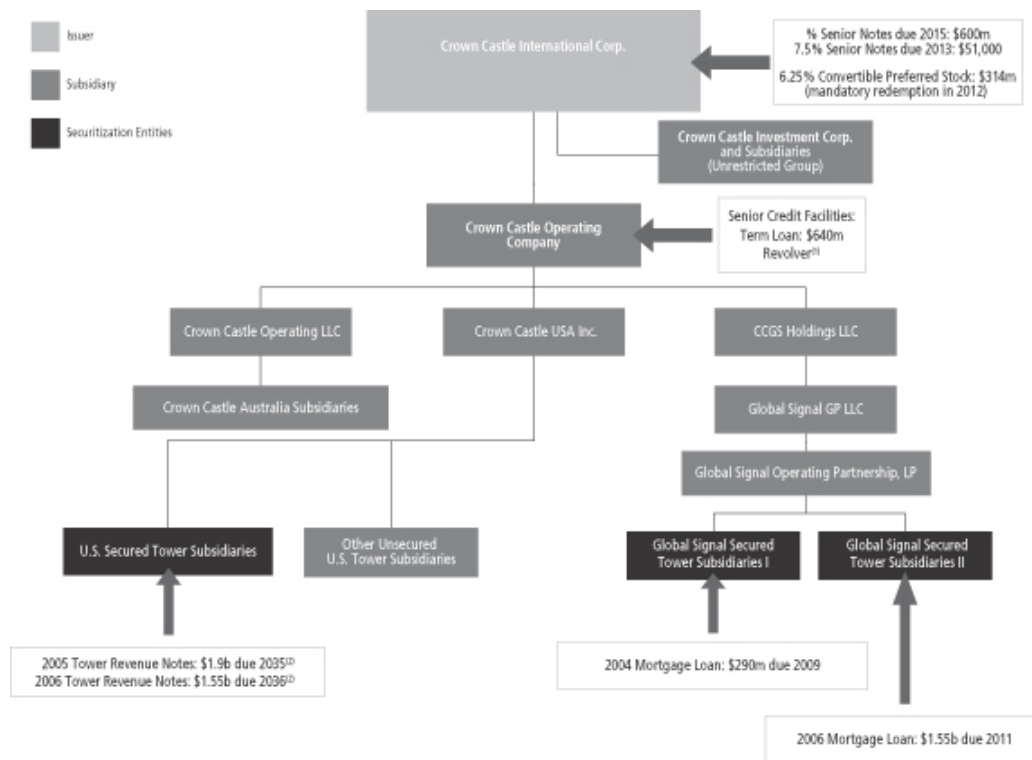

We expect to use the net proceeds of this offering for general corporate purposes, including the repurchase or repayment of certain outstanding indebtedness of our subsidiaries.

Risk Factors

See "Risk Factors" beginning on page S-5 of this prospectus supplement and page 3 of the accompanying prospectus for a discussion of factors to which you should refer and carefully consider prior to making an investment in the notes.

Corporate Structure

The chart below depicts our summary and simplified corporate structure and our outstanding indebtedness, adjusted to reflect this offering, as of September 30, 2008.

- (1) We have total revolving commitments under our revolving credit facility of \$188.0 million, of which \$158.0 million was drawn as of January 21, 2009.
- (2) If the 2005 and 2006 tower revenue notes are not paid in full on or prior to the “anticipated repayment dates” of June 2010 and November 2011, respectively, then substantially all of the cash flows of our U.S. tower subsidiaries that comprised substantially all of our tower business prior to the Global Signal acquisition must be applied to make principal payments on the tower revenue notes thereafter. In addition, if the 2005 and 2006 tower revenue notes are not repaid in full by their anticipated repayment dates, then the interest rates on the tower revenue notes will increase by the greater of (i) 5% per annum over their current rates or (ii) the amount, if any, by which the sum of the following exceeds the note rate for a class of tower revenue notes: the yield to maturity on the applicable anticipated repayment date of the United States treasury security having a term closest to 10 years, plus 5%, plus the post-anticipated repayment date spread for such class of tower revenue notes.

RISK FACTORS

Investing in the notes involves risks. Before purchasing any notes, you should carefully consider the specific factors discussed below, together with all the other information contained in this prospectus supplement, the accompanying prospectus or the documents incorporated by reference herein or therein. For a further discussion of the risks, uncertainties and assumptions relating to our business, please see the discussion under the caption "Risk Factors" included in our Annual Report on Form 10-K for the year ended December 31, 2007, as updated by annual, quarterly and other reports and documents we file with the SEC, which are incorporated by reference in this prospectus supplement and the accompanying prospectus.

Risks Relating to Our Business

The risks, uncertainties and assumptions associated with our business include:

- Our business depends on the demand for wireless communications and towers, and we may be adversely affected by any slowdown in such demand.
- A substantial portion of our revenues is derived from a small number of customers, and the loss, consolidation or financial instability of, or network sharing among, any of our limited number of customers may materially decrease revenues.
- Consolidation among our customers may result in duplicate or overlapping parts of networks, which may result in a reduction of sites and have a negative effect on revenues and cash flows.
- Our substantial level of indebtedness may adversely affect our ability to react to changes in our business, and we may not be able to refinance or repurchase our or our subsidiaries' existing debt on favorable terms or at all, or use debt to fund future capital needs.
- A wireless communications industry slowdown may materially and adversely affect our business (including reducing demand for our towers and network services) and the business of our customers.
- As a result of competition in our industry, including from some competitors with significantly more resources or less debt, we may find it more difficult to achieve favorable rental rates on our towers.
- New technologies may significantly reduce demand for our towers and negatively impact our revenues.
- New wireless technologies may not deploy or be adopted by customers as rapidly or in the manner projected.
- If we fail to retain rights to the land under our towers, our business may be adversely affected.
- If we are unable to raise capital in the future when needed, we may not be able to fund future growth opportunities.
- The business of FiberTower Corporation, or FiberTower, in which we are an investor, has certain risk factors different from our core tower business, including an unproven business model, and may produce results that are less than anticipated resulting in a write-off of all or part of our investment in FiberTower.
- Our lease relating to the U.S. nationwide 1650-1675 spectrum license, or Spectrum, has certain risk factors different from our core tower business, including that the Spectrum license may not be renewed

[Table of Contents](#)

or continued, that the option to acquire the Spectrum license may not be exercised, and that the Spectrum may not be deployed, which may result in the revenues derived from the Spectrum being less than those that may otherwise have been anticipated.

- If we fail to comply with laws or regulations which regulate our business and which may change at any time, we may be fined or even lose our right to conduct some of our business.
- Our network services business has historically experienced significant volatility in demand, which reduces the predictability of our results of operations.
- If radio frequency emissions from wireless handsets or equipment on our towers are demonstrated to cause negative health effects, potential future claims could adversely affect our results of operations, costs and revenues.
- We may suffer losses due to exposure to changes in foreign currency exchange rates relating to our operations outside the United States.

Risks Relating to the Notes and Our Debt Structure

We are a holding company. Holders of the notes will be effectively subordinated to all our subsidiaries' indebtedness and obligations, and the notes will be unsecured obligations.

We conduct all of our operations through our subsidiaries. Accordingly, our only source of cash to pay interest and principal on our outstanding indebtedness and our preferred stock is distributions relating to our ownership interests in our subsidiaries from the net earnings and cash flow generated by such subsidiaries or from proceeds of debt or equity offerings. Earnings and cash flow generated by our subsidiaries are first applied by such subsidiaries in conducting their operations, including the service of their respective debt obligations under our tower revenue notes, mortgage loans, revolving credit facility and term loans, as the case may be, after which any excess cash flow generally may be paid to us. However, our subsidiaries are legally distinct from us and, unless they guarantee such debt, have no obligation to pay amounts due on our debt or to make funds available to us for such payment.

The notes will be structurally subordinated to all existing and future indebtedness and other obligations of our subsidiaries. As of September 30, 2008 and before giving effect to the application of proceeds from this offering, our subsidiaries had approximately \$6.1 billion of outstanding indebtedness, all of which would be structurally senior to the notes. Under the terms of our subsidiary debt, the ability of certain of our subsidiaries to pay dividends or make distributions to us may be materially restricted. There can be no assurance that our subsidiaries will generate sufficient cash flow to meet their respective obligations under the applicable debt instruments, nor can we assure that excess cash flow, if any, of our subsidiaries will be available for payment to us or sufficient to satisfy our debt obligations, including interest and principal payments on the notes. For example, the terms of our tower revenue notes and mortgage loans place restrictions on the ability of the subsidiaries that are the issuers of such securitized debt to pay excess cash flow to us if a specified debt service coverage ratio (as defined in the applicable governing agreement) as of the end of any calendar quarter falls below a certain level. In addition, in the event we do not refinance or repay our tower revenue notes by their respective anticipated repayment dates (five years from their original issuances in 2005 and 2006), we will be required to apply substantially all the cash flow of our U.S. tower subsidiaries that comprised substantially all of our tower business prior to the Global Signal acquisition to make principal amortization payments on the tower revenue notes.

In addition, before giving effect to the application of proceeds from this offering, as of September 30, 2008, approximately \$5.3 billion of our consolidated indebtedness was secured, including our subsidiary's senior credit facility which is also secured by assets of Crown Castle International Corp. The notes will be unsecured obligations of Crown Castle International Corp., which is a holding company. Accordingly, even if an event of default exists under the indenture governing the notes, our secured lenders could foreclose on our assets and

[Table of Contents](#)

those of our subsidiaries in which they have been granted a security interest, in each case to the exclusion of any holder of the notes.

We have a substantial amount of indebtedness, a large portion of which will need to be refinanced in the near term. In the event we do not repay or refinance such indebtedness, we may not be able to access the cash flow of our subsidiaries.

We have a substantial amount of indebtedness (approximately \$6.1 billion as of September 30, 2008, before giving effect to this offering and the expected use of proceeds), and we anticipate refinancing the majority, if not all, of this indebtedness and our preferred stock within the next four years. If our tower revenue notes, which were issued by our U.S. tower subsidiaries that comprised substantially all of our tower business prior to the Global Signal acquisition and had an aggregate outstanding principal amount of \$3.45 billion as of September 30, 2008, are not repaid in full by their anticipated repayment dates (five years from their original issuances in 2005 and 2006), then the interest rates on those notes will increase substantially (by the greater of (i) an additional 5% per annum over their current rates or (ii) the amount, if any, by which the sum of the following exceeds the note rate for a class of tower revenue notes: the yield to maturity on the applicable anticipated repayment date of the United States treasury security having a term closest to 10 years, plus 5%, plus the post-anticipated repayment date spread for such class of tower revenue notes) and monthly amortization payments will commence. If this occurs, then substantially all of the cash flows of those tower subsidiaries must be applied to repay principal of the tower revenue notes. Our mortgage loans, which were issued by the Global Signal tower subsidiaries prior to our acquisition of Global Signal, in the aggregate principal amounts of \$289.9 million and \$1.55 billion, have contractual maturities in December 2009 and February 2011, respectively. If we fail to repay or refinance such mortgage loans when due, it would constitute an event of default under such mortgage loans, as well as our other indebtedness. We are also required to redeem all outstanding shares of our 6.25% convertible preferred stock in August 2012 for approximately \$323.0 million, including accrued but unpaid dividends. There can be no assurances we will be able to effect these anticipated refinancings on commercially reasonable terms, or terms, including with respect to interest rates, as favorable as our current debt and preferred stock, or at all.

In early 2007, a crisis began in the subprime mortgage sector, as a result of rising delinquencies and credit quality deterioration, and the conditions in the general credit markets have continued to deteriorate with widening credit spreads and a lack of liquidity, including certain debt markets being substantially closed. In addition to a lack of liquidity in the general credit markets, the current credit crisis has resulted in a widening of credit spreads in the marketplace in general and for us specifically. This crisis has adversely impacted our access to capital, and there can be no assurances that this credit crisis will not worsen or impact the availability and cost of debt financing, including with respect to any refinancings of the obligations described above.

If we are unable to refinance or renegotiate our debt, we cannot guarantee that we will be able to generate enough cash flow from operations or that we will be able to obtain enough capital to service our debt, pay our obligations under our convertible preferred stock or fund our planned capital expenditures. In such an event, we could face substantial liquidity issues and might be required to issue equity securities or securities convertible into equity securities, or sell some of our assets to meet our debt payment obligations. Failure to refinance indebtedness when required could result in a default under such indebtedness and materially restrict our ability to pay amounts due on the notes. We have the ability under our debt instruments to incur additional indebtedness, and any additional indebtedness we incur could exacerbate the risks described above.

Our substantial level of indebtedness could adversely affect our ability to react to changes in our business, and the terms of our debt instruments limit our ability to take a number of actions that our management might otherwise believe to be in our best interests. In addition, if we fail to comply with our covenants, our debt could be accelerated.

As a result of our substantial debt, demands on our cash resources are higher than they otherwise would be, which could negatively impact our business, results of operations and financial condition.

[Table of Contents](#)

As a result of our substantial indebtedness:

- we may be more vulnerable to general adverse economic and industry conditions;
- we may find it more difficult to obtain additional financing to fund future working capital, capital expenditures and other general corporate requirements or to refinance our existing indebtedness;
- we may have more difficulty satisfying our obligations with respect to the notes;
- we are required to dedicate a substantial portion of our cash flow from operations (approximately \$252.2 million of our total cash flow from operations for the nine months ended September 30, 2008) to the payment of principal and interest on our debt, reducing the available cash flow to fund other projects;
- we may have limited flexibility in planning for, or reacting to, changes in our business and in the industry;
- we may have a competitive disadvantage relative to other companies in our industry with less debt;
- we may be required to issue equity securities or securities convertible into equity or sell some of our assets, possibly on unfavorable terms, in order to meet payment obligations; and
- we may be limited in our ability to take advantage of strategic business opportunities, including tower development and mergers and acquisitions.

Currently we have debt instruments in place that limit in certain circumstances our ability to incur indebtedness, pay dividends, create liens, sell assets and engage in certain mergers and acquisitions. Our subsidiaries, under their debt instruments, are also required to maintain specific financial ratios. Our ability to comply with the financial ratio covenants under these instruments and to satisfy our debt obligations will depend on our future operating performance. If we fail to comply with the debt restrictions, we will be in default under those instruments, which in some cases would cause the maturity of substantially all of our long-term indebtedness to be accelerated, including the notes.

We may not be able to purchase the notes upon a change of control, which would result in a default under the indenture governing the notes and would adversely affect our business and financial condition.

Upon the occurrence of specific events, each holder of the notes will have the right to require us to repurchase all or any part of such holder's notes at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to but excluding the purchase date. We may not have sufficient funds available to make any required repurchases of the notes, and we may be unable to receive distributions or advances from our subsidiaries in the future sufficient to meet such repurchase obligation. In addition, restrictions under future debt instruments may not permit us to repurchase the notes. If we fail to repurchase notes in that circumstance, we will be in default under the indenture governing the notes. See "Description of Notes—Repurchase at the Option of Holders."

We are exposed to counterparty risk through our hedging transactions and a counterparty default could adversely affect our financial condition. Our hedging positions are currently in a substantial liability position.

As a consequence of the global financial crisis, the credit worthiness of certain of our contracted counterparties (particularly financial institutions) has deteriorated and therefore we are exposed to an increased risk that one or more of the counterparties to our hedging transactions could default on their obligations to us, which could adversely affect our financial condition. For example, a subsidiary of Lehman Brothers that is the counterparty for two of our interest rate swaps filed for bankruptcy in October 2008. These two interest rate swaps had a combined notional value of \$475 million and represented a liability to us of approximately \$7.5 million as of October 31, 2008. Our arrangements with Lehman Brothers are subject to the resolution of Lehman's bankruptcy proceedings, and may result in an assignment of our arrangement by Lehman to a third party. While we have certain rights to object to an assignment, the outcome of such proceedings is uncertain. We also have interest rate swaps with other financial institutions, including Morgan Stanley. To the extent the financial crisis and interest rate movements cause our credit exposure to contracted counterparties to increase materially, such increased exposure could have a material adverse effect on our results of operations, cash flows and financial condition.

Our hedging transactions consist predominately of forward starting interest rate swaps. As of December 31, 2008, our outstanding forward starting interest rate swaps had a combined notional amount of \$5.3 billion and totaled \$598.1 million on a settlement basis. The obligations, on a settlement basis, are based upon observable interest rates and yield curves. Based on current interest rates and the yield curve in effect as of December 31, 2008, we would be required to pay to settle the forward starting interest rate swaps on the projected refinancing dates of the related hedged debt as follows: \$37.3 million in December 2009, \$228.5 million in June 2010, \$176.6 million in February 2011 and \$155.7 million in November 2011. In addition, we have two interest rate swaps, with a combined notional amount of \$625.0 million, that will be settled in 2009 and would currently result in total payments by us of \$18.1 million, based on interest rates and the yield curve in effect as of December 31, 2008.

Because the notes will be issued with original issue discount, holders will be required to pay tax on amounts included in gross income before cash payments on the notes are received.

The notes will be issued at a discount from their stated principal amount for U.S. federal income tax purposes. Consequently, original issue discount will be included in the gross income of a U.S. holder of the notes for U.S. federal income tax purposes in advance of the receipt of cash payments on such notes. For more information, see "Material United States Federal Income Tax Considerations."

There is no public market for the notes, a market may not develop and you may have to hold your notes to maturity.

The notes are a new issue of securities and there is no existing trading market for the notes. We have been advised by the underwriters that the underwriters intend to make a secondary market for the notes. However, they are not obligated to do so and may discontinue making a secondary market for the notes at any time without notice. If a trading market for the notes develops, no assurance can be given as to how liquid that trading market will be. If any of the notes are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors, including general economic conditions and our financial condition, performance and prospects.

Under U.S. federal and state fraudulent transfer or conveyance statutes, a court could void our obligations or take other actions detrimental to the holders of the notes.

The issuance of the notes may be subject to review under U.S. bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws if a bankruptcy case or lawsuit is commenced by or against us or if a

Table of Contents

lawsuit is commenced against us by unpaid creditors. Under these laws, if a court were to find in such a bankruptcy or reorganization case or lawsuit that, at the time we issued the notes, we:

- (1) issued the notes with the intent to delay, hinder or defraud present or future creditors; or
- (2) (a) received less than reasonably equivalent value or fair consideration for issuing the notes; and
(b) at the time we issued the notes:
 - (i) were insolvent or rendered insolvent by reason of issuing the notes;
 - (ii) were engaged, or about to engage, in a business or transaction for which our remaining assets constituted unreasonably small capital to carry on our businesses; or
 - (iii) intended to incur, or believed or reasonably should have believed that we would incur, debts beyond our ability to pay such debts as they matured or became due;

then, in either case, a court of competent jurisdiction could (1) void, in whole or in part, the notes and direct the repayment of any amounts paid thereunder to our other creditors, (2) subordinate the notes to our other debt or (3) take other actions detrimental to the holders of the notes.

The measure of insolvency will vary depending upon the law applied in the case. Generally, however, a person would be considered insolvent if the sum of its debts, including contingent liabilities, was greater than all of its assets at fair valuation or if the present fair saleable value of its assets was less than the amount that would be required to pay the probable liability on its existing debts, including contingent liabilities, as they become absolute and matured. An entity may be presumed to be insolvent if it is not paying its debts as they became due.

We cannot predict:

- what standard a court would apply in order to determine whether we were insolvent as of the date we issued the notes or whether, regardless of the method of valuation, a court would determine that we were insolvent on that date; or
- whether a court would determine that the payments constituted fraudulent transfers or conveyances on other grounds.

In addition, under U.S. federal bankruptcy law, if a bankruptcy case were initiated by or against us within 90 days after a payment by us with respect to the notes, if we were insolvent at the time of such payment, and if certain other conditions were met, all or a portion of such payment could be avoided as a preferential transfer and the recipient of such payment could be required to return such payment to us for distribution to other creditors. Certain states have enacted similar insolvency statutes with varying periods and other provisions.

USE OF PROCEEDS

We expect to receive net proceeds of approximately \$ million from the sale of the notes to the underwriters, after deducting the underwriters' discount and other offering expenses payable by us. We expect to use the net proceeds of this offering for general corporate purposes, including the repurchase or repayment of certain indebtedness of our subsidiaries. The interest rates and maturities of the indebtedness of our subsidiaries as of January 21, 2009 are as follows:

2005 Tower Revenue Notes	4.89% ⁽¹⁾	June 2035
2006 Tower Revenue Notes	5.71% ⁽²⁾	November 2036

- (1) To the extent the 2005 tower revenue notes are not repaid in full on or prior to June 2010, the interest rate through maturity on such notes is currently expected to be 9.89%.
- (2) To the extent the 2006 tower revenue notes are not repaid in full on or prior to November 2011, the interest rate through maturity on such notes is currently expected to be 10.71%.

DESCRIPTION OF NOTES

General

You can find the definitions of certain terms used in the following summary under the subheading “—Certain Definitions.” In this summary, the word “CCIC” refers only to Crown Castle International Corp. and not to any of its Subsidiaries.

CCIC will issue the notes under an indenture and a supplemental indenture, or the indenture, between itself and The Bank of New York Mellon Trust Company, N.A., as trustee. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

The following description is a summary of the material provisions of the indenture. It does not restate the indenture in its entirety. We urge you to read the indenture, because it, and not this description, defines your rights as Holders of the notes. You may request copies of the indenture at our address set forth under the heading “Where You Can Find More Information” in the accompanying prospectus.

Brief Description of the Notes

The notes:

- are general obligations of CCIC;
- rank equally with all existing and future senior debt of CCIC;
- effectively rank junior to all liabilities (including trade payables) of each Subsidiary;
- accrue interest from the date they are issued at a rate of % which is payable semiannually, commencing July 15, 2009; and
- mature on January 15, 2015.

CCIC has covenanted that it will offer to repurchase notes under the circumstances described in the indenture upon:

- a Change of Control of CCIC; or
- an Asset Sale by CCIC or any of its Restricted Subsidiaries.

The indenture also contains covenants with respect to the following:

- Restricted Payments;
- incurrence of indebtedness and issuance of preferred stock;
- Liens;
- dividend and other payment restrictions affecting Subsidiaries;
- merger, consolidation or sale of assets;
- transactions with Affiliates;
- sale and leaseback transactions;

[Table of Contents](#)

- limitation on issuances of Guarantees of Indebtedness;
- Business Activities; and
- Reports.

In addition, certain covenants will be suspended during any period in which the notes have an investment grade rating from Moody's and Standard & Poor's.

The operations of CCIC are conducted through its Subsidiaries and, therefore, CCIC depends on the cash flow of its Subsidiaries to meet its obligations, including its obligations under the notes. CCIC's Subsidiaries will not be guarantors of the notes, and the notes will be effectively subordinated to all Indebtedness, including all borrowings under our Senior Credit Facility, our Securitization Facilities and other liabilities and commitments, including trade payables and lease obligations, of CCIC's Subsidiaries. Any right of CCIC to receive assets of any of its Subsidiaries upon the liquidation or reorganization of the Subsidiaries, and the consequent right of the Holders of the notes to participate in those assets, will be effectively subordinated to the claims of that Subsidiary's creditors, except to the extent that CCIC is itself recognized as a creditor of such Subsidiary. If CCIC is recognized as a creditor of such Subsidiary, the claims of CCIC would still be subordinate in right of payment to any security interest in the assets of that Subsidiary and any indebtedness of that Subsidiary senior to that held by CCIC. As of September 30, 2008, after giving pro forma effect to this offering and the extension of our revolving Credit Facility, CCIC's Subsidiaries would have had \$6.1 billion of indebtedness outstanding, and would have had \$30.0 million of unused borrowing availability under the Senior Credit Facility. The provisions of our Senior Credit Facility and our Securitization Facilities contain restrictions on the ability of those Subsidiaries to dividend or distribute cash flow or assets to CCIC. See "Risk Factors—Risks Related to the Notes and Our Debt Structure—We are a holding company. Holders of the notes will be effectively subordinated to all our subsidiaries' indebtedness and obligations, and the notes will be unsecured obligations."

As of the date of the indenture, all of CCIC's Subsidiaries will be Restricted Subsidiaries other than Crown Castle Investment Corp. and its Subsidiaries. CCIC's Subsidiaries will not Guarantee the notes.

However, under certain circumstances, CCIC will be able to designate current or future Subsidiaries as Unrestricted Subsidiaries. Unrestricted Subsidiaries generally are not subject to the restrictive covenants set forth in the indenture.

Principal, Maturity and Interest

The notes initially will be limited in aggregate principal amount to \$600.0 million and will mature on January 15, 2015. The indenture governing the notes will allow CCIC to issue an unlimited principal amount of notes in addition to the notes being sold in the offering. The issuance of any of those additional notes will be subject to CCIC's ability to incur Indebtedness under the covenant "Incurrence of Indebtedness and Issuance of Preferred Stock" and similar restrictions in the instruments governing CCIC's other Indebtedness. Any such additional notes will be treated as part of the same class and series as the notes issued in this offering for purposes of voting under the indenture. CCIC will issue the notes in denominations of \$2,000 and integral multiples of \$1,000 thereafter.

Interest on the notes will accrue at the rate of % per annum and will be payable in U.S. Dollars semiannually in arrears on January 15 and July 15, commencing on July 15, 2009. CCIC will make each interest payment to Holders of record on the immediately preceding January 1 and July 1.

Interest on the notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of the indenture. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a Holder has given wire transfer instructions to CCIC, CCIC will make all payments of principal, premium and interest, if any, on that Holder's notes in accordance with those instructions. All other payments on the notes will be made at the office or agency of the paying agent and registrar for the notes within the City and State of New York unless CCIC elects to make interest payments by check mailed to the Holders at their address set forth in the register of Holders.

Paying Agent and Registrar for the Notes

The trustee under the indenture will initially act as the paying agent and registrar for the notes. CCIC may change the paying agent or registrar under the indenture without prior notice to the Holders of the notes, and CCIC or any of its Subsidiaries may act as paying agent or registrar under the indenture.

Transfer and Exchange

A Holder may transfer or exchange notes in accordance with the indenture. The registrar and the trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. CCIC is not required to transfer or exchange any notes selected for redemption. Also, CCIC is not required to transfer or exchange any notes for a period of 15 days before a selection of notes to be redeemed.

Optional Redemption

At any time prior to January 15, 2013, the notes may be redeemed, in whole or in part, at the option of CCIC, at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the redemption date.

"*Applicable Premium*" means, with respect to any note on any redemption date, the greater of (i) 1.0% of the principal amount of such note and (ii) the excess of (A) the present value at such redemption date of (1) the redemption price of such note at January 15, 2013 (such redemption price being set forth in the table below), plus (2) all required interest payments due on such note through January 15, 2013 (excluding accrued but unpaid interest, if any, to the redemption date), computed using a discount rate equal to the Treasury Rate on such redemption date plus 50 basis points over (B) the principal amount of such note.

"*Treasury Rate*" means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to the redemption date (or, if such statistical release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to January 15, 2013; *provided, however*, that if the period from the redemption date to January 15, 2013 is not equal to the constant maturity of the United States Treasury security for which a weekly average yield is given, the Treasury Rate shall be obtained by linear interpolation (calculated to the nearest one-twelfth of a year) from the weekly average yields of United States Treasury securities for which such yields are given, except that if the period from such date of redemption to January 15, 2013 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

[Table of Contents](#)

During the period after the date of original issuance of the notes until January 15, 2012, CCIC may on any one or more occasions redeem up to 35% of the aggregate principal amount of notes originally issued at a redemption price of _____ % of the principal amount of the notes to be redeemed on the redemption date with the net cash proceeds of one or more Equity Offerings; *provided* that:

- (1) at least 65% of the aggregate principal amount of notes originally issued remains outstanding immediately after the occurrence of such redemption, excluding notes held by CCIC or any of its Subsidiaries; and
- (2) the redemption occurs within 90 days of the date of the closing of the Equity Offering.

Except pursuant to the preceding paragraphs under this caption, the notes will not be redeemable at CCIC's option prior to January 15, 2013. On or after January 15, 2013, CCIC may redeem all or a part of the notes upon not less than 30 nor more than 60 days' notice, at the redemption prices expressed as percentages of principal amount set forth below plus accrued and unpaid interest, if any, on the notes redeemed to the applicable redemption date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on January 15 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2013	%
2014	100.00%

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee under the indenture will select notes for redemption as follows:

- (1) if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange, if any, on which the notes are listed; or
- (2) if the notes are not listed on any national securities exchange, on a *pro rata* basis, by lot or by such method as the trustee shall deem fair and appropriate.

No notes of \$2,000 of principal amount at maturity or less will be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its registered address. Notices of redemption may not be conditional.

If any note is to be redeemed in part only, the notice of redemption that relates to such note shall state the portion of the principal amount of that note to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note presented for redemption will be issued in the name of the Holder thereof upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, Interest ceases to accrue on notes or portions of them called for redemption.

Mandatory Redemption

On July 15, 2014, CCIC will be required to redeem for cash a portion of each note then outstanding equal to the Mandatory Principal Redemption Amount. The redemption price for the portion of each note so redeemed will be 100% of the principal amount of such portion plus accrued and unpaid interest, if any, to the redemption date. The "Mandatory Principal Redemption Amount" means the portion of a note required to be redeemed to prevent such note from being treated as an "applicable high yield discount obligation" within the meaning of Section 163(i)(1) of the Internal Revenue Code of 1986, as amended. No partial redemption or repurchase of the

[Table of Contents](#)

notes prior to July 15, 2014 pursuant to any other provision of the indenture will alter CCIC's obligation to make this redemption with respect to any notes that remain outstanding on July 15, 2014.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each Holder of notes will have the right to require CCIC to repurchase all or any part, equal to \$2,000 or an integral multiple of \$1,000, of such Holder's notes pursuant to the offer described below (the "Change of Control Offer"). The offer price in any Change of Control Offer will be payable in cash and will be 101% of the aggregate principal amount of any notes repurchased plus accrued and unpaid interest on the notes, if any (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), to the date of purchase (the "Change of Control Payment"). Within 30 days following any Change of Control, CCIC will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the date specified in the notice (the "Change of Control Payment Date"). The Change of Control Payment Date will be no earlier than 30 days and no later than 60 days from the date the notice is mailed, pursuant to the procedures required by the indenture and described in such notice.

On the Change of Control Payment Date, CCIC will, to the extent lawful:

- (1) accept for payment all notes or portions of the notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes so accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of the notes being purchased by CCIC.

The paying agent will promptly mail to each Holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail, or cause to be transferred by book entry, to each Holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; *provided* that the new note will be in a principal amount of \$1,000 or an integral multiple of \$1,000.

The Change of Control provisions described above will be applicable whether or not any other provisions of the indenture are applicable. CCIC will comply with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations to the extent those laws and regulations are applicable to any Change of Control Offer. If the provisions of any of the applicable securities laws or securities regulations conflict with the provisions of the covenant described above, CCIC will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the covenant described above by virtue of the compliance.

The Change of Control purchase feature is a result of negotiations between CCIC and the underwriters. Management has no present intention to engage in a transaction involving a Change of Control, although it is possible that CCIC would decide to do so in the future. Subject to the limitations discussed below, CCIC could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect CCIC's capital structure. Restrictions on the ability of CCIC to incur additional Indebtedness are contained in the covenants described under "Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock," "Certain Covenants—Liens" and "Certain Covenants—Sale and Leaseback Transactions." Such restrictions can only be waived with the consent of the Holders of a majority in principal amount of the notes then outstanding. Except for the limitations contained in the covenants, however, the indenture will not contain any covenants or provisions that may afford Holders of the notes protection in the event of certain highly leveraged transactions.

Table of Contents

The Indebtedness of CCIC's Subsidiaries limit CCIC's access to the cash flow of those Subsidiaries and will, therefore, restrict CCIC's ability to purchase any notes. The terms of such Indebtedness, with certain exceptions, provide that the occurrence of certain change of control events with respect to CCIC constitutes a default under such Indebtedness. In the event that a Change of Control occurs at a time when CCIC's Subsidiaries are prohibited from making distributions to CCIC to purchase notes, CCIC could cause its Subsidiaries to seek the consent of the holders of such Indebtedness to allow the distributions or could attempt to refinance the Indebtedness that contains the prohibition. If CCIC does not obtain a consent or repay such Indebtedness, CCIC will remain prohibited from purchasing notes. In this case, CCIC's failure to purchase tendered notes would constitute an Event of Default under the indenture which would, in turn, constitute a default under such Indebtedness. Future Indebtedness of CCIC and its Subsidiaries may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the Indebtedness to be repurchased if a Change of Control occurs. Moreover, the exercise by the Holders of their right to require CCIC to repurchase the notes could cause a default under such Indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on CCIC. Finally, CCIC's ability to pay cash to the Holders of notes following the occurrence of a Change of Control may be limited by CCIC's then existing financial resources, including its ability to access the cash flow of its Subsidiaries. See "Risk Factors—Risks Related to the Notes and our Debt Structure—We are a holding company. Holders of the notes will be effectively subordinated to all our subsidiaries' indebtedness and obligations, and the notes will be unsecured obligations." There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

CCIC will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by CCIC and purchases all notes properly tendered and not withdrawn under such Change of Control Offer. In addition, notwithstanding the occurrence of a Change of Control, CCIC will not be obligated to make a Change of Control Offer in the event it has exercised its rights to redeem all of the outstanding notes as provided under "Optional Redemption." A Change of Control Offer may be made in advance of a Change of Control and conditioned upon such Change of Control if a definitive agreement is in place for the Change of Control at the time of making the Change of Control Offer. The provisions under the indenture relating to CCIC's obligation to make an offer to repurchase the notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the notes then outstanding.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the assets of CCIC and its Restricted Subsidiaries taken as a whole. Although there is a developing body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require CCIC to repurchase the notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of CCIC and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

CCIC will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (1) CCIC (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;
- (2) fair market value is determined by CCIC's board of directors and evidenced by a resolution of its board of directors set forth in an officers' certificate delivered to the trustee under the indenture; and
- (3) except in the case of a Tower Asset Exchange, at least 75% of the consideration received in such Asset Sale by CCIC or such Restricted Subsidiary is in the form of cash or Cash Equivalents.

Table of Contents

For purposes of clause (3) above only, each of the following shall be deemed to be cash:

- (a) any liabilities, as shown on CCIC's or such Restricted Subsidiary's most recent balance sheet, of CCIC or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the notes or any Guarantee of the notes) that are assumed by the transferee of any assets pursuant to a customary novation agreement that releases CCIC or the Restricted Subsidiary from further liability;
- (b) any securities, notes or other obligations received by CCIC or any Restricted Subsidiary from the transferee that are converted by CCIC or the Restricted Subsidiary into cash within 90 days of the applicable Asset Sale, to the extent of the cash received in that conversion; and
- (c) any Designated Noncash Consideration received by CCIC or any of its Restricted Subsidiaries in an Asset Sale having an aggregate fair market value, taken together with all other Designated Noncash Consideration received pursuant to this clause, not to exceed \$150.0 million in the aggregate at any time outstanding (with the fair market value of each item of Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value).

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, CCIC or the Restricted Subsidiary may apply those Net Proceeds to:

- (1) reduce non-subordinated Indebtedness of CCIC;
- (2) reduce Indebtedness or Excluded Capital Lease Obligations of any of CCIC's Restricted Subsidiaries (including by way of CCIC or a Restricted Subsidiary acquiring outstanding Indebtedness of any Restricted Subsidiary to be held by CCIC or a Restricted Subsidiary to redemption or maturity of such Indebtedness);
- (3) acquire all or substantially all the assets of a Permitted Business;
- (4) acquire Voting Stock of a Permitted Business from a Person that is not a Subsidiary of CCIC; *provided* that, after giving effect to the acquisition, CCIC or its Restricted Subsidiary owns a majority of the Voting Stock of that Permitted Business; or
- (5) make a capital expenditure or acquire other long-term assets (including long-term land use easements, ground leases and similar land rights) that are used or useful in a Permitted Business.

Pending the final application of any Net Proceeds, CCIC may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph (whether by election or the passage of time) will be deemed to constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds \$25.0 million, CCIC will be required to make an offer to all Holders of notes, and all holders of other senior Indebtedness of CCIC containing provisions similar to those set forth in the indenture relating to the notes with respect to offers to purchase or redeem with the proceeds of sales of assets, to purchase the maximum principal amount of notes and such other senior Indebtedness of CCIC that may be purchased out of the Excess Proceeds (an "Asset Sale Offer"). The offer price in any Asset Sale Offer will be payable in cash and will be 100% of the principal amount of any notes, plus accrued and unpaid interest, if any, to the date of purchase. In the case of any other senior Indebtedness, the offer price will be 100% of the principal amount (or accreted value, as applicable) of the Indebtedness plus accrued and unpaid interest thereon, if any, to the date of purchase. Each Asset Sale Offer will be made in accordance with the procedures set forth in the indenture and the other senior Indebtedness of CCIC. If any Excess Proceeds remain after consummation of an Asset Sale Offer, CCIC may use the remaining Excess Proceeds for any purpose not otherwise prohibited by the

[Table of Contents](#)

indenture. If the aggregate principal amount of notes and the other senior indebtedness of CCIC tendered into the Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the notes and such other senior Indebtedness to be purchased on a pro rata basis. Upon completion of the Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

CCIC will comply with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations to the extent those laws and regulations are applicable to any Asset Sale Offer. If the provisions of any of the applicable securities laws or securities regulations conflict with the provisions of the covenant described above, CCIC will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the covenant described above by virtue of the compliance.

Certain Covenants

Changes in Covenants When Notes Rated Investment Grade

If on any date following the date of the indenture:

- (1) the notes are rated Baa3 or better by Moody's and BBB- or better by Standard & Poor's (or, if either such entity ceases to rate the notes for reasons outside of the control of CCIC, the equivalent investment grade credit rating from any other "nationally recognized statistical rating organization" within the meaning of Section 3(a)(62) under the Exchange Act, selected by CCIC as a replacement agency); and
- (2) no Default or Event of Default shall have occurred and be continuing,

then, beginning on that day and subject to the provisions of the following paragraph, the covenants specifically listed under the following captions in this prospectus supplement will be suspended:

- (1) "Repurchase at the Option of Holders—Asset Sales;"
- (2) "—Restricted Payments;"
- (3) "—Incurrence of Indebtedness and Issuance of Preferred Stock;"
- (4) "—Dividend and Other Payment Restrictions Affecting Subsidiaries;"
- (5) "—Transactions with Affiliates;"
- (6) clause (2)(d) of the covenant described below under the caption "—Merger, Consolidation or Sale of Assets;" and
- (7) "—Business Activities."

During any period that the foregoing covenants have been suspended, CCIC's board of directors may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the second paragraph of the definition of "Unrestricted Subsidiary."

Notwithstanding the foregoing, if the rating assigned by either such rating agency should subsequently decline to below Baa3 or BBB-, respectively (or if either such agency ceases to rate the notes, the equivalent investment grade credit rating from another nationally recognized statistical rating organization), the foregoing covenants will be reinstated as of and from the date of such rating decline. Calculations under the reinstated "Restricted Payments" covenant will be made as if the "Restricted Payments" covenant had been in effect since the date of the indenture except that no default will be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended. Notwithstanding that the suspended covenants may be reinstated, no default will be deemed to have occurred as a result of a failure to comply with such suspended covenants during any period such covenants have been suspended. There can be no assurance that the notes will ever achieve an investment grade rating or that any such rating will be maintained.

Restricted Payments

CCIC will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of CCIC's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving CCIC or any of its Restricted Subsidiaries) or to the direct or indirect holders of CCIC's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of CCIC or to CCIC or a Restricted Subsidiary of CCIC);
- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving CCIC) any Equity Interests of CCIC or any direct or indirect parent of CCIC (other than (i) any such Equity Interests owned by CCIC or any of its Restricted Subsidiaries or (ii) any acquisition of Equity Interests deemed to occur upon the exercise of options or restricted stock rights if such Equity Interests represent a portion of the exercise price thereof or taxes due in connection therewith);
- (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the notes (other than intercompany Indebtedness), except a payment of interest or a payment of principal at Stated Maturity (or within one year of final maturity); or
- (4) make any Restricted Investment (all such payments and other actions set forth in these clauses (1) through (4) occurring since the date of the indenture, being collectively referred to as "Restricted Payments"),

unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default has occurred and is continuing or would occur as a consequence of the Restricted Payment; and
- (2) CCIC's Debt to Adjusted Consolidated Cash Flow Ratio would have been no greater than 7.0 to 1 after giving effect to the incurrence of any Indebtedness the net proceeds of which are used to finance such Restricted Payment as if the same had occurred at the beginning of the most recently ended four full fiscal quarter period of CCIC for which internal financial statements are available.

The preceding provisions will not prohibit:

- (1) the payment of any dividend within 60 days after the date of declaration of that dividend if at said date of declaration such payment would have complied with the provisions of the indenture;
- (2) the making of any Restricted Payment in exchange for, or out of the net cash proceeds from the sale (other than to a Subsidiary of CCIC) of, Equity Interests of CCIC (other than any Disqualified Stock);
- (3) the defeasance, redemption, repurchase, or other acquisition of subordinated Indebtedness with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;
- (4) the payment of any dividend by a Restricted Subsidiary of CCIC to the Holders of such Restricted Subsidiary's Equity Interests on a pro rata basis;
- (5) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of CCIC or any Restricted Subsidiary of CCIC held by any member of CCIC's (or any of its Restricted Subsidiaries') management pursuant to any management equity subscription agreement, restricted stock arrangement, or stock option or similar agreement in effect as of the date of the indenture; *provided* that the aggregate price paid for all of the repurchased, redeemed, acquired or retired Equity Interests pursuant to this clause (5) may not exceed \$15.0 million in any fiscal year;

Table of Contents

- (6) the payment of scheduled dividends on CCIC's 6.25% Convertible Preferred Stock, whether paid in cash or in kind through the issuance of additional shares of such preferred stock, all in accordance with the certificate of designations governing such preferred stock as in effect on the date of the indenture; or
- (7) other Restricted Payments in an aggregate amount not to exceed \$50.0 million at any time outstanding.

The board of directors of CCIC may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if such designation would not cause a Default. For purposes of making such determination, all outstanding Investments by CCIC and its Restricted Subsidiaries (except to the extent repaid in cash) in the Subsidiary so designated will be deemed to be Restricted Payments at the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of this covenant. All of those outstanding Investments will be deemed to constitute Investments in an amount equal to the fair market value of the Investments at the time of such designation. Such designation will only be permitted if the Restricted Payment would be permitted at the time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The board of directors of CCIC may designate any Unrestricted Subsidiary to be a Restricted Subsidiary if the designation would not cause a Default.

The amount of all Restricted Payments (other than cash) will be the fair market value on the date of the Restricted Payment of the assets or securities proposed to be transferred or issued by CCIC or the applicable Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any property, assets or Investments required by this covenant to be valued will be valued by the board of directors of CCIC whose resolution with respect to the determination will be delivered to the trustee.

Incurrence of Indebtedness and Issuance of Preferred Stock

CCIC will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt) and CCIC will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock; *provided* that CCIC may incur Indebtedness (including Acquired Debt) or issue shares of Disqualified Stock and CCIC's Restricted Subsidiaries may incur Indebtedness (including Acquired Debt) or issue preferred stock if, in each case, CCIC's Debt to Adjusted Consolidated Cash Flow Ratio at the time of incurrence of the Indebtedness or the issuance of the Disqualified Stock or preferred stock, after giving pro forma effect to such incurrence or issuance as of such date and to the use of proceeds from such incurrence or issuance as if the same had occurred at the beginning of the most recently ended four full fiscal quarter period of CCIC for which internal financial statements are available, would have been no greater than 7.0 to 1.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness or the issuance of any of the following items of Disqualified Stock or preferred stock (collectively, "Permitted Debt"):

- (1) the incurrence by CCIC or any of its Restricted Subsidiaries of Indebtedness under the Senior Credit Facility in an aggregate principal amount (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of CCIC and its Restricted Subsidiaries thereunder) at any one time outstanding not to exceed \$250.0 million;
- (2) the incurrence by CCIC or its Restricted Subsidiaries of the Existing Indebtedness;
- (3) the incurrence by CCIC of the Indebtedness represented by the notes to be issued on the date of the indenture;

- (4) the incurrence by CCIC or any of its Restricted Subsidiaries of Indebtedness since the date of the indenture represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of CCIC or such Restricted Subsidiary, in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any other Indebtedness incurred pursuant to this clause (4), not to exceed \$50.0 million at any one time outstanding;
- (5) the incurrence by CCIC or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to extend, refinance, renew, replace, defease or refund Indebtedness of CCIC or any of its Restricted Subsidiaries or Disqualified Stock of CCIC (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clauses (2), (3), this clause (5) or clause (9) of this paragraph;
- (6) the incurrence by CCIC or any of its Restricted Subsidiaries of intercompany Indebtedness between or among CCIC and any of its Restricted Subsidiaries; *provided, however*, that if CCIC is the obligor on such Indebtedness, such Indebtedness is expressly subordinated to the prior payment in full in cash of all obligations with respect to the notes and that:
 - (A) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than CCIC or a Restricted Subsidiary; and
 - (B) any sale or other transfer of any such Indebtedness to a Person that is not either CCIC or a Restricted Subsidiary;shall be deemed, in each case, to constitute an incurrence of the Indebtedness by CCIC or the Restricted Subsidiary, as the case may be;
- (7) the incurrence by CCIC or any of its Restricted Subsidiaries of Hedging Obligations that are incurred for the purpose of fixing or hedging (i) interest rate risk or (ii) currency exchange risk, and, in either case, not for speculative purposes;
- (8) the guarantee by CCIC or any of its Restricted Subsidiaries of Indebtedness of CCIC or a Restricted Subsidiary of CCIC that was permitted to be incurred by another provision of the indenture;
- (9) the incurrence by CCIC or any of its Restricted Subsidiaries of Acquired Debt in connection with the acquisition of assets or a new Subsidiary and the incurrence by CCIC's Restricted Subsidiaries of Indebtedness as a result of the designation of an Unrestricted Subsidiary as a Restricted Subsidiary; *provided* that, in the case of any such incurrence of Acquired Debt, such Acquired Debt was incurred by the prior owner of such assets or such Restricted Subsidiary prior to such acquisition by CCIC or one of its Restricted Subsidiaries and was not incurred in connection with, or in contemplation of, the acquisition by CCIC or one of its Restricted Subsidiaries; and *provided further* that, in the case of any incurrence pursuant to this clause (9), as a result of such acquisition by CCIC or one of its Restricted Subsidiaries, CCIC's Debt to Adjusted Consolidated Cash Flow Ratio at the time of incurrence of such Acquired Debt, after giving pro forma effect to such incurrence as if the same had occurred at the beginning of the most recently ended four full fiscal quarter period of CCIC for which internal financial statements are available, would have been either (i) no greater than 7.0 to 1 or (ii) less than CCIC's Debt to Adjusted Consolidated Cash Flow Ratio for the same period without giving pro forma effect to such incurrence;
- (10) the incurrence by CCIC or any of its Restricted Subsidiaries of any Indebtedness in respect of (A) performance bonds, bankers' acceptances, letters of credit, surety or appeal bonds or similar instruments provided by CCIC or any Restricted Subsidiary in the ordinary course of business, (B) the

financing of insurance premiums in the ordinary course of business or (C) netting, overdraft protection and other arrangements arising under standard business terms of any bank at which CCIC or any Restricted Subsidiary maintains an overdraft, cash pooling or other similar facility or arrangement;

- (11) the incurrence by CCIC or any of its Restricted Subsidiaries of any Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, provided that such Indebtedness is extinguished within five business days of its incurrence;
- (12) the incurrence by CCIC or any of its Restricted Subsidiaries of any Indebtedness consisting of indemnification, adjustment of purchase price, earn-out or similar obligations of CCIC or any Restricted Subsidiary, in each case incurred in connection with the acquisition or disposition of any assets, business or Person by CCIC or any Restricted Subsidiary;
- (13) the incurrence by CCIC or any of its Restricted Subsidiaries of any Guarantees in the ordinary course of business of the obligations of suppliers, customers, franchisers and licensees;
- (14) the incurrence by Foreign Subsidiaries of additional Indebtedness, the proceeds of which are used for ordinary course business purposes, in an aggregate principal amount, at any time outstanding, not to exceed \$25.0 million; and
- (15) the incurrence by CCIC or any of its Restricted Subsidiaries since the date of the indenture of additional Indebtedness and/or the issuance by CCIC of Disqualified Stock in an aggregate principal amount, accreted value or liquidation preference, as applicable, at any time outstanding, not to exceed \$100.0 million.

The indenture will also provide that CCIC will not incur any Indebtedness that is contractually subordinated in right of payment to any other Indebtedness of CCIC unless such Indebtedness is also contractually subordinated in right of payment to the notes on substantially identical terms; *provided, however*, that no Indebtedness of CCIC will be deemed to be contractually subordinated in right of payment to any other indebtedness of CCIC solely by virtue of being unsecured.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (15) above or is entitled to be incurred pursuant to the first paragraph of this covenant, CCIC will, in its sole discretion, classify (or later reclassify in whole or in part) such item of Indebtedness in any manner that complies with this covenant. Accrual of interest accretion or amortization of original issue discount and the payment of interest in the form of additional Indebtedness will not be deemed to be an incurrence of Indebtedness for purposes of this covenant. Indebtedness under the revolving portion of our Senior Credit Facility outstanding on the date of the indenture shall be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt, and all other Indebtedness under our Senior Credit Facility or our Securitization Facilities outstanding on the date of the indenture shall be deemed to have been incurred on such date in reliance on the exception provided by clause (2) of the definition of Permitted Debt.

Liens

CCIC will not, directly or indirectly, create, incur, assume or suffer to exist any Lien securing Indebtedness or trade payables on any asset directly held by CCIC now owned or hereafter acquired, or any income or profits therefrom or assign or convey any right to receive income therefrom, except Permitted Liens, without providing that the notes shall be secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Dividend and Other Payment Restrictions Affecting Subsidiaries

CCIC will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions to CCIC on its Capital Stock or with respect to any other interest or participation in, or measured by, its profits;
- (2) pay any indebtedness owed to CCIC;
- (3) make loans or advances to CCIC; or
- (4) transfer any of its properties or assets to CCIC.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

- (1) Existing Indebtedness as in effect on the date of the indenture, and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof; *provided* that either (i) such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in the applicable series of Existing Indebtedness as in effect on the date of the indenture or (ii) CCIC determines that any such encumbrance or restriction will not materially affect CCIC's ability to pay interest or principal, when due, on the notes (which determination shall be made in the good faith judgment of CCIC's board of directors (and evidenced by a board resolution), which determination shall be conclusively binding);
- (2) Indebtedness of any Restricted Subsidiary under any Credit Facility that is permitted to be incurred or outstanding pursuant to the covenant under the caption "*—Incurrence of Indebtedness and Issuance of Preferred Stock;*" *provided* that such Credit Facility and Indebtedness contain only such encumbrances and restrictions on such Restricted Subsidiary's ability to engage in the activities set forth in clauses (1) through (4) of the preceding paragraph as are, at the time such Credit Facility is entered into or amended, modified, restated, renewed, increased, supplemented, refunded, replaced or refinanced, ordinary and customary for a Credit Facility of that type as determined in the good faith judgment of CCIC's board of directors (and evidenced in a board resolution), which determination shall be conclusively binding;
- (3) encumbrances and restrictions applicable to any Unrestricted Subsidiary, as the same are in effect as of the date on which the Subsidiary becomes a Restricted Subsidiary, and as the same may be amended, modified, restated, renewed, increased, supplemented, refunded, replaced or refinanced; *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, with respect to the dividend and other payment restrictions than those contained in the applicable series of Indebtedness of such Subsidiary as in effect on the date on which such Subsidiary becomes a Restricted Subsidiary;
- (4) any Indebtedness incurred in compliance with the covenant under the heading "*—Incurrence of Indebtedness and Issuance of Preferred Stock*" or any agreement pursuant to which such Indebtedness is issued if the encumbrance or restriction applies only in the event of a payment default or default with respect to a financial covenant contained in the Indebtedness or agreement and the encumbrance or restriction is not materially more disadvantageous to the Holders of the notes than is customary in comparable financings (as determined by CCIC) and CCIC determines that any such encumbrance or restriction will not materially affect CCIC's ability to pay interest or principal on the notes;

Transactions with Affiliates

CCIC will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each of the foregoing, an "Affiliate Transaction"), unless:

- (1) such Affiliate Transaction is on terms that are no less favorable to CCIC or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by CCIC or such Restricted Subsidiary with an unrelated Person; and
- (2) CCIC delivers to the trustee:
 - (a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, a resolution of the board of directors of CCIC set forth in an officers' certificate certifying that the Affiliate Transaction complies with clause (1) above and that the Affiliate Transaction has been approved by a majority of the disinterested members of the board of directors of CCIC; and

- (1) CCIC could have:

Table of Contents

- (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption “—Liens;” and
- (2) the transfer of assets in the sale and leaseback transaction is permitted by, and CCIC applies the proceeds of such transaction in compliance with, the covenant described above under the caption “Repurchase at the Option of Holders—Asset Sales.”

Limitation on Issuances of Guarantees of Indebtedness

CCIC will not permit any Restricted Subsidiary, directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of CCIC unless such Subsidiary simultaneously executes and delivers a supplemental indenture to the indenture governing the notes providing for the Guarantee of the payment of the notes by such Subsidiary, which Guarantee shall be senior to or *pari passu* with such Subsidiary’s Guarantee of or pledge to secure such other Indebtedness. Notwithstanding the foregoing, any Guarantee by a Subsidiary of the notes shall provide by its terms that it shall be automatically and unconditionally released and discharged upon any sale, exchange or transfer, to any Person other than a Subsidiary of CCIC, of all of CCIC’s stock in, or all or substantially all the assets of, such Subsidiary, which sale, exchange or transfer is made in compliance with the applicable provisions of the indenture governing the notes.

Business Activities

CCIC will not, and will not permit any Subsidiary to, engage in any business other than Permitted Businesses, except to the extent as would not be material to CCIC and its Subsidiaries taken as a whole.

Reports

Whether or not required by the SEC’s rules and regulations, so long as any notes are outstanding, CCIC will furnish to the holders of notes or cause the trustee to furnish to the holders of notes, within the time periods (including any extensions thereof) specified in the SEC’s rules and regulations:

- (1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if CCIC were required to file such reports; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if CCIC were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on CCIC’s consolidated financial statements by CCIC’s independent registered public accounting firm. In addition, CCIC will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods (including any extensions thereof) specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing). To the extent such filings are made, the reports will be deemed to be furnished to the trustee and holders of notes.

If CCIC is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, CCIC will nevertheless continue filing the reports specified in the preceding paragraph with the SEC within the time periods specified in the SEC’s rules and regulations applicable to a registrant that is not an accelerated filer or a large accelerated filer unless the SEC will not accept such a filing. CCIC agrees that it will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept CCIC’s filings for any reason, CCIC will post the reports referred to in the preceding paragraph on its website within the time periods specified above.

Table of Contents

In the event that the rules and regulations of the SEC permit CCIC and any direct or indirect parent of CCIC to report at such parent entity's level on a consolidated basis and such parent entity is not engaged in any business in any material respect other than incidental to its ownership, directly or indirectly, of the capital stock of CCIC, consolidating reporting at the parent entity's level in a manner consistent with that described in this covenant for CCIC will satisfy this covenant, and the indenture will permit CCIC to satisfy its obligations in this covenant with respect to financial information relating to CCIC by furnishing financial information relating to such direct or indirect parent; provided that such financial information is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such direct or indirect parent and any of its Subsidiaries other than CCIC and its Subsidiaries, on the one hand, and the information relating to CCIC and its Subsidiaries of CCIC on a standalone basis, on the other hand.

In addition, CCIC agrees that, for so long as any notes remain outstanding, at any time they are not required to file the reports required by the preceding paragraphs with the SEC, they will furnish to the holders of the notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

Each of the following constitutes an Event of Default under the indenture:

- (1) default for 30 days in the payment when due of interest on the notes;
- (2) default in payment when due of the principal of or premium, if any, on the notes;
- (3) failure by CCIC or any of its Subsidiaries to comply with the provisions described under the caption "Certain Covenants—Merger, Consolidation or Sale of Assets" or failure by CCIC to consummate a Change of Control Offer or Asset Sale Offer in accordance with the provisions of the indenture applicable to the offers;
- (4) failure by CCIC or any of its Subsidiaries for 60 days (or 120 days in the case of a failure to comply with the reporting obligations described under the caption "Certain Covenants—Reports") after notice to comply with any of its other agreements in the indenture or the notes;
- (5) default under any Indebtedness for money borrowed by CCIC or any of its Significant Subsidiaries, or the payment of which is guaranteed by CCIC or any of its Significant Subsidiaries, whether such Indebtedness or guarantee now exists, or is created after the date of the indenture, which default:
 - (a) is caused by a failure to pay principal of or premium, if any, or interest on the Indebtedness prior to the expiration of the grace period provided in such indebtedness on the date of the default (a "Payment Default"); or
 - (b) results in the acceleration of the Indebtedness prior to its express maturity

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$20.0 million or more;

- (6) failure by CCIC or any of its Significant Subsidiaries to pay final judgments aggregating (net of amounts covered by insurance policies) in excess of \$20.0 million, which judgments are not paid, discharged or stayed for a period of 60 days; or

Table of Contents

- (7) certain events of bankruptcy or insolvency described in the indenture with respect to CCIC or any of its Restricted Subsidiaries.

However, a default under clause (4) above will not constitute an Event of Default until the Trustee under the indenture or the Holders of 25% in principal amount of the outstanding notes notify CCIC of the Default and CCIC does not cure such Default within the time specified after receipt of such notice.

If any Event of Default occurs and is continuing, the trustee under the indenture or the Holders of at least 25% in principal amount at maturity of the then outstanding notes may declare all the notes to be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to CCIC, all outstanding notes will become due and payable without further action or notice. Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, Holders of a majority in principal amount at maturity of the then outstanding notes may direct the trustee under the indenture in its exercise of any trust or power.

The Holders of a majority in aggregate principal amount at maturity of the notes then outstanding by notice to the trustee under the indenture may on behalf of the Holders of all notes waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, the notes.

The indenture provides that if a Default occurs and is continuing and is known to the trustee, the trustee must mail to each Holder of the notes notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any note, the trustee may withhold notice if and so long as a committee of its trust officers determines that withholding notice is not opposed to the interest of the Holders of the notes. In addition, CCIC is required to deliver to the trustee, within 90 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. CCIC is also required to deliver to the trustee, promptly after the occurrence thereof, written notice of any event that would constitute a Default, the status thereof and what action CCIC is taking or proposes to take in respect thereof.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of CCIC, as such, shall have any liability for any obligations of CCIC under the notes, the indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

CCIC may, at its option and at any time, elect to have all of its obligations discharged with respect to the notes outstanding (“Legal Defeasance”) except for:

- (1) the rights of Holders of outstanding notes to receive payments in respect of the principal of, premium, if any, and interest on the notes when such payments are due from the trust referred to below;
- (2) CCIC’s obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and CCIC’s obligations in connection therewith; and

Table of Contents

- (4) the Legal Defeasance provisions of the indenture.

In addition, CCIC may, at its option and at any time, elect to have the obligations of CCIC released with respect to certain covenants that are described in the indenture (“Covenant Defeasance”) and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events described under “Events of Default and Remedies,” but not including nonpayment and bankruptcy, receivership, rehabilitation and insolvency events with respect to CCIC, will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) CCIC must irrevocably deposit with the trustee, in trust, for the benefit of the Holders of the notes, cash in United States Dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding notes on the stated maturity or on the redemption date, as the case may be, and CCIC must specify whether the notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, CCIC shall have delivered to the trustee under the indenture an opinion of counsel in the United States reasonably acceptable to the trustee confirming that:
 - (a) CCIC has received from, or there has been published by, the Internal Revenue Service a ruling; or
 - (b) since the date of the indenture, there has been a change in the applicable federal income tax law,

in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

- (3) in the case of Covenant Defeasance, CCIC shall have delivered to the trustee under the indenture an opinion of counsel in the United States reasonably acceptable to the trustee confirming that the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default shall have occurred and be continuing either:
 - (a) on the date of such deposit, other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit; or
 - (b) insofar as Events of Default from bankruptcy or insolvency events with respect to CCIC are concerned, at any time in the period ending on the 91st day after the date of deposit;
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument, other than the indenture, to which CCIC or any of its Restricted Subsidiaries is a party or by which CCIC or any of its Restricted Subsidiaries is bound;
- (6) CCIC must have delivered to the trustee an opinion of counsel to the effect that after the 91st day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors’ rights generally;

Table of Contents

- (7) CCIC must deliver to the trustee under the indenture an officers' certificate stating that the deposit was not made by CCIC with the intent of preferring the Holders of the notes over the other creditors of CCIC with the intent of defeating, hindering, delaying or defrauding creditors of CCIC or others; and
- (8) CCIC must deliver to the trustee under the indenture an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as described in the two paragraphs below, the Holders of a majority in principal amount at maturity of the notes outstanding can, with respect to the notes:

- (1) consent to any amendment or supplement to the indenture or the notes; and
- (2) waive any existing default under, or the compliance with any provisions of, the indenture or the notes.

Consents and waivers obtained in connection with a purchase of, or tender offer or exchange offer for, the notes shall be included for purposes of the previous sentence.

Without the consent of each Holder affected, an amendment or waiver with respect to any notes held by a non-consenting Holder may not:

- (1) reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the redemption, but not any required repurchase in connection with an Asset Sale Offer or Change of Control Offer, of the notes;
- (3) reduce the rate of or extend the time for payment of interest on any note;
- (4) waive a Default or Event of Default in the payment of principal of or premium, if any, or interest on the notes, excluding a rescission of acceleration of the notes by the Holders of at least a majority in aggregate principal amount of the notes and a waiver of the payment default that resulted from such acceleration;
- (5) make any note payable in money other than that stated in the notes;
- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of Holders of notes to receive payments of principal of or premium, if any, or interest on the notes;
- (7) waive a redemption payment, but not any payment upon a required repurchase in connection with an Asset Sale Offer or Change of Control Offer, with respect to any note;
- (8) except as provided under the caption "Legal Defeasance and Covenant Defeasance" or in accordance with the terms of any Subsidiary Guarantee, release a Subsidiary Guarantor from its obligations under its Subsidiary Guarantee or make any change in a Subsidiary Guarantee that would adversely affect the Holders of the notes; or
- (9) make any change in the foregoing amendment and waiver provisions.

Table of Contents

Notwithstanding the foregoing, without the consent of any Holder of notes, CCIC and the trustee may amend or supplement the indenture or the notes to:

- (1) cure any ambiguity, omission, defect or inconsistency;
- (2) provide for uncertificated notes in addition to or in place of certificated notes;
- (3) provide for the assumption of CCIC's obligations to Holders of notes in the case of a merger or consolidation;
- (4) make any change that would provide any additional rights or benefits to the Holders of notes or that does not adversely affect the legal rights under the indenture of any such Holder in any material respect; or
- (5) comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act.

Concerning the Trustee

The indenture contains certain limitations on the rights of the trustee, should it become a creditor of CCIC, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Holders of a majority in principal amount at maturity of the notes then outstanding will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee under the indenture, subject to certain exceptions. The indenture provides that if an Event of Default occurs and is not cured, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to these provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any Holder of notes, unless that Holder shall have offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

The notes will be initially issued in the form of one or more global notes (collectively, the "Global notes") registered in the name of The Depository Trust Company ("DTC") or its nominee.

Upon the issuance of a Global note, DTC or its nominee will credit the accounts of Persons holding through it with the respective principal amounts of the notes represented by such Global note purchased by such Persons in this offering. Such accounts shall be designated by the underwriters. Ownership of beneficial interests in a Global note will be limited to Persons that have accounts with DTC ("participants") or Persons that may hold interests through participants. Ownership of beneficial interests in a Global note will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by DTC (with respect to participants' interests) and such participants (with respect to the owners of beneficial interests in such Global note other than participants). The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global note.

Table of Contents

Payment of principal of and interest on notes represented by a Global note will be made in immediately available funds to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the notes represented thereby for all purposes under the indenture governing the notes. CCIC has been advised by DTC that upon receipt of any payment of principal of or interest on any Global note, DTC will immediately credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal or face amount of such Global note as shown on the records of DTC. Payments by participants to owners of beneficial interests in a Global note held through such participants will be governed by standing instructions and customary practices as is now the case with securities held for customer accounts registered in "street name" and will be the sole responsibility of such participants.

A Global note may not be transferred except as a whole by DTC or a nominee of DTC to a nominee of DTC or to DTC. A Global note is exchangeable for certificated notes only if:

- (a) DTC notifies CCIC that it is unwilling or unable to continue as a depository for such Global note or if at any time DTC ceases to be a clearing agency registered under the Exchange Act;
- (b) CCIC in its discretion at any time determines not to have all the notes represented by such Global note; or
- (c) there shall have occurred and be continuing a Default or an Event of Default with respect to the notes represented by such Global note.

Any Global note that is exchangeable for certificated notes pursuant to the preceding sentence will be exchanged for certificated notes in authorized denominations and registered in such names as DTC or any successor depository holding such Global note may direct. Subject to the foregoing, a Global note is not exchangeable, except for a Global note of like denomination to be registered in the name of DTC or any successor depository or its nominee. In the event that a Global note becomes exchangeable for certificated notes,

- (a) certificated notes will be issued only in fully registered form in denominations of \$1,000 or integral multiples thereof;
- (b) payment of principal of, and premium, if any, and interest on, the certificated notes will be payable, and the transfer of the certificated notes will be registerable, at the office or agency of CCIC maintained for such purposes; and
- (c) no service charge will be made for any registration of transfer or exchange of the certificated notes, although CCIC may require payment of a sum sufficient to cover any tax or governmental charge imposed in connection therewith.

So long as DTC or any successor depository for a Global note, or any nominee, is the registered owner of such Global note, DTC or such successor depository or nominee, as the case may be, will be considered the sole Holder of the notes represented by such Global note for all purposes under the indenture and the notes. Except as set forth above, owners of beneficial interests in a Global note will not be entitled to have the notes represented by such Global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes in definitive form and will not be considered to be the Holders of any notes under such Global note. Accordingly, each Person owning a beneficial interest in a Global note must rely on the procedures of DTC or any successor depository, and, if such Person is not a participant, on the procedures of the participant through which such Person owns its interest, to exercise any rights of a Holder under the indenture governing the notes. CCIC understands that under existing industry practices, in the event that CCIC requests any action of Holders or that an owner of a beneficial interest in a Global note desires to give or take any action which a Holder is entitled to give or take under the indenture governing the notes, DTC or any successor depository would authorize the participants holding the relevant beneficial interest to give or take such action and such participants would authorize beneficial owners owning through such participants to give or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

[Table of Contents](#)

DTC has advised CCIC that DTC is a limited-purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered under the Exchange Act. DTC was created to hold the securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include securities brokers and dealers (which may include the underwriters), banks, trust companies, clearing corporations and certain other organizations some of whom (or their representatives) own DTC. Access to DTC’s book-entry system is also available to others, such as banks, brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in Global notes among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of CCIC, the trustee or the underwriters will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

General

The following discussion summarizes the material U.S. federal income tax consequences of the ownership, sale or other disposition of the notes by a holder of the notes on original issuance at the price indicated on the cover of this prospectus supplement. This summary is based upon existing U.S. federal income tax law, which is subject to change or differing interpretations, possibly with retroactive effect. This summary does not discuss all aspects of U.S. federal income taxation that may be important to particular investors in light of their individual circumstances, such as investors subject to special tax rules (e.g., financial institutions, insurance companies, broker-dealers and tax-exempt organizations) or to persons that will hold the notes as a part of a straddle, hedge, conversion, constructive sale or other integrated transaction for U.S. federal income tax purposes, partnerships or U.S. Holders (as defined below) that have a functional currency other than the United States dollar, all of whom may be subject to tax rules that differ materially from those summarized below. In addition, this summary does not discuss any foreign, state or local tax considerations. This summary is written for investors that will hold their notes as “capital assets” under the Internal Revenue Code of 1986, as amended, or the Code. Each prospective investor is urged to consult its tax advisor regarding the U.S. federal, state, local and foreign income and other tax consequences of the ownership, sale, conversion or other disposition of the notes.

For purposes of this summary, a “U.S. Holder” is a beneficial owner of a note that is, for U.S. federal income tax purposes, (i) an individual who is a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation for U.S. federal income tax purposes, created in or organized under the law of the United States or any state or political subdivision thereof, (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a United States court and with respect to which one or more United States persons have the authority to control all substantial decisions of the trust, or (B) that has in effect a valid election under applicable United States Treasury regulations to be treated as a United States person. A beneficial owner of a note that is not a U.S. Holder or a partnership is referred to herein as a “Non-U.S. Holder.” If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of notes, the treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. A holder of notes that is a partnership and partners in such a partnership are urged to consult their tax advisors about the U.S. federal income tax consequences of holding and disposing of notes.

U.S. Holders

Interest Income. Generally, qualified stated interest (as defined below under “— Original Issue Discount”) on a note will be taxable to a U.S. Holder as ordinary interest income (in accordance with the holder’s regular method of accounting) at the time such payments are accrued or received. The stated interest payments on the note are qualified stated interest.

Original Issue Discount. The notes will be issued with original issue discount (“OID”) for U.S. federal income tax purposes. The amount of OID on a note will generally equal the excess of the “principal amount” of a note over its “issue price.” The “issue price” of a note will equal the first price at which a substantial amount of notes are sold for money, excluding sales to underwriters, placement agents or wholesalers.

A U.S. Holder will be required to include in taxable income for any particular taxable year the daily portion of the OID described in the preceding paragraph that accrues on the note for each day during the taxable year on which such holder holds the note, whether reporting on the cash or accrual basis of accounting for U.S. federal income tax purposes. Thus, a U.S. Holder will be required to include OID in income in advance of the receipt of the cash to which such OID is attributable. The daily portion is determined by allocating to each day of an accrual period (generally, the period between interest payments or compounding dates) a pro rata portion of the OID allocable to such accrual period. The amount of OID that will accrue during an accrual period is the product

[Table of Contents](#)

of the “adjusted issue price” of the note at the beginning of the accrual period multiplied by the yield to maturity of the note less the amount of any qualified stated interest allocable to such accrual period. The “adjusted issue price” of a note at the beginning of an accrual period will equal its issue price, increased by the aggregate amount of OID that has accrued on the note in all prior accrual periods, and decreased by any payments made during all prior accrual periods of amounts included in the stated redemption price at maturity of the note.

A U.S. Holder may elect to treat all interest on a note as OID and calculate the amount includible in gross income under the constant yield method described above. The election is to be made for the taxable year in which a U.S. Holder acquires a note and may not be revoked without the consent of the Internal Revenue Service. U.S. Holders should consult with their own tax advisors about this election.

Sale, Exchange, Retirement or Other Disposition of the Notes. Upon a sale or other taxable disposition of notes, a U.S. Holder generally will recognize gain or loss in an amount equal to the difference between the amount realized on the disposition (other than an amount attributable to accrued but unpaid qualified stated interest, which will be taxable as ordinary income to the extent not previously included in income) and the U.S. Holder’s adjusted tax basis in such notes. A U.S. Holder’s tax basis in a note generally will be equal to the cost of the note to such holder, increased by any OID included in the U.S. Holder’s income prior to the disposition of the note (if any) and decreased by any payments received on the note other than qualified stated interest. Any such gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder’s holding period for the notes is more than one year at the time of disposition. For non-corporate U.S. Holders, long-term capital gains generally will be subject to reduced rates of taxation. The deductibility of capital losses is subject to certain limitations.

Non-U.S. Holders

The following discussion of the U.S. federal income and withholding tax considerations of the purchase, ownership, or disposition of notes by a Non-U.S. Holder assumes that the holder is not engaged in a U.S. trade or business. For a discussion of certain U.S. federal income tax considerations for Non-U.S. Holders that are engaged in a U.S. trade or business, please see the discussion set forth below under “—Income Effectively Connected with a U.S. Trade or Business” below.

Interest. All payments of interest (including OID, if any) and principal on the notes made to a Non-U.S. Holder, and any gain realized on a sale or exchange of the notes, will be exempt from U.S. federal income and withholding tax, provided that: (i) such Non-U.S. Holder does not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote, (ii) such Non-U.S. Holder is not a controlled foreign corporation related, directly or indirectly, to us through stock ownership, (iii) such Non-U.S. Holder is not a bank receiving certain types of interest, (iv) the beneficial owner of the notes certifies, under penalties of perjury, to us or our paying agent on Internal Revenue Service Form W-8BEN (or appropriate substitute form) that it is not a United States person and provides its name, address and certain other required information or certain other certification requirements are satisfied and (v) such payments and gain are not effectively connected with such Non-U.S. Holder’s conduct of a trade or business in the United States or, in the case of gain recognized by a Non-U.S. Holder who is a non-resident alien individual, the individual is not present in the United States for 183 or more days in the taxable year of the disposition.

If a Non-U.S. Holder cannot satisfy the requirements described above, payments of interest will be subject to the 30% U.S. federal withholding tax, unless such Non-U.S. Holder provides us with a properly executed (i) Internal Revenue Service Form W-8BEN (or appropriate substitute form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (ii) Internal Revenue Service Form W-8ECI (or appropriate substitute form) stating that interest paid or accrued on the notes is not subject to withholding tax because it is effectively connected with the conduct of a trade or business in the United States.

Sale, Exchange, Retirement or Other Disposition of the Notes. Subject to the discussion below concerning backup withholding and except with respect to accrued but unpaid interest, which will be taxable as described

[Table of Contents](#)

above under “ — Interest,” a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on the receipt of payments of principal on a note, or on any gain recognized upon the sale, exchange, retirement or other disposition of a note, unless in the case of gain (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States and, if a treaty applies (and the holder complies with applicable certification and other requirements to claim treaty benefits), is attributable to a permanent establishment maintained by the Non-U.S. Holder within the United States or (ii) such Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition, and certain other conditions are met.

Income Effectively Connected with a U.S. Trade or Business. If a Non-U.S. Holder of notes is engaged in a trade or business in the United States, and if interest on the notes, deemed distributions on the notes, or gain realized on the sale, exchange, conversion, or other disposition of the notes is effectively connected with the conduct of such trade or business, the Non-U.S. Holder generally will be subject to regular U.S. federal income tax on such income or gain in the same manner as if the non-U.S. Holder were a U.S. Holder. If the Non-U.S. Holder is eligible for the benefits of an income tax treaty between the United States and the holder’s country of residence, any “effectively connected” income or gain generally will be subject to U.S. federal income tax only if it is also attributable to a permanent establishment or fixed base maintained by the holder in the United States. Payments of interest that are effectively connected with a U.S. trade or business (and, if an income tax treaty applies, attributable to a permanent establishment or fixed base), and therefore included in the gross income of a Non-U.S. Holder, will not be subject to the 30% withholding tax provided that the holder claims exemption from withholding. To claim exemption from withholding, the holder must certify its qualification, which can be done by filing a properly executed IRS Form W-8ECI. In addition, if such a Non-U.S. Holder is a foreign corporation, such holder may also be subject to a branch profits tax equal to 30% (or such lower rate provided by an applicable treaty) of its effectively connected earnings and profits for the taxable year, subject to certain adjustments.

Information reporting and backup withholding

U.S. Holders. Payments of interest on, or the proceeds of the sale or other disposition of, a note are generally subject to information reporting unless the U.S. Holder is an exempt recipient (such as a corporation). Such payments may also be subject to U.S. federal backup withholding tax at the applicable rate if the recipient of such payment fails to supply a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise fails to establish an exemption from backup withholding. Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against that U.S. Holder’s U.S. federal income tax liability provided the required information is furnished to the Internal Revenue Service.

Non-U.S. Holders. A Non-U.S. Holder may be required to comply with certain certification procedures to establish that the holder is not a U.S. person in order to avoid backup withholding tax with respect to our payment of principal and interest on, or the proceeds of the sale or other disposition of, a note. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against that Non-U.S. Holder’s U.S. federal income tax liability provided the required information is furnished to the Internal Revenue Service. In certain circumstances, the name and address of the beneficial owner and the amount of interest paid on a note, as well as the amount, if any, of tax withheld, may be reported to the Internal Revenue Service. Copies of these information returns may also be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

UNDERWRITING

Subject to the terms and conditions in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below has severally agreed to purchase, and we have agreed to sell to that underwriter, the principal amount of the notes set forth opposite the underwriter's name.

Name	Principal Amount
Morgan Stanley & Co. Incorporated	\$
Banc of America Securities LLC	
Barclays Capital Inc.	
Deutsche Bank Securities Inc.	
Greenwich Capital Markets, Inc.	
Calyon Securities (USA) Inc.	
TD Securities (USA) LLC	
Total	<u>\$ 600,000,000</u>

The underwriting agreement provides that the underwriters' obligations to purchase the notes depend on the satisfaction of the conditions contained in the underwriting agreement, and that if any of the notes are purchased by the underwriters, all of the notes must be purchased. The conditions contained in the underwriting agreement include the condition that all the representations and warranties made by us to the underwriters are true, that there has been no material adverse change in the condition of us or in the financial markets and that we deliver to the underwriters customary closing documents.

The following table shows the underwriting discounts to be paid to the underwriters by us in connection with this offering.

	Per Note	Total
Notes due 2015	%	\$

The notes sold by the underwriters to the public will initially be offered at the public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at the public offering price less a concession not in excess of % of the principal amount of the notes. The underwriters may allow, and such dealers may reallow, to certain other dealers a concession not in excess of % of the principal amount of the notes. After the notes are released for sale, the underwriters may change the offering price and the other selling terms.

The expenses of the offering, not including the underwriting discounts, are estimated to be \$ and are payable by us.

The notes will constitute a new series of securities with no established trading market. We will not list the notes on any national securities exchange. The underwriters have advised us that they currently intend to make a market in the notes. However, they are not obligated to do so and they may discontinue any market-making activities with respect to the notes at any time without notice. Accordingly, we cannot assure you as to the liquidity of or the trading market for the notes.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include over-allotment, covering transactions and stabilizing transactions. Over-allotment involves sales of notes in excess of the principal amount of notes to be purchased by the underwriters in this offering, which creates a short position for the underwriters. Covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

[Table of Contents](#)

The underwriters may also impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives of the underwriters, in covering syndicate short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the notes. They may also cause the price of the notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

European Economic Area

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive, or each, a Relevant Member State, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State, or the Relevant Implementation Date, the underwriters have not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that the underwriters may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

- to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year, (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or
- in any other circumstances which do not require the publication by us of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of notes to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each underwriter has represented and agreed that:

- it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the Financial Services and Markets Act 2000 does not apply to us; and
- it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

[Table of Contents](#)

Certain of the underwriters have performed commercial and investment banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business. In addition, affiliates of certain of the underwriters are lenders under our bank credit facility and counterparties under our derivative financial arrangements.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments that the underwriters may be required to make because of any of those liabilities.

VALIDITY OF THE NOTES

Certain legal matters with respect to the validity of the notes offered hereby will be passed upon for us by Cravath, Swaine & Moore LLP, New York, New York. Certain legal matters with respect to the notes will be passed upon for the underwriters by Skadden, Arps, Slate, Meagher & Flom LLP, New York, New York.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the U.S. Securities and Exchange Commission, which we refer to in this prospectus as the “SEC,” using the “shelf” registration process. Under the shelf registration process, we, or certain of our security holders, may from time to time sell the securities described in this prospectus in one or more offerings.

This prospectus provides you with a general description of the securities that we or a selling security holder may offer. Each time we, or, under certain circumstances, our security holders, sell securities in a manner not described herein, we will provide you with a prospectus supplement containing specific information about the terms of the offering and the means of distribution. A prospectus supplement may include other special considerations applicable to such offering of securities. The prospectus supplement may also add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information in the prospectus supplement. You should carefully read this prospectus and any prospectus supplement together with the additional information described under the heading “Where You Can Find More Information.”

The prospectus supplement will describe: the terms of the securities offered, any initial public offering price, the price paid to us for the securities, the net proceeds to us, the manner of distribution and any underwriting compensation and the other specific material terms related to the offering of the applicable securities. For more detail on the terms of the securities, you should read the exhibits filed with or incorporated by reference in our registration statement of which this prospectus forms a part.

In this prospectus, unless the context otherwise requires, the terms “Crown Castle,” “we,” “our,” “our company,” “the Company” and “us” refer to Crown Castle International Corp., a Delaware corporation, whose shares of common stock are publicly traded on the New York Stock Exchange under the symbol “CCI,” and its subsidiaries.

References to “securities” include any security that we or our security holders might sell under this prospectus or any prospectus supplement.

We prepare our financial statements in U.S. dollars and prepare our financial statements, including all of the financial statements incorporated by reference in this prospectus, in conformity with U.S. generally accepted accounting principles, or “U.S. GAAP.” Our fiscal year ends on December 31. In this prospectus, except where otherwise indicated, references to “\$” or “dollars” are to the lawful currency of the United States.

This prospectus contains summaries of certain provisions contained in some of the documents described herein. Please refer to the actual documents for complete information. All of the summaries are qualified in their entirety by the actual documents. Copies of the documents referred to herein have been filed, or will be filed or incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below under “Where You Can Find More Information.”

You should rely only on the information contained in this prospectus or incorporated by reference in this prospectus. We have not authorized anyone to provide you with different information. The distribution of this prospectus and sale of these securities in certain jurisdictions may be restricted by law. Persons in possession of this prospectus are required to inform themselves about and observe any such restrictions. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus is accurate as of the date on the front cover of this prospectus only. Our business, financial condition, results of operations and prospects may have changed since that date.

THE COMPANY

We own, operate and lease towers and other communication structures, including certain rooftop installations, referred to in this prospectus as towers, for wireless communications. As of December 31, 2008, we owned, leased or managed approximately 24,100 towers, including approximately 22,300 towers in the United States and approximately 1,600 towers in Australia, with the remainder of our towers located in Puerto Rico and Canada. As of December 31, 2008, we owned in fee or had perpetual or long-term easements in the land and other properties on which approximately 5,500 of our towers reside, and we leased, subleased or licensed the land on which approximately 17,600 of our towers reside. In addition, we managed approximately 700 towers owned by third parties where we had the right to market space on the tower or where we had sublease agreements with the tower owner. Our customers include many of the world's major wireless communication companies, including Sprint Nextel, AT&T, Verizon Wireless and T-Mobile in the United States and Optus, Vodafone, Telstra and Hutchison in Australia.

Our core business is the renting of antenna space on our towers to wireless communication companies under long-term contracts. Generally, our towers can accommodate multiple customers for antennas and other equipment necessary for the transmission of wireless signals for mobile telephones and other devices. Our site rental leasing revenues are derived from this core business, which we are seeking to grow by adding more tenants on our existing towers.

Our tower portfolios consist primarily of towers in various metropolitan areas. As of December 31, 2008, approximately 54% and 71% of our towers in the United States and Puerto Rico were located in the 50 and 100 largest basic trading areas, or "BTAs," respectively. Through our Australia tower portfolio, we have a strategic presence in each of Australia's major metropolitan areas, including Sydney, Melbourne, Brisbane, Adelaide and Perth.

To a much lesser extent, we also provide certain network services relating to our towers, including antenna installation and subsequent augmentation, network design and site selection, site acquisition, site development and other services.

Our principal executive offices are located at 1220 Augusta Drive, Suite 500, Houston, Texas 77057, and our telephone number is (713) 570-3000. We maintain an internet website at www.crowncastle.com. ***The information contained in or connected to our website is not a part of this prospectus.***

RISK FACTORS

Investing in our securities involves risks. Potential investors are urged to read and consider the risk factors and other disclosures relating to an investment in securities issued by Crown Castle described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2008, June 30, 2008 and September 30, 2008, as updated by annual, quarterly and other reports and documents we file with the SEC after the date of this prospectus and that are incorporated by reference herein. Before making an investment decision, you should carefully consider those risks as well as other information we include or incorporate by reference in this prospectus and any prospectus supplement. The risks and uncertainties we have described are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently consider immaterial may also affect our business operations. To the extent a particular offering implicates additional risks, we will include a discussion of those risks in the applicable prospectus supplement.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

The statements contained in or incorporated by reference in this prospectus include certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 with respect to the financial condition, results of operations, business strategies, operating efficiencies or synergies, competitive positions, growth opportunities for existing products, plans and objectives of management, markets for our stock and other matters. Statements contained in this prospectus or incorporated by reference that are not historical facts are identified as “forward-looking statements” for the purpose of the safe harbor provided by Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and Section 27A of the Securities Act of 1933, as amended, or the Securities Act. These forward-looking statements, including those relating to future business prospects, revenues and income, wherever they occur in this prospectus or documents incorporated by reference in this prospectus, are necessarily estimates reflecting the best judgment of our senior management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors, including those set forth in this prospectus. Important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include those factors described in the section entitled “Risk Factors” beginning on page 3 of this prospectus and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007 and our Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2008, June 30, 2008 and September 30, 2008, as updated by annual, quarterly and other reports and documents we file with the SEC after the date of this prospectus and that are incorporated by reference herein.

Words such as “estimate,” “anticipate,” “project,” “plan,” “intend,” “believe,” “expect,” “likely” and similar expressions are intended to identify forward-looking statements. These forward-looking statements are found at various places throughout this prospectus and the other documents incorporated by reference. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus or the date of the other documents incorporated by reference herein. Readers also should understand that it is not possible to predict or identify all such factors and that the risk factors as listed in our filings with the SEC should not be considered a complete statement of all potential risks and uncertainties. Readers should also realize that if underlying assumptions prove inaccurate or unknown risks or uncertainties materialize, actual results could vary materially from our projections. We undertake no obligation to update any forward-looking statements as a result of future events or developments.

SELLING SECURITY HOLDERS

We may register securities covered by this prospectus for re-offers and resales by any selling security holders to be named in a prospectus supplement. Because we are a well-known seasoned issuer, as defined in Rule 405 of the Securities Act, we may add secondary sales of securities by any selling security holders by filing a prospectus supplement with the SEC. We may register these securities to permit selling security holders to resell their securities when they deem appropriate. A selling security holder may resell all, a portion or none of their securities at any time and from time to time. We may register those securities for sale through an underwriter or other plan of distribution as set forth in a prospectus supplement. See “Plan of Distribution.” Selling security holders may also sell, transfer or otherwise dispose of some or all of their securities in transactions exempt from the registration requirements of the Securities Act. We may pay all expenses incurred with respect to the registration of the securities owned by the selling security holders, other than underwriting fees, discounts or commissions, which will be borne by the selling security holders. We will provide you with a prospectus supplement naming the selling security holders, the amount of securities to be registered and sold and other terms of the securities being sold by a selling security holder.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, we intend to use the net proceeds from the sale of our securities for general corporate purposes, possible future repayments of indebtedness or for such other purposes as may be specified in the applicable prospectus supplement. Unless otherwise set forth in a prospectus supplement, we will not receive any proceeds from any sales of our securities by any selling security holder to be named in a prospectus supplement.

**RATIO OF EARNINGS TO FIXED CHARGES AND EARNINGS TO COMBINED FIXED
CHARGES AND PREFERRED STOCK DIVIDENDS
(DOLLARS IN THOUSANDS)**

The following table sets forth our ratio of earnings to fixed charges, the deficiency of our earnings to cover fixed charges, our ratio of earnings to combined fixed charges and preferred stock dividends and the deficiency of our earnings to cover combined fixed charges and preferred stock dividends for the periods indicated.

	Year Ended December 31,					Nine Months Ended
	2003	2004	2005	2006	2007	September 30, 2008
Ratio of Earnings to Fixed Charges	—	—	—	—	—	—
Deficiency of Earnings to Cover Fixed Charges	\$ 462,448	\$ 306,632	\$ 392,043	\$ 49,668	\$ 318,409	\$ 72,120
Ratio of Earnings to Combined Fixed Charges and Preferred Stock Dividends	—	—	—	—	—	—
Deficiency of Earnings to Cover Combined Fixed Charges and Preferred Stock Dividends	\$ 518,345	\$ 345,250	\$ 441,399	\$ 70,474	\$ 339,214	\$ 87,724

For purposes of computing the ratios of earnings to fixed charges and earnings to combined fixed charges and preferred stock dividends, earnings represent income (loss) from continuing operations before income taxes, minority interests, cumulative effects of changes in accounting principles and fixed charges (excluding capitalized interest). Fixed charges consist of interest expense, capitalized interest, the interest component of operating leases, amortization of deferred financing costs and dividends on preferred stock classified as liabilities.

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of the debt securities sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which these general provisions may apply to those debt securities will be described in the prospectus supplement relating to those debt securities. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the prospectus supplement relating thereto and to the following description.

We may issue debt securities from time to time in one or more series. The debt securities will be general obligations of Crown Castle. In the event that any series of debt securities will be subordinated to other indebtedness that we have outstanding or may incur, the terms of the subordination will be set forth in the prospectus supplement relating to the subordinated debt securities. Debt securities will be issued under one or more indentures between us and The Bank of New York Mellon Trust Company, N.A., as trustee, or another trustee named in the prospectus supplement. A copy of the form of indenture has been filed as an exhibit to the registration statement filed with the SEC. The following discussion of certain provisions of the indenture is a summary only and should not be considered a complete description of the terms and provisions of the indenture. Accordingly, the following discussion is qualified in its entirety by reference to the provisions of the indenture, including the definition of certain terms used below.

General

The debt securities represent direct, general obligations of Crown Castle and:

- may rank equally with other unsubordinated debt or may be subordinated to other debt we have or may incur;
- may be issued in one or more series with the same or various maturities;
- may be issued at a price of 100% of their principal amount or at a premium or discount;
- may be issued in registered or bearer form and certificated or uncertificated form; and
- may be represented by one or more global notes registered in the name of a designated depository's nominee, and if so, beneficial interests in the global note will be shown on and transfers will be made only through records maintained by the designated depository and its participants.

The aggregate principal amount of debt securities that we may authenticate and deliver is unlimited. The debt securities may be issued in one or more series as we may authorize from time to time. You should refer to the applicable prospectus supplement for the following terms of the debt securities of the series with respect to which that prospectus supplement is being delivered:

- the title of the debt securities of the series (which shall distinguish the debt securities of that particular series from the debt securities of any other series);
- the price or prices of the debt securities of the series;
- any limit on the aggregate principal amount of the debt securities of the series that may be authenticated and delivered under the indenture (except for debt securities authenticated and delivered upon registration or transfer of, or in exchange for, or in lieu of, other debt securities of the series);
- the date or dates on which the principal and premium with respect to the debt securities of the series are payable;

Table of Contents

- the rate or rates (which may be fixed or variable) at which the debt securities of the series shall bear interest (if any) or the method of determining such rate or rates, the date or dates from which such interest, if any, shall accrue, the interest payment dates on which such interest, if any, shall be payable or the method by which such dates will be determined, the record dates for the determination of holders thereof to whom such interest is payable (in the case of securities in registered form), and the basis upon which interest will be calculated if other than that of a 360-day year of twelve 30-day months;
- the currency or currencies in which debt securities of the series shall be denominated, if other than U.S. dollars, the place or places, if any, in addition to or instead of the corporate trust office of the trustee (in the case of securities in registered form) or the principal New York office of the trustee (in the case of securities in bearer form), where the principal, premium and interest with respect to debt securities of the series shall be payable or the method of such payment, if by wire transfer, mail or other means;
- the price or prices at which, the period or periods within which, and the terms and conditions upon which debt securities of the series may be redeemed, in whole or in part, at our option or otherwise;
- whether debt securities of the series are to be issued as securities in registered form or securities in bearer form or both and, if securities in bearer form are to be issued, whether coupons will be attached to them, whether securities in bearer form of the series may be exchanged for securities in registered form of the series, and the circumstances under which and the places at which any such exchanges, if permitted, may be made;

- securities in bearer form;

- debt securities with respect to which principal or interest is payable in a foreign or composite currency;
- debt securities that are issued at a discount below their stated principal amount, bearing no interest or interest at a rate that at the time of issuance is below market rates, or original issue discount debt securities; and
- variable rate debt securities that are exchangeable for fixed rate debt securities.

Unless otherwise provided in the applicable prospectus supplement, securities in registered form may be transferred or exchanged at the office of the trustee at which its corporate trust business is principally

administered in the United States or at the office of the trustee or the trustee's agent in the Borough of Manhattan, the City and State of New York, at which its corporate agency business is conducted, subject to the limitations provided in the indenture, without the payment of any service charge, other than any tax or governmental charge payable in connection therewith. Securities in bearer form will be transferable only by delivery. Provisions with respect to the exchange of securities in bearer form will be described in the prospectus supplement relating to those securities in bearer form.

All funds that we pay to a paying agent for the payment of principal, premium or interest with respect to any debt securities that remain unclaimed at the end of two years after that principal, premium or interest shall have become due and payable will be repaid to us, and the holders of those debt securities or any related coupons will thereafter look only to us for payment thereof.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities. A global security is a debt security that represents, and is denominated in an amount equal to the aggregate principal amount of, all outstanding debt securities of a series, or any portion thereof, in either case having the same terms, including the same original issue date, date or dates on which principal and interest are due, and interest rate or method of determining interest. A global security will be deposited with, or on behalf of, a depository, which will be identified in the prospectus supplement relating to such debt securities. Global securities may be issued in either registered or bearer form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security may not be transferred except as a whole by the depository to a nominee of the depository, by a nominee of the depository to the depository or another nominee of the depository, or by the depository or any nominee of the depository to a successor depository or any nominee of such successor.

The terms of the depository arrangement with respect to a series of debt securities will be described in the prospectus supplement relating to such debt securities. We anticipate that the following provisions will generally apply to depository arrangements, in all cases subject to any restrictions or limitations described in the prospectus supplement relating to such debt securities.

Upon the issuance of a global security, the depository for such global security will credit, on its book entry registration and transfer system, the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with the depository, referred to as participants. Such accounts shall be designated by the dealers or underwriters with respect to such debt securities or, if such debt securities are offered and sold directly by us or through one or more agents, by us or such agents. Ownership of beneficial interests in a global security will be limited to participants or persons that hold beneficial interests through participants. Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository (with respect to interests of participants) or records maintained by participants (with respect to interests of persons other than participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limitations and laws may impair the ability to transfer beneficial interests in a global security.

So long as the depository for a global security, or its nominee, is the registered owner or holder of such global security, such depository or nominee, as the case may be, will be considered the sole owner or holder of the individual debt securities represented by such global security for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any of such debt securities in definitive form, and will not be considered the owners or holders thereof under the indenture.

Table of Contents

Payments of principal, premium, and interest with respect to individual debt securities represented by a global security will be made to the depositary or its nominee, as the case may be, as the registered owner or holder of such global security. Neither we, the trustee, any paying agent or registrar for such debt securities nor any agent of ours or the trustee will have any responsibility or liability for:

- any aspect of the records relating to or payments made by the depositary, its nominee or any participants on account of beneficial interests in the global security or for maintaining, supervising or reviewing any records relating to such beneficial interests;
- the payment to the owners of beneficial interests in the global security of amounts paid to the depositary or its nominee; or
- any other matter relating to the actions and practices of the depositary, its nominee or its participants.

Neither we, the trustee, any paying agent or registrar for such debt securities or any agent of ours or the trustee will be liable for any delay by the depositary, its nominee or any of its participants in identifying the owners of beneficial interests in the global security, and we and the trustee may conclusively rely on, and will be protected in relying on, instructions from the depositary or its nominee for all purposes.

We expect that the depositary for a series of debt securities or its nominee, upon receipt of any payment of principal, premium or interest with respect to a definitive global security representing any of such debt securities, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security, as shown on the records of the depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers and registered in "street name." Such payments will be the responsibility of such participants. Receipt by owners of beneficial interests in a temporary global security of payments of principal, premium or interest with respect thereto will be subject to the restrictions described in an applicable prospectus supplement. See "Limitation on Issuance of Securities in Bearer Form" below.

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary, we shall appoint a successor depositary. If a successor depositary is not appointed by us within 90 days, we will issue individual debt securities of such series in exchange for the global security representing such series of debt securities. In addition, we may at any time and in our sole discretion determine to no longer have debt securities of a series represented by a global security and, in such event, will issue individual debt securities of such series in exchange for the global security representing such series of debt securities. Furthermore, if we so specify with respect to the debt securities of a series, an owner of a beneficial interest in a global security representing debt securities of such series may, on terms acceptable to us, the trustee, and the depositary for such global security, receive individual debt securities of such series in exchange for such beneficial interests. In any such instance, an owner of a beneficial interest in a global security will be entitled to physical delivery of individual debt securities of the series represented by such global security equal in principal amount to such beneficial interest and to have such debt securities registered in its name (if the debt securities are issuable as securities in registered form). Individual debt securities of such series so issued will generally be issued:

- as securities in registered form in denominations, unless otherwise specified by us, of \$1,000 and integral multiples thereof if the debt securities are issuable as securities in registered form;
- as securities in bearer form in the denomination or denominations specified by us if the debt securities are issuable as securities in bearer form; or
- as either securities in registered form or securities in bearer form as described above if the debt securities are issuable in either form.

Limitations on Issuance of Securities in Bearer Form

The debt securities of a series may be issued as securities in registered form (which will be registered as to principal and interest in the register maintained by the registrar for such debt securities) or securities in bearer form (which will be transferable only by delivery). If such debt securities are issuable as securities in bearer form, the applicable prospectus supplement will describe certain special limitations and considerations that will apply to such debt securities.

Certain Covenants

If debt securities are issued, the indenture, as supplemented for a particular series of debt securities, will contain certain covenants for the benefit of the holders of such series of debt securities, which will be applicable (unless waived or amended) so long as any of the debt securities of such series are outstanding, unless stated otherwise in the prospectus supplement. The specific terms of the covenants, and summaries thereof, will be set forth in the prospectus supplement relating to such series of debt securities.

Subordination

Debt securities of a series may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors of our subsidiaries.

Events of Default

Each of the following constitutes an event of default under the form of indenture with respect to any series of debt securities:

- default in payment of the principal or premium, if any, on the debt securities of that series, when such amount becomes due and payable at maturity, upon acceleration, required redemption or otherwise;
- failure to pay interest on the debt securities of that series within 30 days of the due date;
- failure to comply with the obligations described under “—Mergers and Sales of Assets” below;
- failure to comply for 60 days after notice with any of our other agreements in the debt securities of that series or the indenture or supplemental indenture related to that series of debt securities; or
- certain events of bankruptcy, insolvency or reorganization affecting us.

A prospectus supplement may omit, modify or add to the foregoing events of default.

A default under the fourth clause above will not constitute an event of default until the trustee or the holders of 25% in principal amount of the outstanding debt securities notify us of the default and we do not cure such default within the time specified after receipt of such notice.

If any event of default (other than an event of default relating to certain events of bankruptcy, insolvency or reorganization) occurs and is continuing with respect to a particular series of debt securities, either the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of that series then outstanding by written notice to us (and to the trustee if such notice is given by the holders), may declare the principal amount of (or in the case of original issue discount debt securities, the portion thereby specified in the terms thereof), premium, if any, and accrued interest on the debt securities of that series to be immediately due and payable. In the case of certain events of bankruptcy, insolvency or reorganization, the principal amount of, premium, if any, and accrued interest on the debt securities of that series shall automatically become and be immediately due and payable without any declaration or other act on the part of the trustee or any holders.

[Table of Contents](#)

The holders of a majority in aggregate principal amount of the debt securities of any series then outstanding by notice to the trustee under the indenture may on behalf of the holders of all of such series of debt securities waive any existing default or event of default and its consequences under the applicable indenture except a continuing default or event of default in the payment of interest on, or the principal of, the debt securities of such series.

Subject to the provisions of the indenture relating to the duties of the trustee in case an event of default shall occur and be continuing, the trustee is under no obligation to exercise any of its rights or powers under the indenture or debt securities at the request or direction of any of the holders of any series of debt securities, unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability or expense. Subject to such provisions for the indemnification of the trustee, the holders of at least a majority in aggregate principal amount of the outstanding debt securities of a series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to such series of debt securities. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder of such series of debt securities or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder of debt securities of a series has any right to institute any proceeding with respect to the indenture or debt securities, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless:

- such holder has previously given to the trustee written notice of a continuing event of default with respect to such series of debt securities;
- the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and such holder or holders have offered reasonable security or indemnity against any loss, liability or expense, to the trustee to institute such proceeding as trustee; and
- the trustee has failed to institute such proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer.

However, such limitations do not apply to a suit instituted by a holder of a debt security of such series for the enforcement of payment of the principal, premium, if any, or interest on such debt security on or after the applicable due date specified in such debt security.

The indenture provides that if a default with respect to a series of debt securities occurs and is continuing and is known to the trustee, the trustee must mail to each holder of such debt securities notice of the default within 90 days after it occurs. Except in the case of a default in the principal or premium, if any, upon acceleration, redemption or otherwise with respect to any debt security of a series when such amount becomes due and payable, the trustee may withhold notice if and so long as a committee of its trust officers in good faith determines that withholding notice is in the interests of the holders.

The indenture requires us to furnish to the trustee, within 120 days after the end of each fiscal year, a statement by certain of our officers as to whether or not we, to their knowledge, are in default in the performance or observance of any of the terms, provisions and conditions of the indenture and, if so, specifying all such known defaults.

Street name and other indirect holders should consult their banks and brokers for information on their requirements for giving notice or taking other actions upon a default.

Modification and Waiver

Modifications and amendments of the indenture, any supplemental indenture and any series of debt securities may be made by us and the trustee with the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series affected by such modification or amendment.

No such modification or amendment may, without the consent of each holder affected thereby,

- make any change to the percentage of principal amount of debt securities of any series the holders of which must consent to an amendment;
- reduce the principal amount of, premium, if any, or interest on, or extend the stated maturity or interest payment periods, of any debt security;
- make any debt security payable in money or securities other than that stated in such debt security;
- make any change that adversely affects such holder's right to require us to purchase a debt security, if any;
- impair the right to institute suit for the enforcement of any payment with respect to the debt securities;
- in the case of any subordinated debt security or coupons appertaining thereto, make any change in the provisions of the indenture relating to subordination that adversely affects the rights of any holder under such provisions;
- except as provided under "—Satisfaction and Discharge of the Indenture; Defeasance", release any security that may have been granted with respect to the debt securities; or
- waive a default in payment of principal of, premium, if any, or interest on the debt securities of a series or modify any provisions of the indenture relating to modification or amendment thereof.

Without the consent of any holder, we and the trustee may amend the indenture for one or more of the following purposes:

- to evidence the succession of another person pursuant to the provisions of the indenture relating to consolidations, mergers and sales of assets and the assumption by such successor of the covenants, agreements and obligations in the indenture and in the debt securities;
- to surrender any right or power conferred upon us by the indenture, to add to our covenants such further covenants, restrictions, conditions or provisions for the protection of the holders of all or any series of debt securities as our boards of directors shall consider to be for the protection of the holders of such debt securities, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions or provisions a default or an event of default under the indenture (*provided, however*, that with respect to any such additional covenant, restriction, condition or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of any series of debt securities to waive such default);
- to cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture or in any debt securities that may be defective or inconsistent with any other provision contained therein;
- to convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as shall not adversely affect in any material respect the interests of any holders of debt securities of any series;
- to modify or amend the indenture in such a manner as to permit the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;

[Table of Contents](#)

- to add to or change any of the provisions of the indenture to provide that securities in bearer form may be registerable as to principal, to change or eliminate any restrictions on the payment of principal or premium with respect to securities in registered form or of principal, premium or interest with respect to securities in bearer form; or to permit securities in registered form to be exchanged for securities in bearer form, so as to not adversely affect the interests of the holders of debt securities or any coupons of any series in any material respect or permit or facilitate the issuance of debt securities of any series in uncertificated form;
- in the case of subordinated debt securities, to make any change in the provisions of the indenture relating to subordination that would limit or terminate the benefits available to any holder of senior indebtedness under such provisions (but only if each such holder of senior indebtedness consents to such change);
- to add guarantees with respect to the debt securities or to secure the debt securities;
- to make any change that does not adversely affect the rights of any holder;
- to add to, change, or eliminate any of the provisions of the indenture with respect to one or more series of debt securities, so long as any such addition, change or elimination not otherwise permitted under the indenture shall (a) neither apply to any debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such debt security with respect to such provision or (b) become effective only when there is no such debt security outstanding;
- to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the indenture by more than one trustee; or
- to establish the form or terms of debt securities and coupons of any series, as described under “—General” above.

Mergers and Sales of Assets

The indenture provides that we may not consolidate with or merge into any other person or convey, transfer or lease all or substantially all of our properties and assets to another person, unless among other items: (a) the resulting, surviving or transferee person (if other than us) is organized and existing under the laws of the United States, any state thereof or the District of Columbia and such person expressly assumes, by supplemental indenture, all of our obligations under all of the debt securities and the indenture; (b) we or such successor person shall not immediately thereafter be in default under the indenture; and (c) we shall have provided the trustee with an opinion of counsel and officer’s certificate confirming compliance with the indenture. Upon the assumption of our obligations by such a person in such circumstances, subject to certain exceptions, we shall be discharged from all obligations under all debt securities and the indenture (except in the case of a lease).

Satisfaction and Discharge of the Indenture; Defeasance

Unless otherwise provided for in the prospectus supplement, the indenture shall generally cease to be of any further effect with respect to a series of debt securities if (a) we have delivered to the trustee for cancellation all debt securities of such series (with certain limited exceptions) or (b) all debt securities and coupons of such series not theretofore delivered to the trustee for cancellation shall have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we shall have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all such debt securities and coupons (and if, in either case, we shall also pay or cause to be paid all other sums payable under the indenture by us).

[Table of Contents](#)

In addition, we shall have a “legal defeasance option” (pursuant to which we may terminate, with respect to the debt securities of a particular series, all of our obligations under such debt securities and the indenture with respect to such debt securities) and a “covenant defeasance option” (pursuant to which we may terminate, with respect to the debt securities of a particular series, our obligations with respect to such debt securities under certain specified covenants contained in the indenture). If we exercise our legal defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default. If we exercise our covenant defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default related to the specified covenants.

The applicable prospectus supplement will describe the procedures we must follow in order to exercise our defeasance options.

Regarding the Trustee

The indenture provides that, except during the continuance of an event of default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an event of default, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person’s own affairs.

The indenture and provisions of the Trust Indenture Act that are incorporated by reference therein contain limitations on the rights of the trustee, should it become one of our creditors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with us or any of our affiliates; *provided, however*, that if it acquires any conflicting interest (as defined in the indenture or in the Trust Indenture Act), it must eliminate such conflict or resign.

Governing Law

The indenture and the debt securities will be governed by the laws of the State of New York.

Ranking

The convertible preferred stock, with respect to dividend rights and upon liquidation, winding up or dissolution, ranks (1) junior to each class or series of our capital stock other than (a) our common stock and any other class or series of our capital stock the terms of which provide that that class or series will rank junior to the convertible preferred stock and (b) any other class or series of our capital stock the terms of which provide that that class or series will rank on a parity with the convertible preferred stock; (2) on a parity with our convertible redeemable preferred stock and each other class or series of our capital stock that has terms which provide that that class or series will rank on a parity with the convertible preferred stock; and (3) senior to our common stock and each class or series of our capital stock that has terms which provide that that class or series will rank junior to the convertible preferred stock.

Certificate of Incorporation and By-laws

Stockholders' rights and related matters are governed by the DGCL, our certificate of incorporation and our by-laws. Certain provisions of our certificate of incorporation and by-laws, which are summarized below, may have the effect, either alone or in combination with each other, of discouraging or making more difficult a tender offer or takeover attempt that is opposed by our board of directors but that a stockholder might consider to be in its best interest. Such provisions may also adversely affect prevailing market prices for our common stock. We believe that such provisions are necessary to enable us to develop our business in a manner that will foster our long-term growth without disruption caused by the threat of a takeover not deemed by our board of directors to be in our best interests and those of our stockholders.

Classified Board of Directors and Related Provisions

Our certificate of incorporation provides that our directors, other than those directors who may be elected by holders of any series of preferred stock are divided into three classes of directors as nearly equal in number as possible. The term for each class is three years. Class terms expire on a rolling basis, so that one class of directors is elected each year. The classified board provisions will prevent a party who acquires control of a majority of our outstanding voting stock from obtaining control of our board of directors until the second annual stockholders meeting following the date such party obtains the controlling interest. Voting stock is defined in our certificate of incorporation as the outstanding shares of our capital stock entitled to vote in a general vote of our stockholders as a single class with shares of common stock.

No Stockholder Action by Written Consent; Special Meeting

The certificate of incorporation prohibits stockholders from taking action by written consent in lieu of an annual or special meeting, and, thus, stockholders may only take action at an annual or special meeting called in accordance with our by-laws. The by-laws provide that special meetings of stockholders may only be called by our secretary, chief executive officer or president at the direction of our board of directors under a resolution adopted by the board or by the chief executive officer.

These provisions could have the effect of delaying consideration of a stockholder proposal until the next annual meeting. These provisions would also prevent the holders of a majority of the voting power of our capital stock entitled to vote from unilaterally using the written consent procedure to take stockholder action.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our by-laws establish advance notice procedures for stockholder proposals and the nomination, other than by or at the direction of the board of directors, of candidates for election as directors. These procedures provide that the notice of stockholder proposals and stockholder nominations for the election of directors at an annual meeting must be in writing and received by our secretary at least 90 days but not more than 120 days prior to the first anniversary of our preceding year's annual meeting. However, if the date of our annual meeting is more than 30 days earlier than, or more than 90 days later than, the anniversary date of our preceding year's annual

[Table of Contents](#)

meeting, notice by a stockholder will be considered timely if it is delivered not earlier than the 120th day prior to such annual meeting and not later than the later of the 90th day prior to such annual meeting or the 10th day following the day on which public disclosure of the date of the annual meeting was made. The notice of nominations for the election of directors must set forth certain information concerning the stockholder giving the notice and each nominee.

By requiring advance notice of nominations by stockholders, these procedures will afford our board of directors an opportunity to consider the qualifications of the proposed nominees and, to the extent deemed necessary or desirable by the board of directors, to inform stockholders about these qualifications. By requiring advance notice of other proposed business, these procedures will provide our board of directors with an opportunity to inform stockholders of any business proposed to be conducted at a meeting, together with any recommendations as to the board of directors' position on action to be taken on such business. This should allow stockholders to better decide whether to attend a meeting or to grant a proxy for the disposition of any such business.

Dilution

Our certificate of incorporation provides that our board of directors is authorized to create and issue, whether or not in connection with the issuance and sale of any of its stock or other securities or property, rights entitling the holders to purchase from us shares of stock or other securities of us or of any other corporation. Our board of directors is authorized to issue these rights even though the creation and issuance of these rights could have the effect of discouraging third parties from seeking, or impairing their right to seek, to:

- acquire a significant portion of our outstanding securities;
- engage in any transaction which might result in a change of control of the corporation; or
- enter into any agreement, arrangement or understanding with another party to accomplish these transactions or for the purpose of acquiring, holding, voting or disposing of any of our securities.

Amendments

Our certificate of incorporation and by-laws provide that we may amend, alter, change or repeal any provision contained in our certificate of incorporation or a preferred stock designation. However, the affirmative vote of the holders of at least 80% of the voting power of the then outstanding voting stock, voting together as a single class, is required to amend, repeal or adopt any provision inconsistent with certain provisions of our certificate of incorporation, including the provisions discussed above relating to the classification of our board of directors, the issuance of stockholder rights, prohibiting stockholder action by written consent, and prohibiting the calling of special meetings by stockholders.

Our by-laws may be amended by either the holders of 80% of the voting power of the voting stock or by the majority of the board, but the board may alter, amend or repeal or adopt new by-laws in conflict with certain of the by-law provisions only by a two-thirds vote of the entire board.

Section 203 of the Delaware General Corporation Law

We are subject to the provisions of Section 203 of the DGCL which generally prohibit certain transactions between a Delaware corporation and an interested stockholder for a period of three years after the date such interested stockholder acquired its stock, unless:

- the business combination is approved by the corporation's board of directors prior to the date the interested stockholder acquired shares;
 - the interested stockholder acquired at least 85% of the voting stock of the corporation in the transaction in which it became an interested stockholder;
- or

[Table of Contents](#)

- the business combination is approved by a majority of the board of directors and by the affirmative vote of two-thirds of the outstanding voting stock owned by disinterested stockholders at an annual or special meeting.

A business combination is defined broadly to include mergers, consolidations, sales or other dispositions of assets having an aggregate value of 10% or more of the consolidated assets of the corporation, and certain transactions that would increase the interested stockholder's proportionate share ownership in the corporation. In general, Section 203 defines an interested stockholder as an entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

Limitations of Directors' Liability

Our certificate of incorporation provides that none of our directors will be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director except for liability:

- for any breach of the director's duty of loyalty to us or our stockholders,
- for acts of omissions not in good faith or which involve intentional misconduct or a knowing violation of law,
- under Section 174 of the DGCL, or
- for any transaction from which the director derived an improper personal benefit.

The effect of these provisions will be to eliminate our rights and the rights of our stockholders (through stockholders' derivatives suits on behalf of us) to recover monetary damages against a director for breach of fiduciary duty as a director (including breaches resulting from grossly negligent behavior), except in the situations described above. These provisions will not limit the liability of directors under federal securities laws and will not affect the availability of equitable remedies such as an injunction or rescission based upon a director's breach of his duty of care.

Transfer Agent

The Transfer Agent and Registrar for the common stock is BNY Mellon Shareowner Services.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities, preferred stock or common stock. Warrants may be issued independently or together with debt securities, preferred stock or common stock offered by any prospectus supplement and may be attached to or separate from any such offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The following summary of certain provisions of the warrants does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the warrant agreement that will be filed with the SEC in connection with the offering of such warrants.

The prospectus supplement relating to a particular issue of warrants will describe the terms of such warrants, including the following:

- the title of such warrants;
- the offering price for such warrants, if any;
- the aggregate number of such warrants;
- the designation and terms of the securities purchasable upon exercise of such warrants;
- if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;
- if applicable, the date from and after which such warrants and any securities issued therewith will be separately transferable;
- the principal amount of debt securities purchasable upon exercise of a warrant and the price at which such principal amount of debt securities may be purchased upon exercise (which price may be payable in cash, securities, or other property) and the number of shares of common stock or preferred stock purchasable upon exercise of a warrant and the price at which such shares may be purchased upon exercise;
- the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;
- if applicable, the minimum or maximum amount of such warrants that may be exercised at any one time;
- whether the warrants represented by the warrant certificates or debt securities that may be issued upon exercise of the warrants will be issued in registered or bearer form;
- information with respect to book-entry procedures, if any;
- the currency or currency units in which the offering price, if any, and the exercise price are payable;
- if applicable, a discussion of material United States federal income tax considerations;
- the antidilution provisions of such warrants, if any;
- the redemption or call provisions, if any, applicable to such warrants; and
- any additional terms of such warrants, including terms, procedures, and limitations relating to the exchange and exercise of such warrants.

PLAN OF DISTRIBUTION

We and any selling security holder may offer and sell the securities covered by this prospectus from time to time, in one or more transactions, at market prices prevailing at the time of sale, at prices related to market prices, at a fixed price or prices subject to change, at varying prices determined at the time of sale or at negotiated prices, by a variety of methods, including the following:

- through agents;
- to or through underwriters;
- in “at the market offerings,” within the meaning of Rule 415(a)(4) under the Securities Act, to or through a market maker or into an existing trading market, on an exchange or otherwise;
- through brokers or dealers;
- directly by us or any selling security holders to purchasers, including through a specific bidding, auction or other process; or
- through a combination of any of these methods of sale.

Registration of the securities covered by this prospectus does not mean that those securities necessarily will be offered or sold.

In effecting sales, brokers or dealers engaged by us may arrange for other brokers or dealers to participate. Broker-dealer transactions may include:

- purchases of the securities by a broker-dealer as principal and resales of the securities by the broker-dealer for its account pursuant to this prospectus;
- ordinary brokerage transactions; or
- transactions in which the broker-dealer solicits purchasers.

In addition, we and any selling security holder may sell any securities covered by this prospectus in private transactions or under Rule 144 of the Securities Act rather than pursuant to this prospectus.

We may sell offered securities through agents designated by us from time to time. Any agent in the offer or sale of the securities for which this prospectus is delivered will be named, and any commissions payable by us to that agent will be set forth, in the prospectus supplement. Unless indicated in the prospectus supplement, the agents will have agreed to use their reasonable best efforts to solicit purchases for the period of their appointment.

In connection with the sale of securities covered by this prospectus, broker-dealers may receive commissions or other compensation from us in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the securities for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker-dealer may be in excess of customary commissions or in amounts to be negotiated. In connection with any underwritten offering, underwriters may receive compensation in the form of discounts, concessions or commissions from us or from purchasers of the securities for whom they act as agents. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Any underwriters, broker-dealers agents or other persons acting on our behalf that participate in the distribution of the securities may be deemed to be “underwriters” within the meaning of the Securities Act, and any profit on the sale of the securities by them and any discounts, commissions or concessions received by any of those underwriters, broker-dealers agents or other persons may be deemed to be underwriting discounts and commissions under the Securities Act.

In connection with the distribution of the securities covered by this prospectus or otherwise, we or any selling stockholder may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our securities in the course of hedging the positions they assume with us or any selling stockholder. We or any selling stockholder may also sell securities short and deliver the securities offered by this prospectus to close out our short positions. We or any selling security holder may also enter into option or other transactions with broker-dealers or other financial institutions, which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus, as supplemented or amended to reflect such transaction. We or any selling security holder may also from time to time pledge our securities pursuant to the margin provisions of our customer agreements with our brokers. Upon our default, the broker may offer and sell such pledged securities from time to time pursuant to this prospectus, as supplemented or amended to reflect such transaction.

At any time a particular offer of the securities covered by this prospectus is made, a revised prospectus or prospectus supplement, if required, will be distributed which will set forth the aggregate amount of securities covered by this prospectus being offered and the terms of the offering, including the name or names of any underwriters, dealers, brokers or agents, any discounts, commissions, concessions and other items constituting compensation from us and any discounts, commissions or concessions allowed or reallocated or paid to dealers. Such prospectus supplement, and, if necessary, a post-effective amendment to the registration statement of which this prospectus is a part, will be filed with the SEC to reflect the disclosure of additional information with respect to the distribution of the securities covered by this prospectus. In order to comply with the securities laws of certain states, if applicable, the securities sold under this prospectus may only be sold through registered or licensed broker-dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from registration or qualification requirements is available and is complied with.

In connection with an underwritten offering, we and any selling stockholder would execute an underwriting agreement with an underwriter or underwriters. Unless otherwise indicated in the revised prospectus or applicable prospectus supplement, such underwriting agreement would provide that the obligations of the underwriter or underwriters are subject to certain conditions precedent, and that the underwriter or underwriters with respect to a sale of the covered securities will be obligated to purchase all of the covered securities, if any such securities are purchased. We or any selling security holder may grant to the underwriter or underwriters an option to purchase additional securities at the public offering price, less any underwriting discount, as may be set forth in the revised prospectus or applicable prospectus supplement. If we or any selling security holder grants any such option, the terms of that option will be set forth in the revised prospectus or applicable prospectus supplement.

Underwriters, agents, brokers or dealers may be entitled, pursuant to relevant agreements entered into with us, to indemnification by us or any selling security holder against certain civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact, or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the underwriters, agents, brokers or dealers may be required to make.

The validity of the securities offered in this prospectus and any related prospectus supplement and certain legal matters will be passed upon for us by Cravath, Swaine & Moore LLP, New York, New York. If the securities are being distributed in an underwritten offering, certain legal matters will be passed upon for the underwriters by counsel identified in the related prospectus supplement.
